SEWING THREAD TO BE FREE

Democratic Caucus Decides to Act as the "Housewife's Friend."

FIFTEEN PER CENT DUTY TO GO

Majority Leaders Declare Profits Will Be Inconsequential, Hardly Quarter of a Million Yearly.

WASHINGTON, June 28.—Wielding the axe again on the tariff revision bill for the benefit of the household, the senate democratic caucus determined tonight to put cotton sewing thread on the free list. This action followed a spirited debate and was carried by one vote over the protest of members of the finance committee, who defended the 15 per cent duty which was carried in the bill as it passed the house and which the senate majority of the finance committee did not alter. Those who championed this favor to the housewife argued that the revenue to be derived from sewing thread was inconsequential and that to be consistent in attempting to lower the cost of living the senate should not quibble. Looking up the estimates they found that the estimated revenue to be derived was about \$25,000 a year. This, they figured, was a small amount to worry about, and on the free list cotton thread went, while committee members objected strenuously. All amendments to the agricultural schedule of the new tariff proposed by democrats of the senate finance committee were approved by the caucus, including the countervailing duty on wheat and flour.

SIX MEN SAW WAY OUT OF ROCKWELL CITY JAIL

ROCKWELL CITY, Ia., June 28.—(Special Telegram.)—Six prisoners escaped from the Calhoun county jail last night. All were being held for breaking and entering, four having broken into an Illinois Central car at Manson, and the two others being charged with robbing stores at Pomeroy last winter. They saw the bars off covering the opening in the iron door used for passing in meals and a similar set of bars on the door leading from the recreation room to the window room at the rear of the jail, the window of which had no grating. Sheriff Wheeler and a posse of men are scouring the surrounding country, but no trace of the men has been found.

When You Are Away

on your vacation enjoying the charms and benefits of new scenes or traveling on business or pleasure, the advantages of home are often lacking and most times the services of a physician are unavailable or else you do not care to go to strange doctor. Duffy's Pure Malt Whiskey gives to the sick in a ready assimilable form the nourishment and tonic properties from barley and other grains, which are the great strength-giving foods. When you go away this year, be sure to take along a supply of

Duffy's Pure Malt Whiskey

THE BEST FOR ALL EMERGENCIES
A change in the mode of life, perhaps drinking water or several other simple causes may produce indigestion. To be safe you should have Duffy's—the traveler's safeguard—at hand. It is the most efficacious remedy for chills, fever, colds, dizziness, diarrhoea, nausea and all summer ills. Be sure to put a bottle or two in your grip.

BE SURE YOU GET DUFFY'S
Duffy's Pure Malt Whiskey is sold in SEALED BOTTLES ONLY by most druggists, grocers and dealers at \$1.00 a bottle. Demand Duffy's and be sure the seal is unbroken, to be sure you are getting the genuine. Write our doctors for free advice and a free valuable illustrated medical booklet.

PHARMACIST IS PUNISHED

Iowa Board Takes Certificate from Waterloo Man.

PERSISTENTLY SOLD LIQUOR

Board Determined to Punish Druggists Who Persist in Violations of the Law Get Evidence in Bridge Case.

(From a Staff Correspondent.)
DES MOINES, Ia., June 28.—(Special Telegram.)—The State Board of Pharmacy today for the first time in many years revoked the certificate of registration of a pharmacist because of his persistency in selling liquors. This was L. O. Heiber of Waterloo, who had been adjudged guilty of contempt of court in a liquor case. The pharmacy commission has started out to put an end to promiscuous selling of liquors by druggists.

Evidence in Bridge Cases.
Henry E. Sampson of the attorney general's office and Thomas M. McDonald, state highway engineer, have gone to Chicago for the purpose of gathering evidence in certain cement bridge patent cases now pending. The legislature provided that the state should prosecute all cases where it is believed bridge companies are wrongfully charging royalties on patents. The case now in the hands of the attorney general is that of Dan B. Luton against W. B. Marsh, a Des Moines contractor.

Geological Work in Iowa.
The geological board met with the governor today. Prof. George F. Kay made report and recommendations which were approved. The aerial and geological work in Audubon and Shelby counties will be continued by B. Shimek. The work in Lucas county will be completed by Prof. Kay, who will also do work in Adams and Union. Geological work in Cass will be commenced by J. E. Gow. The report on the field work in Taylor, Floyd, Adair, Calhoun, Crawford and Clarke counties is now being prepared. S. W. Berry will continue study of surface waters. J. E. Carman will continue study of surface deposits in northwestern Iowa. James H. Lees will do work on the drainage waters of the Missouri slope.

More Lake Drainage Cases.
The state executive council today took up consideration of the drainage of Goose lake in Kosciusko county. This is the third lake case to be brought before the state officials this week. Goose lake is the third lake case to be brought before the state officials this week. Goose lake is the third lake case to be brought before the state officials this week.

Summer Schools and Pay.
Attendance at summer schools this year will not add anything to the salaries of teachers under the minimum wage law. Most of the summer schools will be over before the law takes effect and the board of educational examiners decided that it would not be possible to apply that part of the law this year which permits adding three points to teachers' grades for wage purposes for attendance at summer schools. The department has also just sent out a circular containing the decision of the attorney general to the effect that where a deputy county superintendent is appointed after July 4 it will be necessary to have a convention of school officers to determine the salary to be paid.

Delegates to Meeting.
The governor today appointed delegates to the Emancipation exposition to be held at the people in Philadelphia, commencing September 1, as follows: J. A. Jefferson, T. L. Griffith and Mrs. R. A. Rush, Des Moines; L. R. Willis and Miss Georgia Blagburn, Buxton; T. B. Stovall, Davenport; A. L. Walker, Marshalltown; W. H. Milligan, Cedar Rapids; Miss Letta Cary, Oskaloosa.

Reward for an Elopers.
Governor Clarke has offered \$200 reward for the arrest and detention of Francis Meyer of Oelwein, who departed with Lizzie Hoppers, a girl of 14 years, June 15. Attorney General Casson is taking the lead in the effort to apprehend the pair. It is believed they have not gone far. Meyer is a piano repairer. Circulars have been sent out with description of the pair.

Saving to State.
A considerable saving to the state is anticipated because of a new law which puts upon any county from which an insane person is sent to the state hospital the sole burden of establishing the actual residence of the patient. If the county residence of most of the patients will be established at a time when this can easily be done; thus the number of state patients will be reduced. There are about 200 state patients now at the hospital.

Buying Coal for the State.
The State Board of Control has just received offers for the sale of coal to the state for institution purposes. The institutions use about 100,000 tons of coal a year. Under the law the board is absolutely restricted to the lowest bidder at each institution to the lowest bidder. A demand has been made that the board let the contracts to Iowa coal dealers regardless of price, but this cannot very well be done. Nearly every year some Illinois coal is purchased for the institutions.

Military Autos Cross Iowa.
Two groups of military automobiles are crossing Iowa. They are under the direction of the Wisconsin military authorities and had from the military school at Lake Geneva. One party stopped here over night and left for the north this morning, consisting of Colonel R. P. Davidson of Illinois and eleven cadets. They travel in an automobile equipped with rapid fire guns and a wireless outfit and keep up connection with the other party each day.

Many Highway Contests.
The State Highway commission will have more than 700 contests over county highway systems to settle, according to H. C. Beard, a member of the commission. He was in Des Moines last night. Today he will investigate contests in Ringgold and Decatur counties.

It Will be My First of That Kind.
Mr. Beard said, "We have so many contests that it will keep us busy. A member of the commission and an engineer will investigate every contest."

Two Judges Held Court.
GLENWOOD, Ia., June 28.—(Special.)—For the first time in the history of Mills county as far as known, two courts were

One Hundred and Thirteen Customs Jobs Are Abolished

WASHINGTON, June 28.—Secretary McAdoo today designate the collectors and deputy collectors of customs who will have charge of the ports of the United States after the reorganization on July 1. One hundred and thirteen collectors lose their jobs because their offices are abolished. Hereafter there will be only forty-nine collectors.

In most cases the present collectors will be retained in charge of the districts. The secretary has designated a deputy collector to take immediate charge of each port and generally that designation was the present special deputy collector.

Iowa Bar Backs Up Criticism of Speer

SIoux CITY, Ia., June 28.—Concurrence with the declaration of Emory Speer of Macos, Ia., federal judge of the southern district, the Iowa bar association has adopted a resolution by the Department of Justice is un-American and should be abolished, made in his address to the convention yesterday, was expressed by resolution at the meeting of the Iowa State Bar association today.

"The absolute independence of the judiciary of this country, state and federal, is necessary to the maintenance of the rights and liberties of the people to this nation," states the association in the resolution. "The espionage of judges of the federal courts by other departments of the government is un-American and highly detrimental to the proper administration of justice."

The convention elected officers as follows: John C. Lacey, Oskaloosa, president; F. P. Darway, Cedar Rapids, vice president; H. C. Horack, Iowa City, secretary; Frank Naab, Oskaloosa, treasurer; A. J. Small, Des Moines, librarian. Burlington was named as the next convention city.

"Gunboat" Smith Wins in Third Round

NEW YORK, June 28.—"Gunboat" Smith of California defeated George Rodol, the South African Boer, tonight in the third round of a scheduled ten-round bout at Madison Square Garden. After Rodol had been knocked down twice Referee Joh stopped the bout. Rodol had the better of the first round and in the second forced Smith to the ropes, landing a right to the head and left to the jaw. Smith retaliated with a hard right overhand swing to the head that floored the Boer for the count of nine.

In the third round "Gunboat" landed two lefts to the body and Rodol came back with a left to the face. A right swing to the point of the jaw made the Boer take a second count of nine. He arose to meet another right to the head for the second knockdown of the round. The referee stopped the contest without counting. The men's weights were: Smith, 184; Rodol, 154.

George Kirkwood of St. Louis outfought Walter Brooks, a local featherweight, in a ten-round contest.

"HUNGER STRIKE" FREES ANOTHER SUFFRAGETTE

LONDON, June 28.—Gertrude Shaw, who hurled a brick through a window of the Scotland Yard police headquarters last Saturday and subsequently was sent to prison for three weeks, was released on license today. She had been on a hunger strike. At the time of her arrest Miss Shaw declared she threw the missile as a protest against the treatment of Mrs. Emmeline Pankhurst and other suffragette prisoners.

Baleton.
Mrs. William Trout and children departed for Missouri for short visit. Miss Lula Lutz and Mr. Edward Harris were visitors to Plattsmouth last Sunday.

R. L. Probst of Mynard was an overnight visitor upon his return from Lincoln.

Miss Evelyn Taylor of Plattsmouth visited her sister, Mrs. R. T. Probst, last Saturday.

Mr. and Mrs. L. Howard returned last week from Missouri, where they were visiting relatives.

Mrs. Pugsley and Miss Marie Taylor of Plattsmouth, Neb., were guests of Mrs. Thayer Frost Thursday.

Mrs. Jacob Ewalt, who was seriously injured in the Dexter tornado, was able to go to Astoria for a brief visit.

Among those having dinner at the Seymour Lake Country club Friday evening were Mr. and Mrs. John Parrill, Mr. and Mrs. H. S. Sald, Mr. and Mrs. C. M. Skinner.

FIVE KILLED BY OIL BLAST

Two Hundred Tons Explode on Tank Steamer in New York Bay.

SIX INJURED AND MANY UNACCOUNTED FOR—Two Bodies Seen in Hold, Others Probably Blown to Pieces.

NEW YORK, June 28.—Two hundred tons of fuel oil on board the steel tank steamer, Mohawk, owned by the Standard Oil company, exploded this afternoon with a terrific roar and a burst of flame while the vessel was at anchor off Tompkinsville, Staten Island, in New York bay. Five persons were killed and six others injured. A dozen more are unaccounted for, but are believed to have been rescued. Two bodies were seen floating in the hold, while fire boats still were pouring streams of water into the wrecked steamer late tonight. The other three victims were probably blown to pieces.

The dead: EDWARD DONAHUE, steam fitter, Brooklyn. JOHN DONAVAN, machinist helper, Brooklyn.

TWO UNIDENTIFIED SAILORS, members of the Mahawk's crew. FOURTH ENGINEER OF THE MOHAWK, a foreigner, name not obtained. Gustav Elmgren, pipe fitter, was probably fatally burned.

Carelessness of a machinist's helper was reported to have been the cause of the explosion. Fifty men, including the crew and twenty machinists, who were making repairs preparatory to the Mohawk's departure tomorrow for Huxman, Mexico, were on board. A helper was declared to have carried a lighted candle into the hold below the fire room, while searching for a washer he had dropped. The candle is believed to have caused the combustion of gases generated in the hold.

The explosion was heard for many miles. A flash of flame 200 feet high shot into the air, followed by a volcano of debris and the Mohawk began immediately to settle aft, while fire boats, wrecking tugs and other harbor craft hurried to the scene from all directions.

A score of men who were blown overhead were rescued unhurt from the water. Others clinging to stanchions and rails or huddled in the bow, when they were dragged to safety on boats.

Shortly after 9 o'clock tonight the fire was under control and the crew returned on board and began pumping the vessel out. The stern was completely under water, but it is believed the steamer can be got into dry dock for repairs.

SCORES KEPT DOWN IN CRICKET CONTEST

PHILADELPHIA, Pa., June 28.—Remarkable fielding and bowling kept the scores of both sides down in the opening of what was to have been a three days' match between the Australian cricketers and the Gentlemen of Philadelphia today and an inning and a half were completed before stumps were drawn. The local players were all out for 115 runs in the first innings, while the Australians made only 116. In the second innings the Philadelphia players were all out for fifty-seven runs. The match will be concluded tomorrow when the Australians take their second innings. Another match between the same players will be played after the conclusion of the present contest.

TELLS STORY OF BRIBERY

Former East St. Louis Councilman Makes Startling Confession.

SIX THOUSAND FOR FRANCHISES

Aldermen and Ex-Mayor Alleged to Have Received Money for Favors Granted Corporations.

ST. LOUIS, June 27.—An investigation into alleged municipal irregularities in East St. Louis, Ill., culminated today in the publication of a sworn confession of bribery by Joseph A. Fansler, a former member of the East St. Louis city council.

The confession was made yesterday in the presence of Charles Webb, state attorney for St. Clair county, Illinois, and Curtis A. Betts, a reporter for the St. Louis Post-Dispatch, and was sworn to before a notary public.

The confession came within a few days of a statement by State's Attorney Webb that he would lay any evidence of municipal irregularities before the grand jury which will meet in September and that he was prepared to offer immunity to any guilty person who should aid the state in securing convictions.

Two Acts Alleged.
The confession of Fansler details two alleged acts of bribery, the payment of \$3,000 for a franchise granting the East St. Louis Interurban Railway company the right to lay tracks on certain streets of the city and the payment of \$3,000 for a franchise granting the Alton & Southern the right to cross certain streets.

Six members of the city council shared in the division of the first \$3,000, according to the confession, and four members in the division of the second \$3,000. Both bribes were paid in 1912. It is charged.

Charles S. Lambert, who then was mayor of East St. Louis, is named in the confession as the man who handed one of the council \$3,000 of the Alton & Southern bribe money, which was refused as insufficient. Lambert, it is said, went to John L. Flannigan, then counsel for the railway company and later corporation counsel for East St. Louis, and got from the latter the full \$3,000 bribe money.

Aids in Reform Campaign.
Lambert was succeeded as mayor this spring by John M. Chamberlain, who was elected on a reform platform. Lambert supported Chamberlain in the campaign.

Lambert's home was closed today. Neighbors said he had left the city in an automobile early this morning, saying he would not return until Monday. All the others named as recipients of bribe money by Fansler vigorously denied the accusation.

Perry's Flag is Unfurled at Chicago

CHICAGO, June 28.—A tattered portion of the battle flag on Commodore Perry's frigate "The Lawrence," at the battle of Lake Erie, will be the commander's standard today in the cruise to Lake Bluff for Illinois state officials' day at the naval training station. The excursion is under the auspices of Perry's victory centennial commission of Illinois, to which was loaned the priceless historic relic by Adam W. Eckler, Jr.

The treasured relic remnant was hoisted to the mast of the gunboat Duquesne at 9:30 this morning, when the booming of a gun gave the signal to start the cruise. The finest pleasure craft on Lake Michigan carried the several hundred guests. Exhibitions in water fountains will be given en route by the hydroplanes of Mr. Eckler and James A. Fugh. Captain George H. Clarke, commander of the training station, and his officers, will welcome the visitors and dinner for 1,500 will be served in the mess hall.

In the afternoon the apprentice seamen will drill and tributes to the work of "boy builders" will be paid by ex-Congressman George Foss, chairman of the committee on naval affairs, members of the committee, and others.

Key to the Situation—See Advertising.

THERE'S MORE TO A MODERN LAUNDRY DRY THAN THE WASHING OF YOUR CLOTHES.

Service—all around service—counts a lot in this business and we are striving daily to put this laundry on the highest possible plane.

We want all your work—from bed spreads to collars—because we can do it better and cheaper than any home system possibly can.

Pretty strong claim, isn't it? But you would be glad, wouldn't you, if we could prove it to you.

Send us a bundle. Tell us whether you want all the work finished or whether some of it is to come back "rough dry."

Test this question honestly. It means so much to every household that you cannot afford to decide it without giving us a trial.
