

Mme. SCHUMANN - HEINK

THE WORLD'S GREATEST CONTRALTO

Pays Tribute to the STEINWAY

The World's Greatest Piano
Under date of Aug. 26th, 1905, she writes from Ludlow, Yonkers, New York, as follows:

"The Steinway Pianos are like living beings, with hearts and souls. Not only do they inspire the world by their glorious tones, but they share the heart's pleasures and sorrows. How often did I find solace and renewed courage in troubled hours in the heavenly harmonies of my Steinway Piano! May it flourish and prosper, an everlasting joy to all feeling mankind!"

Madame Schumann-Heink will be heard in concert at the new Brandeis theater on November 7, where music lovers will have the best opportunity to witness that rare co-operation for satisfactory results between artist and instrument. Do not fail to take advantage to hear the world's greatest contralto, supported by the world's greatest piano—the Steinway.

We carry at all times a complete stock of Grands and Uprights of these world renowned instruments, and Nebraskans are no longer forced to go east to obtain a satisfactory selection. We guarantee New York prices, and arrange moderate monthly payments, if desired.

DOLLAR GAS IN LIMELIGHT

Commissioner Ryder and Judge Baker Confer with Gas Officials.

CITY WANTS A TEN-YEAR DEAL

Company to Give Dollar Gas for Ten Years and City Abolishes the Two Per Cent Occupation Tax on Receipts.

A tentative program by which consumers will secure dollar gas was submitted by President Hamilton and W. T. Doukitt of the gas company yesterday to Police Commissioner Ryder, City Corporation Counsel Baker, Assistant City Attorney Lambert and City Commissioners Butler and Withell.

This plan, now under advisement by city officials, is if the company will guarantee dollar gas to consumers for a period of ten years the city will abolish the present occupation tax of 2 per cent on gross receipts, the fixed charge of 5 cents per 1,000 cubic feet, and will undertake to discharge all taxes against the company with the income of 1 per cent on gross receipts paid directly to the city, and 2 per cent to cover all taxation.

To this plan the company agrees with the exception that whenever the total of 10 per cent on the gross receipts fails to meet all tax demands the deficiency shall be made up by an extra charge to private consumers. The city absolutely refused to consider this counter offer, standing firm on the demand for dollar gas for the full period of ten years.

During the conference the gas company officials alleged that their total expenditures for all taxable purposes amounted to 15 cents on each 1,000 feet of gas sold to consumers. The 10 per cent on the gross receipts, owing to the fixed minimum meter charge, is equivalent to this 15 cents per 1,000 cubic feet.

"We are standing firm for dollar gas," said Judge Ben Baker, following the conference, "and will accept nothing that does not guarantee dollar gas to consumers for the entire period of ten years. We are not opposed to a ten-year contract, although we have discussed the advisability of granting such a contract for five years only."

Are Near Agreement.
The city and the company have never before been so near to agreement and it is now believed that a compromise is certain and that the suit pending to enforce the enforcement of the dollar gas ordinance will ultimately be dismissed.

Further conferences will be held and each side will seek to agree upon some basis. The gas company now asserts that the plan is of greater value than that fixed by the appraiser secured to appraise the property. The city believes after its legal representatives have gone carefully into the detailed report of the appraiser, that his figures are accurate and will seek to secure a compromise on the basis of the valuation returned by him.

No matter what action is taken, in the end the city will be compelled to go before the legislature this winter and ask for permission to enter into the agreement. It will then be necessary to put the matter to a vote of the people.

Orphan Girl Tells of Her Experiences With Counterfeiters

ST. LOUIS, Nov. 2.—Ollie Stevens, the 16-year-old girl arrested last night in a raid on a house filled with counterfeit apparatus and spurious dollars and dimes, today told of her experiences and expressed willingness to expose in court the three men arrested with her.

One of the men, Ira A. Campbell, 62 years old, posed as the father of the girl. She said that six years ago Campbell took her from an orphan asylum at Council Bluffs, Ia., and adopted her, though he was unmarried. Since then she has accompanied him around the country.

Campbell and the girl, she said, lived recently in Morgan county, Missouri. Six weeks ago, while they were on a farm near Slaver, Mo., they were joined by Ben Somers and Thomas J. Johnson and the four perfected dies and began to make dollar and dime out of antimony and tin foil. Some of the money was passed in the neighborhood, but more was spent in Kansas City and here.

The girl is a cripple and in poor health. The police matron is taking care of her.

Sinking of Cruiser By Greeks is Marked By Unusual Daring

ATHENS, Nov. 2.—Lieutenant Vothis, commander of the torpedo boat which last night sank the Turkish battleship Peth-i-Dulad at Salonki, today sent the following report of the incident to the government:

"The forts of Karabum were flashing their searchlights unceasingly between the estuary of the Karavotanos and the mouth of the Vardar rivers, but I passed safely in. Making full steam for Salonki I arrived at 11:30 o'clock in the evening.

"I discovered a Turkish cruiser at the left extremity of a pier. At the right extremity were other vessels, including a Russian warship. I maneuvered cautiously and escaped detection and launched a torpedo at a distance of 150 meters from the starboard side of my vessel. Then turning slightly to the left I launched another from the port side. Then I steamed away at full speed to a safe distance and again turning I discharged a third torpedo at the breakwater.

"Then such an explosion was heard that we thought a cannon had been fired on land. After the first explosion we noticed lights moving about on the cruiser and heard whistles being blown. The officers' quarters were lit up by the explosion, which occurred at a spot a little forward of the right funnel.

"The volume of smoke poured from the funnel and the vessel lurched forward by the bows. I then departed at full speed, passing in front of Karabum, which certainly had been apprised of the event from Salonki, as the fortresses blazed all of its searchlights.

Court Declines to Listen to Caruso

SALEM, Mass., Nov. 2.—Joseph Etkor, leader of the Lawrence textile workers last winter, who, with Arturo Giovannitti and Joseph Caruso, is on trial here charged with responsibility for the murder of Anna Loppo, sought to make a personal statement to the court today just before opening remarks for the defense began. His request was denied and Judge Quinn ordered counsel for the defendants to proceed.

After the commonwealth had closed its case, Judge Quinn designated W. Scott Peters, attorney for Giovannitti, and J. H. Blak, counsel for Caruso, to make the opening statements for the defense. He first directed that but one attorney should speak for all, but when Blak explained that his client was charged as principal and the others as accessories, and that he would like to present a separate statement, the court permitted him to do so. J. P. S. Mahoney, counsel for Etkor, protested, but was overruled.

Port of Acapulco Destroyed by Storm

SAN JUAN DEL SUR, Nicaragua, Nov. 1.—The seaport of Acapulco on the Pacific coast of Mexico was virtually destroyed by a severe hurricane on Wednesday night, according to wireless dispatches received here. Four-fifths of the town was shattered and the American consulate was damaged, the consular records being damaged by rain. No lives were lost, but a number of natives were injured.

Several small craft in the harbor were wrecked, but the United States cruiser Maryland, which was lying there, was not injured. The United States cruiser Cleveland, which was in the vicinity, did not suffer.

Telegraphic communication with Acapulco is interrupted. The consular records being damaged by rain. No lives were lost, but a number of natives were injured.

Grabow Riot Case Soon to Go to Jury

LAKE CHARLES, La., Nov. 1.—"If you doubt that the union men were prepared for trouble," said Congressman Arsene P. Pulo in his argument for the state today in the Grabow murder trial, "consider the 167 bullet holes in the sides of the mill office."

He also contended that all the attendant circumstances proved that the union men were the aggressors in the battle.

The case of the nine defendant members of the Brotherhood of Timber Workers is expected to go to the jury tomorrow afternoon. Four arguments were completed today, one by the state and three by the defense, leaving for tomorrow only one concluding argument for each side and the charge to the jury by Judge Overton.

Cardinal Respighi Resigns Vicariate

PARIS, Nov. 2.—The Marin says that Cardinal Respighi, vicar general to Pope Pius, has resigned, following an inquiry ordered by the pope into the administration of the chancellor of the vicariate, Monsignor Faberi, which it is alleged, established favoritism. The cardinal, according to the Marin, deemed himself responsible for his subordinate's action and tendered his resignation.

Body of Woman in Auto Party is Found in River

SIoux CITY, Ia., Nov. 2.—The body of a woman answering the description of Bertha Holbrook, one of the members of the missing Miller automobile party, was taken from the Missouri river south of Winnebago, Neb., today. Chief of Detectives Richards says there is no doubt but the body is that of the Holbrook woman. He said it proves the theory of the police that the party, which included Ida Hall of Omaha, Bertha Holbrook and George Miller of Sioux City, and Frank J. Stanger and "Louie" Ludwig of Danbury, Ia., were drowned while on their way from Sioux City to Omaha on the night of October 4. Miller's body was found last Tuesday.

Roosevelt Speaks For Candidates on York State Ticket

NEW YORK, Nov. 2.—Colonel Theodore Roosevelt for the second time in three days tonight addressed an immense audience in Madison Square Garden. There had preceded him to the garden through the medium of Comptroller William A. Prendergast, chairman of the meeting, a request that no effort be made by the crowd to cheer him beyond the limit of time recorded last night in the same hall to Governor Wilson.

"When Colonel Roosevelt raised his left hand," Mr. Prendergast said, "he asks you to let him proceed with his speech because he desires a record next Tuesday in the voting, rather than a record tonight in the duration of the cheers."

Oscar S. Brown, candidate for governor, and other state speakers had held the stage until 9:30 o'clock when the colonel arrived. He was wildly cheered as he forced his way to the front of the platform and waved a welcome to all parts of the hall.

It was twenty-five minutes before his uplifted hand brought the cheering to an end.

When he could finally make himself heard he declared, declaring that he spoke in behalf of the progressive state and local tickets of New York, talked for more than an hour, his voice strong and his strength apparently unimpaired by the effort. Success in the state, he declared, was essential to the progressive success throughout the nation.

Senate Attacked as Citadel of Privilege by Governor Wilson

ROCHESTER, N. Y., Nov. 2.—Governor Woodrow Wilson in his speeches here tonight directed an attack on the United States senate as a "citadel of privilege," declaring the people had not had possession of that body for a generation.

The speaker said confusion and incessant contest would result in the next four years with a postponement of legislation unless both houses of congress as well as the presidency were "democratic through and through."

Symptoms Are Warnings to Wise Men.

The publication of the prescription of a famed physician would prove fruitless to hundreds of men if unable to recognize the necessity for its use. It is not the intention of the writer of this to mislead or frighten by painting the horrors suffered by the prematurely aged, but rather to let the desire to state plain facts. The peculiar affliction which destroys ambition, organic strength, energy and hope is accompanied by some of the following symptoms, if not by all: Dull sunken eyes (thinness or abnormal fatness), cold extremities, backache, weakness in the spine, twitching, spots before the eyes, pains in back of head, headache, trembling, fatigue, shrinking of the skin, flabby flesh, impaired memory, indigestion, loss of appetite, constipation, kidney derangements and a general unpreparedness for emergencies of all sorts.

The right kind of medical treatment will effectually overcome such warning symptoms and restore normal conditions if persistently used for a few short weeks.

Any one can buy the ingredients and mix the medicines of this prescription at home as it contains no poisonous opiates whatever.

The instructions for mixing at home secretly so that no embarrassment may be felt, are as follows: First get three ounces of sassafras compound and one ounce compound fluid balsam; mix and let stand two hours. Then add one ounce compound essence cardui and one ounce tincture cadomene compound (not cardamon), and mix all together. The directions are to take one teaspoonful after each meal and one when retiring, until bounding health and full strength are restored. Even a few weeks will witness most wonderful results.

Wyoming Convicts, Caught After Chase, Are Killed by Posse

RAWLINS, Wyo., Nov. 2.—Richardson and Backstrom, two of the convicts who escaped from the Wyoming penitentiary here on October 13, were killed by a posse last night near Powder Springs, on the Colorado-Wyoming line, according to a telephone message received here late this afternoon.

A fierce battle took place when the posse, headed by Sheriff Torrill and Deputy Sheriff Ogee, finally cornered the fugitives after a chase of more than two weeks. Burke, a third convict, escaped and has not been captured. None of the posse was shot.

Richardson, Backstrom and Burke, three of the most desperate among the eight convicts who escaped on October 13, killing one citizen and stabbing another, had remained together in their flight through the hills southward toward Colorado, eluding the pursuers time after time. All three were armed, and they stole food and ammunition along the way. Several posses have been constantly on their trail, but they succeeded in keeping ahead of their pursuers until last night.

The bodies of the dead convicts will be brought to Rawlins. The pursuit of Burke will be continued.

Resources of Banks Largest in History

WASHINGTON, Nov. 2.—Lawrence O. Murray, comptroller of the currency, today issued a statement indicating that the resources of the banks in the United States—national, state and private—are the highest in history.

According to reports of their conditions on June 14, the comptroller announced \$3,000 of the \$3,000 banks in the country show aggregate resources of \$24,000,000,000, an increase of \$1,250,000,000 over the resources of \$22,750,000,000 bank returns in 1911.

The total individual deposits amounted to \$17,612,000,000, an increase of \$1,106,700,000. The 4,000 banks from which no reports were received by the comptroller were chiefly brokerage concerns, with an estimated aggregate capital of \$79,000,000.

OKLAHOMA TAFT MAN IS WORKING FOR HADLEY

GUTHRIE, Okl., Nov. 2.—(Special Telegram.)—Governor Herbert Hadley of Missouri is the choice of National Committee J. A. E. Harris of Guthrie, the Taft manager in Oklahoma, for vice president to succeed the late James S. Sherman on the republican ticket. Harris said tonight he will attend the committee meeting in Chicago.

"I believe Governor Hadley would be the choice of both the progressive and regular republicans in Oklahoma if left to a vote," said Mr. Harris tonight, but the time is too short for a vote to be taken. We no longer have a split in the republicans in this state. Indications are good for the selection of the entire republican ticket next Tuesday and the reelection of Hadley will tend still further to cement all the republicans.

"The large number of Missourians in Oklahoma is another excellent reason for Oklahoma to be for Hadley and the strong republican showing made by Missouri in the past entities that state to this recognition of her favorite son."

MAN WHO WANTED HANGING HAS HIS REQUEST GRANTED

OSARK, Ark., Nov. 1.—Percy Glabbits, aged 34, was hanged here today for the murder of his wife at Ark. last August. Glabbits' trial came to a sensational close when he suddenly took his case out of the hands of his attorney and, addressing the jury, pleaded with them to give him the maximum sentence, saying that he believed in the law of "an eye for an eye and a tooth for a tooth." In killing his wife Glabbits used a knife, a pistol and an ax.
