BULLETIN.
LONDON, Nov. 4.—The Turkish army occupying the line from Teherlu to Istranda was repulsed today by the Bulgarians on the eastern flank, according to a news agency dispatch from Sofia.

LONDON, Nov. 4.—The Turkish ambassador here has been directed by the Ottoman government to inform Great Britain of Turkey's willingness to receive assistance in bringing about a suspension of hostilities with a view of arriving at a peace settlement.

Tewfik Pasha, immediately on receipt of the communication from Constantinople, went to the Foreign office and conferred with Sir Edward Grey, the British foreign minister, for two hours.

The Balkan nations and Greece are persistent in their determination that Turkey must arrange directly with them the terms of peace without the intervention of the European powers. This attitude is emphasized in a statement from official sources, which says:

"The Turkish proposal of peace is satisfactory in so far as it shows a desire to prevent further bloodshed.

"As regards foreign intervention, however, there seems to be no chance of the Balkan states listening to any foreign counsels while treating for the arrangement of conditions of peace. These must be settled between the Balkan states and Turkey direct.

"It may at this stage be declared that the whole campaign was pre-arranged and has so far been carried out entirely in accordance with the program. For a considerable time an officer of the Greek military staff, Colonel Doumanis, was engaged at Sofia preparing the military details, while the political program was largely if not entirely the work of Premier Venizelos of Greece.

"The union of the Balkan states at this moment is more close, hearty and intimate than it has ever been, for it has been welded by blood and common sacrifice. There is not the least danger of any disagreement as to the direction of territory or the positions of the frontiers which will be assumed, as the details of the campaign were arranged with the greatest care and the same procedure will be followed both at the conclusion of hostilities and subsequent political considerations."

Powers Will Not Ask Armistice.
Those powers thus far consulted have responded to Turkey's appeal for mediation by declaring that they could make only proposals for peace and could not approach the Balkan nations with a request for an armistice.

Some of the governments have pointed out that Turkey's proposal for a cessation of hostilities—in other words, an armistice—would offend the Balkan victors. Other governments take the position that it would be an infringement of international law for the moment.

The war must, therefore, continue, and the Turkish position, which the Porte has at least admitted have been beaten, must keep on with their unequal struggle against the victorious invaders.

It is hoped and believed still that the powers will soon find a formula under which they can offer their good offices.

The terms of peace themselves are a

Bodies of Marines Killed in Nicaragua Are Brought Home

SAN FRANCISCO, Nov. 4.—The Pacific Mail liner San Juan is in port here today with the bodies of seven men of the United States navy, who were killed in the revolution in Nicaragua a month ago.

Three were killed in the engagement of Barranca Hill and four were killed in Leon.

The bodies are of Charles H. Durham, Junction City, Ky.; Clarence H. McGill, Portland, Me.; Harry Pollard, Medway, Mass.; Ralph B. Bobbett, Nevada City, Cal., all marine corps men; R. G. Morgan, turret captain United States ship Colorado, Los Angeles; E. H. Bourgeois, seaman United States ship Colorado, Boerne, Tex.; John Bartel, seaman on the Colorado.

Reports at Corinto when the San Juan left that port three weeks ago were that the revolution practically was crushed, and that the six United States war vessels would return north in about a month. It was said that marines would remain in Nicaragua about a month.

Mrs. Catt Predicts Suffrage for Women Throughout World

SAN FRANCISCO, Cal., Nov. 4.—Votes for women the world over and that soon is the prediction made by Miss Carrie Chapman Catt, president of the International Woman's Suffrage Alliance, who arrived from the Orient today after campaigning and investigating conditions among women in Europe, Africa, Asia and Polynesia.

"Women are voting today in parts of China and in Burma, where they are led by a Buddhist woman of great ability," she said.

"In Persia the movement toward equal suffrage is strong and at the next international congress of the alliance it is probable a Persian delegate will be sent.

"Even in Africa, Java, Sumatra and the Philippines, the tendency of the times can be felt, even if it is not an on-rushing river as it is elsewhere."

On national politics Mrs. Catt's only comment was that she was glad to have Colonel Roosevelt's support, even if he were a late convert.

Officers Take Each Other for Criminals; Both Fatally Injured

HOBOKEN, N. J., Nov. 4.—As a result of a fight before daylight between a Jersey City and a Hoboken policeman, each of whom suspected that the other was a dangerous criminal, the two men are in the North Hudson hospital, one with a fractured skull and the other with four bullet wounds in the breast. Both will die. In the fight one of the policemen depended on a night stick, and the other used his revolver at close range.

The two policemen are Stephen Costello of Jersey City and John Dietrich of West Hoboken. When they were picked up after the fight both were unconscious and it was not until several hours later that the first version of the strange fight could be obtained from the participants.

Union Pacific and Coal Trust Cases Again Postponed

WASHINGTON, Nov. 4.—The supreme court today again adjourned without announcing decisions in the hard coal trust, Union Pacific merger or state rate cases.

WOMAN DRAGGED ALONG ELEVATED RAILROAD TRACK

BOSTON, Nov. 4.—Caught in an arm in the car door of an elevated train at the South station yesterday, Miss Mary Leosour of Tacoma, Wash., was dragged from the platform and carried along the elevated structure for fully fifty feet suspended forty feet above the ground. She was unconscious when rescued.

MORE FREIGHT CARS ARE PAID HERE

Shortage at This Time is Felt Much More in the East Than in Country West of the Missouri River.

CRITICAL ALONG ATLANTIC COAST

Thousands of Cars Loaded With Export Grain in the Gulf Section.

LIMITED WAREHOUSE CAPACITY

Boats Unable to Handle Vast Stores of Grain Ready for Shipment.

ADVANCE DEMURRAGE CHARGES

Railroad Men Think by Increasing This Rate Materially the Situation Would Be Entirely Different.

The action of the Interstate Commerce commission in proposing some kind of a drastic plan to relieve the freight car shortage is not disturbing the officials of the Omaha roads, they contending that the situation west of the Missouri river is but little worse than usual at this season of the year. According to them the real critical conditions exist along the Atlantic seaboard and at gulf ports.

J. A. Munroe, general traffic manager of the Union Pacific, returned yesterday from the east, where he had been, and in discussing the situation, said that along the Atlantic coast the condition of freight cars is something, the like of which has never before been experienced. At Atlantic ports at this time, according to Mr. Munroe, there are estimated to be not less than 10,000 cars loaded with stuff for export. The boats are unable to handle the vast quantities that are rapidly accumulating and the warehouse facilities are totally inadequate to take care of it.

Many Cars at Gulf.
Along the gulf coast the situation is equally as bad, only there the greater portion of the shipments for export are grain. When notice was given some days ago that the 15¢ cent per 100 pounds on wheat for export was to be cancelled, grain commenced to pour into New Orleans, Galveston and other gulf ports at the rate of hundreds of trains per day, with the result that the elevators were soon filled to capacity and as there were not enough boats in port to take care of the shipments, the grain was kept in the cars. At this time the Missouri Pacific, alone has close to 3,000 cars tied up along the gulf, all loaded with grain and no possibility of their being unloaded in the near future.

Local roads see relief so far as cars of coal is concerned. During the last month they have had all their stock cars in service moving live cattle and sheep off the ranges to market. This week will see the end of this movement, with the exception of stock from Utah and Colorado and then thousands of cars will be released for coal.

The local roads have a fairly good supply of closed cars for handling grain east and merchandise back, but none to spare. However, they are not where they have any fear of the result of any order that the commission may issue.

Abbott Out Looking After the Interests of Omaha Indians

F. H. Abbott of the Indian department spent most of yesterday in Omaha, leaving for the Winnebago and Omaha Indian reservations during the evening.

While in Omaha Mr. Abbott met a number of the local jobbers and assured them that he is doing everything in his power to facilitate the shipment of goods from the Omaha Indian supply depot.

The purpose of Mr. Abbott's visit to the Winnebago and Omaha Indians is to look into the question of taxation of the property of the members of these two tribes. This is the first time in history that their property has been listed for taxation and Mr. Abbott wants to be sure that they are getting a square deal. The listing of the Indian land for taxation gives Thurston county the revenue from close to 1,000,000 acres of land that heretofore has not paid taxes.

Bryan's Son is Elected President

WASHINGTON, Nov. 4.—On the eve of a national presidential election, William Jennings Bryan, Jr., today is celebrating a victory that his distinguished father failed to win for the son of the Nebraskaan is now president, although it is only of the freshman law class of Georgetown university. The members of the class will meet next Saturday to elect the remainder of the class officers. No "steam roller" methods were employed in young Bryan's election, the electors joining in common cause against the upper classmen who tried to break up the class meeting.

NEW RULE ON INJUNCTIONS

Supreme Court Makes Radical Change in Procedure.

FULL NOTICE IS REQUIRED

Other Amendments Are Intended to Reduce the Cost of Litigation and to Eliminate the Law's Delay.

WASHINGTON, Nov. 4.—Revolutionary changes in procedure in equity cases in federal courts throughout the United States are effected in revised rules promulgated today by the supreme court of the United States. The object is to reduce the cost of litigation and to eliminate delay.

The new rules is one which would prohibit issue of preliminary injunctions without notice to the opposite party and also restricting issues of temporary restraining orders.

The new rules were announced by Chief Justice White from the bench. One of the tasks undertaken by him when he was appointed chief justice was to reform procedure in the courts. He first revised the rules of the supreme court itself.

First Change in Half Century.
For seventeen months the chief justice and Justices Lurton and Vandevanter have been working on the equity rules as a subcommittee of the court. The present rules came down from the courts of England with only one or two revisions since the beginning of the republic. The last revision was about fifty years ago.

The chief justice particularly thanked the lord chancellor of England for suggestions in the revision.

Chief Justice White, explaining the rules under four or five heads. One was in regard to the exercise of power by the federal courts in equitable matter.

Another was described as being defined primarily to remove all unnecessary steps in modes of pleading and to bring the parties quickly to the issue.

Another was described as being a restriction in the modes of taking testimony, particularly in patent and copyright cases.

"The real intention has been," said the chief justice, "to bring the taking of testimony down to a more simplified and inexpensive method."

WOMAN WHO CONFESSED TWO MURDERS IS SANE

LOS ANGELES, Cal., Nov. 4.—Mrs. Pansy Hastings Lesh, who is in jail here awaiting removal to Sedalia, Mo., where she probably will be tried for the murder by poisoning of Mrs. Edna Coe of that city and Mrs. M. A. Quintance of Greenbridge, Mo., a half dozen years ago, was declared sane today by Dr. James T. Fisher, a prominent alienist. Threats of exposure made by Warren C. Lesh, the young woman's husband, are believed by the police to have influenced Mrs. Lesh to surrender herself and confess her crimes in addition to her expressed desire to "start life over again with a clean slate."

"My husband and I never agree," she said, and when I found a piece as housekeeper at the home of M. A. Junker, who is foundry foreman for a machinery company, he got jealous."

MURDER AND SUICIDE IN CLEVELAND STORE

CLEVELAND, O., Nov. 4.—Angered because she had spurned his attentions, Antonio J. Opatto, an Italian, shot and killed Martha Haller, a 17-year-old sales girl, in a department store today and then committed suicide. The store was crowded at the time of the shooting and several women faint.

VOTERS' VOICE TODAY CALLS HALT TO FIGHT WAGE BY BIG THREE

Taft, Wilson and Roosevelt Continue Appeals to People Almost to Last Moment.

LONG CONTROVERSY IS CLOSED

Wordy War Begun in February Continues Till November.

DEMOCRATS AIM AT SENATORS

Strong Effort Made to Take Control from Republicans.

WOMAN'S INFLUENCE STRONGER

Several Factors Indicate that Record Vote Will Be Cast in Almost All Sections of the Country.

NEW YORK, Nov. 4.—The most vigorous presidential fight in recent years came to an end tonight with the leaving candidates for the nation's chief office continuing their personal appeal to voters almost to the last moment. President Taft, speaking from his train in Ohio on his trip to Cincinnati; Colonel Roosevelt addressing voters at Long Island points close to Oyster Bay and Governor Wilson addressing meetings at Passaic and Paterson, gave to the conclusion of the long campaign a touch of personal activity that emphasized the interest in tomorrow's balloting.

More than the presidency is at stake in the elections tomorrow. The republican forces have concentrated their efforts in doubtful states to prevent an overturning of local organizations or a capture of the legislatures in states heretofore safely republican. The democrats have made an organized assault upon a number of states to control the legislatures so that the majority in the United States senate may be swung to the democratic column.

Against republican predictions that the senate will remain republican democratic national leaders today claimed enough states to give them the senate and to swell greatly their majority in the house of representatives, which they captured in 1910.

Long Campaign Ends.

Few American campaigns have run through a longer period of heated controversy. The fight for the presidency to terminate at the ballot boxes tomorrow was under way early in February and has scarcely lagged since that time. Of the eight men who were active candidates for presidential nominations early in the summer, three leading candidates, representing three parties whose relative strength is still a matter of conjecture, still remain to solicit the voters' support tomorrow.

The influence of women in the campaign will probably be greater than in any previous election. Each national headquarters has had an organized bureau to appeal to women workers, presided over by women well known in public and social life. In the six western states, where women will vote—Wyoming, Utah, Colorado, California, Idaho and Washington—their ballots will be an important factor in the results. In five other states—Arizona, Michigan, Kansas, Oregon and Wisconsin—the right of women to vote will be an issue at the polls.

Fair weather is predicted for the majority of states. The uncertainty caused by the third party ticket, the more than ordinarily urgent appeal of party managers to all voters to "go to the polls" and the local interest caused by fights for state offices and control of state machinery, indicated a record vote in almost all sections of the country and a popular presidential vote of huge proportions.

FULL VOTE WILL BE CAST

Indications that Balloting Will Be Heaviest in History.

NEW YORK, Nov. 4.—The vote cast for president at tomorrow's election throughout the United States will exceed all previous records, if today's predictions are fulfilled. Reports from all states indicate intense partisanship as the election draws near; an unusual activity by campaign leaders to "get out the vote," and developments in the three-cornered presidential contest which indicate a determination to bring every voter to the polls.

Colonel Roosevelt, in a statement from Oyster Bay today, made the direct charge that in New York republican leaders are urging voters to support Wilson, to make the defeat of Roosevelt certain. This

Taft Makes Speeches on Trip Across Ohio

PAINESVILLE, O., Nov. 4.—Crowds today flocked about President Taft's private car at Westfield, N. Y., and Conneaut, O., and Ashtabula as he passed through on his way to Cincinnati to vote. The president made short speeches, but declined to talk politics.

"I hope all of you who have the privilege of voting will not forget to do so," he said at Conneaut. "I am not here to make a political speech—your minds are already made up one way or another, I doubt not."

In his speech here the president spoke of property and the proposed farmers' banks. He said in part:

"I want to congratulate you on every evidence that I see of the prosperity that is spread through your entire community. I could go into some subjects that have come to you recently, especially through your neighbor, Myron T. Herrick, who has delved into the question of increasing the credit of the farming community with a view to enabling farmers to better equip their farms and borrow money at a rate of from 4 to 5 per cent instead of from 7 to 8 per cent.

"One of the means of doing so is to enable the farmer to get the best equipment and the best machinery. They cannot do it unless they borrow money at a lower rate of interest, and if we can by banks and co-operative arrangements among them make their security sufficient to attract capital at 4 and 5 per cent it will be a tremendous benefit not only to them, but to all the country."
