FALL FAVORS REPEAL OF LAW TO PREVENT SHIPMENT OF ARMS

Senator Gives First Intimation of Report on Inquiry Into the Madero Revolution.

MEXICANS HATE AMERICANS

Withholding War Supplies Caused Change in Sentiment.

OJEDA FLEES TO GUAYMAS

Federal Leader Will Make His Final Stand There.

SEVEN DAYS' FIGHT AT ORTIZ

Rebels Report Capture of Cannon and Machine Guns and Thirty Cartridges of Ammunition.

WASHINGTON, June 27.—Senator Fall gave the senate its first official intimation of the report of the committee which investigated the Madero revolution in Mexico, in a speech today urging the repeal of the law of 1912, which permitted former President Taft to forbid, by proclamation, shipment of arms across the border.

As a member of that committee, Senator Fall declared he was convinced that not an American dollar was used in financing the Madero revolt. He believed it had been financed, in part at least, with \$250,000 which Gustav Madero, since executed, had secured by bonds from the French-Spanish bank of Paris, to build the Mexico Central railroad in Zacatecas.

By withholding exportation of arms to the revolutionists after Madero came into power, Fall declared the United States had earned the enmity of 90 per cent of the Mexican population with the result that Americans there had been held for ransom and outraged.

Mr. Fall told the senate it was his information that after Madero came into office the Mexican government reimbursed him in large sums for the money spent for the uprising and that a portion was returned to the bondholders of the railroad for which Gustav Madero raised a large sum. The railroad never was built, he said.

War department officials said today that Brigadier General Tasker H. Bliss, commanding in Texas, was clothed with full authority to mass troops on the border as necessity demanded and required no further orders from Washington.

El Paso Citizens Anxious.
EL PASO, Tex., June 27.—General Hugh L. Scott, U. S. A., this morning inspected the 10th and 11th regiments of the 10th division, with a view to placing his troops in the event of a battle. He wired the War Department for permission to bring in troops from the border patrol, east and west of El Paso. If needed, and issued a warning to Americans to keep out of the zone of fire as much as possible. Villa's rebels have not yet appeared.

Ojeda Will Make Final Stand.
TUCSON, Ariz., June 27.—In a wireless message from the United States cruiser Pittsburgh, at Guaymas and relayed from San Diego, Federal Governor Francisco Garcia of Sonora, informed the Mexican consul here that General Ojeda had fallen back to Guaymas and was prepared to give the rebel state troops battle at that place.

Despite Governor Garcia's assurance, Mexican federal agents were disposed to believe Huerta forces had sustained a severe blow in the week's fight about Ortiz and Santa Rosa. It was confidently anticipated that he would sweep north to the international line, and the dispatch stating he was back in Guaymas destroyed all hope of victory.

Rebels Capture Arms.

DOUGLAS, Ariz., June 27.—General Oregon, one of the rebel commanders at the battle of Ortiz, wired to the constitutional Junta today as follows: "Battle ended at 8:30 o'clock Thursday morning, after seven days' fighting. Our forces captured thirty-nine cannon and five machine-guns from the federals. We also captured thirty carloads of ammunition for field machine guns. Several hundred Mauser rifles were thrown away by Ojeda's men in their flight. Ojeda's automobile was captured on the field, and we picked up the bodies of 200 federals. We have a large number of wounded prisoners. Our losses are not yet known exactly."

CALL OF NORTH PARTS THREE BRIDAL COUPLES

NEW YORK, June 27.—The call of the north will separate three bridal couples when the Crocker land expedition sails from New York next Wednesday for three years in the Arctic. All of the romances began in Iowa and one came to a climax a month ago in the marriage of Victoria Clark, who is still a junior in the University of Iowa, to Jerome Lee Allen of Brooklyn, who will be the wireless operator on the expedition. They made the sudden decision to marry after a ten years' friendship, when Miss Clark came east recently to bid good-bye to her sweet heart.

"We thought it would be easier to part married than engaged," she said.

Two other members of the expedition, W. Elmer Ekblaw and Maurice C. Tanquary, will leave Iowa sweethearts behind, but not without first making them their brides. The young women are respectively, Miss Augusta Krieger and Miss Josephine Perry.

GENERAL MAY FEUDIST, DIES IN ELECTRIC CHAIR

EDDYVILLE, Ky., June 27.—General May, in the stack of whose pistol was said to have been carried eight significant notches, was electrocuted in the state penitentiary here today.

GETYSBURG GAY WITH FLAGS

No Bar Raised Against Confederate Banners.

ALL ARRANGEMENTS COMPLETE

Veterans Are Met at Trains and Escorted to Their Tents—None Will Have to Do a Stroke of Work.

GETYSBURG, Pa., June 27.—That the stars and bars as well as the stars and stripes will appear at the big camp of veterans during the anniversary celebration was indicated today by an announcement from the officers of the Anniversary commission that "there is nothing to prevent the waving of gray from bringing along their battle flags."

At the same time, however, it was said that the flag of the confederates would not be used in any official decorations over which the commission has control. Residents of Gettysburg and union veterans already here are extending a royal welcome to all arriving confederate veterans.

The town itself never has been so gaily decorated. Every business block is covered with the national colors, and practically every home displays at least one flag. The stars and bars appear at a number of places, while the use of both the blue and the gray is a favorite method of decoration at many buildings. Large numbers of both union and confederate are much in evidence. The town is gay with martial music, many of the veterans having brought their fife, drums and bugles, and the calls of wartime days are sounded through the streets, in some instances by the very men who did the same thing during the exciting days of the Gettysburg campaign half a century ago.

Fishing touches were put on the camp. Equipment was distributed to the five thousand tents, all of which are now up and everything is in readiness for the 50,000 old soldiers expected to attend the celebration next week.

All Arrangements Complete.

"We are thoroughly prepared and have the entire situation well in hand," declared Major Normoyle, in command at the camp. Every old soldier will find things in readiness for him when he comes here. He will be met at the train and shown the location of his tent. If he is not able to carry his baggage some one will be here to do it for him. He will not have to do a stroke of work, not even fill the water buckets in his tent.

Each of the four large sections composing the camp will be under the direct supervision of a company of regulars. One of company of engineers and three of infantry will have charge of the work of guarding these sections, answering the calls of the veterans and otherwise giving attention to their needs.

Many of the camp kitchens were put in working order today and smoke could be seen rising over the site, a mile and a half square. The twelve ovens, with a capacity of 50,000 loaves of bread a day, were tested and found to be satisfactory.

Looking for War Nurses.

One of the latest arrivals is Rev. W. F. Hubbell of Los Angeles, Cal., who was severely wounded at the battle of Gettysburg, and who made the trip across the country to attend the anniversary. One of his missions in coming, he said, was to find and express his appreciation to the nurses, with other women of the town, did so much after the battle to alleviate his sufferings and that of his wounded comrades.

Federal Bill is Passed.

WASHINGTON, June 27.—Representative Callaway of Texas, who has repeatedly blocked a \$4,000 appropriation to send District of Columbia veterans to the Gettysburg celebration, was called out of the house chamber for a few minutes today and came back to find the house in roars of laughter and the resolution unanimously passed.

Utah Veterans Start.

SALT LAKE CITY, June 27.—Sixty-six Utah veterans of the blue and gray armies left at noon today for Gettysburg, Pa., to attend the fiftieth anniversary reunion of the civil war battle. Nearly half of those in the party participated in the crucial encounter. The veterans waited anxiously until almost the last moment before they were assured that enough money had been subscribed to pay their expenses.

Death Rate of Maids and Bachelors High

CHICAGO, June 27.—Married persons live longer than those who are single, according to statistics gathered by Dr. C. St. Clair Drake of the city health department and made public today. He has figured out that the death rate of Chicago bachelors is 29 1/2 per cent higher than that of married men. The mortality rate of unmarried women is 40 per cent higher than that of married women, he says.

The bachelors' death rate is 18 1/2 per cent, while the rate for married men is 15 1/2. The rate of single women is 14 1/2, while that of those who marry is only 10 1/2.

Ojeda Will Make Final Stand at Guaymas

WASHINGTON, June 27.—War department officials said today that Brigadier General Tasker H. Bliss, commanding in Texas, was clothed with full authority to mass troops on the border as necessity demanded and required no further orders from Washington.

BACON WILL SUPERVISE LINCOLN MONUMENT WORK

WASHINGTON, June 27.—Henry Bacon of New York is the lucky winner of the government award for supervision of the building of the Lincoln memorial monument to be erected in Potomac park here. Mr. Bacon's compensation for superintending the work will be approximately \$90,000, or six per cent of the total amount expended on the monument. Congress appropriated \$2,000,000 for the work, but it is generally believed the memorial cannot be finished within that sum. Secretary of War Garrison was the award, which was authorized by the Lincoln memorial commission, of which former President Taft is a member.

DEMANDS OF GARMENT MAKERS ARE REFUSED

CINCINNATI, June 27.—The demands of the garment workers' union for forty-eight hours' work for fifty-four hours' pay, or fifty hours' work with 30 per cent increase of fifty-four hours pay were promptly turned down at the meeting of the manufacturers today and almost immediately International President Thomas Richert left town, saying that he had done all that he thought he could do here. Picketing continued at all of the plants here today, but there was no violence displayed.

June Mode

From the New York Journal.

URE KEEPS MONEY FOR CITY Will Refuse to Turn Over Nearly a Million to Mr. Howell.

IS NOW AN ASSET OF THE PLANT No Provision Made by Law for Turning Money on Hand Over to the New Metropolitan Water District.

W. G. Ure, county and water board treasurer, will refuse to transfer an approximate balance of \$900,000 now in the water funds of the city to the account of the metropolitan water district when the water district bill becomes effective July 16. He will wait for mandamus proceedings by the water board, believing he would lay his hands on the money if this money, now the asset of the water plant, which is the property of Omaha, is credited to a distinct and separate corporation.

City Corporation Counsel Ben S. Baker, asked by Ure for an opinion as to the manner in which this money should be disposed of, holds that under the metropolitan water district bill it belongs to the city and does not belong to the water district created by Water Commissioner R. B. Howell's "metropolitan water district bill." Attorney John L. Webster, the water board's legal adviser, was also asked for an opinion on the question, but has remained silent.

Money Belongs to City.
Judge Baker holds that ever if the water district bill is held valid by the courts, only the physical property of the water district is transferred to the city.

Democratic Caucus Approves Changes in the Grain Schedule

WASHINGTON, June 27.—All amendments to the agriculture schedule of the new tariff proposed by democrats of the senate finance committee were approved today by the caucus, including the countervailing duty on wheat and flour.

The finance committee later may recommend enlargement of its proposed amendment directing the president to proclaim countervailing duties on certain commodities when discrimination by other nations is disclosed.

For suggested changes, the amendment to compel payment of full revenue duty on brandies used in fortifying sweet wines, was returned to the finance committee. Opposition to the proposal was aroused among California wine producers.

Live Stock Exchanges in Session in St. Joe

ST. JOSEPH, Mo., June 27.—J. J. Ferguson of Chicago, was the principal speaker on today's program of the National Live Stock exchange which opened here yesterday. He filled the place assigned to ex-Governor Shallenbarger of Nebraska, who was unable to attend. Interest of delegates centered in the selection of next year's meeting place. St. Paul and Chicago are after the meeting.

Strauss Says Federal Laws Should Control in Foreign Incidents

NEW YORK, June 27.—Oscar S. Strauss, former ambassador to Turkey, speaking this afternoon at a luncheon in honor of Dr. David Starr Jordan, given by the International Peace forum, declared that former Secretary of State Knox had demonstrated "that he is not of international caliber" in his action in recalling Charles R. Crane of Chicago, while he was on his way to take up the post of ambassador to China.

With reference to the Japanese situation in California, Mr. Strauss said: "There is need in this country of a law that will make the national law supreme over state laws in cases of this kind. We cannot afford to have one section of the country plunge the entire nation into a dispute simply because the people of that section don't like the Japanese. However, we settle all of our problems correctly eventually and the unerring judgment of the American people rights all wrongs and solves all difficult matters. It will be so in this case."

Search for Dead at Buffalo Continues; Twelve Still Missing

BUFFALO, N. Y., June 27.—One hundred and fifty men, led by E. M. Husted, president of the Husted Milling company, whose plant was wrecked by a grain dust explosion Tuesday with great loss of life, continued the search today for bodies believed to be buried beneath tons of steel, concrete and charred timbers.

The death list stood at fourteen today. The missing list now carries twelve names, nine of whom, it is believed, will be found in the ruins.

SIXTY MONGOLIAN LAMAS ARE BURNED TO DEATH

ST. PETERSBURG, June 27.—Sixty Mongolian Lamas were burned to death today in a pagoda at Kwei Hwacheng, in the Chinese province of Shansi, on the border of Mongolia, according to a dispatch received here. They had barricaded themselves in the building against a number of Chinese pursuers.

BELLE FOURCHE MAN IS CRUSHED BETWEEN CARS

DEADWOOD, S. D., June 27.—(Special Telegram.)—Passing between switching freight cars at Belle Fourche, Cied Ingerson, who lives north of that city, was instantly killed when the cars came together. He was a son of a pioneer, 28 years old and leaves a wife and child.

Pistol Pocket for Skirt is the Latest

NEW YORK, June 27.—The question of the proper fit for women's skirts was a feature of discussion at the National Ladies' Tailors and Dressmakers' convention, which began here today with delegates present from all parts of the country. It appeared a general opinion that narrow lines would continue to hold popular, with the trouser effect still a favorite among the ultra-fashionable.

The New York delegates were firm for skirts a yard around, while Chicago representatives insisted upon a little more leeway, a yard and a quarter with two slashes, one at the front and one at the back. Louisiana delegates were the most conservative, sticking for a two-yard skirt, no slashes, and shirtwaists instead of a three-piece suit.

The pistol pocket was an innovation credited to the Chicago tailors and seemed to be generally accepted as a good idea. One or two patch pockets were suggested, and, if women did not care for the pistol, they might carry their powder puff in one and their purse in the other.

President Will Not Leave Washington Until Next Week

WASHINGTON, June 27.—President Wilson at 3:30 o'clock today abandoned his plan to leave for Cornish, N. H., tonight and will not go until the early part of next week. He had before him the plan for the dissolution of the Union Pacific merger and other questions to be settled before his departure. His family will leave as scheduled tonight.

Roosevelt Given Permit to Carry Gun

NEW YORK, June 27.—Colonel Theodore Roosevelt and District Attorney Charles S. Whitman both have permission to carry pistols. Reports some time ago that they had applied for such permission were confirmed by Magistrate Corrigan, when he told fellow magistrates at a meeting in Brooklyn yesterday that in issuing the permits he had waived one of the chief requirements of the law and had asked neither of the applicants for an affidavit of good character. The magistrates forgave this irregularity and did not reprimand their colleague.

SIX MEN SAW WAY OUT OF ROCKWELL CITY JAIL

ROCKWELL CITY, IA., June 27.—(Special Telegram.)—Six prisoners escaped from the Calhoun county jail last night. All were being held for breaking and entering, four having broken into an Illinois Central car at Manson, and the two others being charged with robbing stores at Pomeroy last winter. They sawed the bars off covering the opening in the iron door used for passing in meals and a smaller set of bars on the door leading from the reception room to a room at the rear of the jail, the windows of which had no grating. Sheriff Wheeler and a posse of men are scouring the surrounding country, but no trace of the men has been found.

TWELVE SACKS OF MAIL BURNED AT YANKTON

YANKTON, S. D., June 27.—(Special Telegram.)—Twelve sacks of mail were destroyed here last night in the Milwaukee baggage room. They were from the Platte line consigned east, two of which were for Yankton from the east. The fire is supposed to have been caused by some inflammable material in the parcel post shipment or by boys. The postoffice inspector has been ordered here to make a rigid inquiry into the affair. It is quite likely that the mail was very valuable. Nothing else in the baggage room was injured.

The National Capital

Friday, June 27, 1913.
The Senate.
Caucus continued work on tariff bill.
The House.
The judiciary committee again failed to get a quorum to take up the McNabb-Caminetti case.

HAYDEN SELECTED TO SUCCEED McNAB AS FEDERAL ATTORNEY

President Names Prosecutor for the Northern District of California.

DOOLING GOES ON THE BENCH

Nominations Probably Sent to Senate Next Week.

KAHN CANNOT GET A QUORUM

Action in House to Call on McReynolds for Records Prevented.

COMMITTEE MEETS AGAIN TODAY

Matt J. Sullivan Will Be Appointed Special Attorney to Prosecute the Caminetti-Diggs Case.

WASHINGTON, June 27.—Thomas E. Hayden and Judge M. T. Dooling, have been selected by President Wilson for United States district attorney and United States circuit judge, respectively, for northern district of California. Their nominations probably will be sent to the senate next week.

Matt J. Sullivan will be special prosecutor for the Caminetti-Diggs and Western Fuel company cases. Judge Dooling, who is now on the superior court bench, will fill an existing vacancy and the cases will be tried before him.

Attorney General McInerney had a brief conference with President Wilson before the cabinet meeting today, concerning these appointments.

Another vain attempt to get a quorum of the house judiciary committee today prevented action on Representative Kahn's resolution, calling on the attorney general for the paper in the now celebrated case. The committee will meet again tomorrow for another effort.

EVIDENCE IN HARVESTER TRUST SUIT IS ALL IN

CHICAGO, June 27.—Taking of testimony in the government's anti-trust suit against the International Harvester company was concluded here today. In all the government introduced eighty-five witnesses and the defendant 130.

Arguments in the case are scheduled to begin at St. Paul, Minn., October 13, with Federal Judge Sabathor Hook, Adams and Smith probably sitting. The hearings began last September and have had few interruptions.

The defendant produced two witnesses today, George A. Ranney, secretary of the company, and H. J. Daniels, head of the twine department. Their testimony was brief.

In rebuttal Edwin P. Grosvenor, special assistant to the attorney general, called G. G. Parrott of Early, Ia., formerly employed by C. A. Claypool, agent of the harvester company at Fort Dodge, Ia., as a witness, whose testimony was confirmatory of previous evidence bearing on the sales methods of the harvester company.

DAUGHTER OF COAL KING CHARGED WITH MILITANCY

NEWPORT, Eng., June 27.—Mrs. Margaret Hagh Mackworth (daughter of the coal king, David A. Thomas, now in Canada), was brought before a magistrate here today and remanded for fourteen days on a charge of placing explosives in a mail box.

Mrs. Mackworth is secretary of the Newport branch of the Women's Social and Political union, but hitherto had not been an active militant. Her mother, Mrs. Thomas, is also prominent in the suffrage movement. Her husband, Captain Humphrey Mackworth of the Royal Munmouthshire engineers, is the eldest son of Arthur Mackworth and heir to the baronetcy.

DUKE OF SUTHERLAND DIES; OWNER OF MUCH LAND

LONDON, June 25.—Cromartie Sutherland-Leveson-Gower, fourth duke of Sutherland, died tonight. The duke of Sutherland, who was born July 29, 1851, was, with the exception of the emperor of Russia the largest landowner in Europe. His Scottish estates embraced nearly a million and a half acres. He owned 30,000 acres in Staffordshire and Shropshire and much land property in other countries.

The duke was a noted sportsman and yachtsman. As the marquis of Stafford, he visited the United States on shooting trips several times.

A Vacation Problem Happily Solved.

"Do you know," remarked a young woman, "that I've been fairly bewildered with the vacation question? I couldn't decide where to go. Now I'm happy again, for I've solved the problem. I read an advertisement in THE BEE that described a place I had heard about and forgotten. And that's where I am going to spend my vacation."

Plenty of people like that. Shows you the value of reading advertisements. Saves time; prevents perplexity.

So, Mr. Hotel Man (in the mountains or at the seashore), if you are looking for summer business—the kind that pays—why not advertise in THE BEE that describes a place I had heard about and forgotten. And that's where I am going to spend my vacation.

Plenty of families are looking for such an establishment as yours at which to spend the summer.
