

**Nebraska**  
**MUST COMPLETE BRIDGE**  
 State Board Will Require This of Contracting Firm.  
**HOLD CONFERENCE AT LINCOLN**  
 Either Contractors or State Will Have to Divert Waters to Old Channel at North Bend and Under New Structure.

(From a Staff Correspondent.)  
 LINCOLN, Sept. 22.—(Special Telegram.)—The Stupp Bros. of St. Louis, who hold the contract for building the bridge across the Platte river at North Bend, will be required to complete the contract by the State Board of Irrigation. Today a conference lasting most of the day was held in the office of Governor Morehead by members of the board, the county boards of Saunders and Dodge counties, Engineer L. R. Gifford of Stupp Bros. and a representative of the Omaha company which was given a subcontract by the St. Louis firm.

The state board will require that the company holding the contract so ahead and finish the job, notwithstanding the channel of the river has changed several feet from where the new bridge stands. It is understood that the company will object on the ground that the changing of the channel of the river is "an act of God" and, therefore it cannot be held.

Either the contractors or the state will have to divert the waters into the former channel under the bridge before the work on the south side, which calls for a fill, can be completed.

**Earle Case Is Heard.**  
 The hearing for a writ of peremptory mandamus to compel the State Banking board to make a special examination of the First State bank of Olympe on application of Homer Earle and John C. Lemmon, was heard before Judge Corbish of the Lancaster district court today. In his answer to the petition Secretary Royce of the banking board sets out that a few hours before the petition was filed he had received the examining report of Examiner Emmett, which showed that the bank was in good condition and, therefore, dismissed the petition of Earle asking the board for an examination. The court took the case under advisement and will probably hand down an opinion during the week.

**Enforcing Blue Sky Law.**  
 Superintendent Rice of the railway commission, who has charge of the blue sky law matters has notified all county clerks to forward to him a list of all companies subject to the new law which have filed in their counties since the law went into effect July 17.

So far thirty-five companies have complied with the law. As fast as reports come in companies which have not complied with the law will be notified to come across with the necessary fees or they will be looked after by Mr. Rice.

**HOUSE JOURNAL CONTAINS ALL PHOTOGRAPHS BUT ONE**  
 (From a Staff Correspondent.)  
 LINCOLN, Sept. 22.—(Special.)—The House Journal made its appearance this afternoon. It contains a full page picture of Governor Morehead, United States Senators Hitchcock and Norris and a full page is given to each member of the house with his picture and a biography of his life.

However, there is one exception. While a page is given to Representative J. Walter Fisher of Boone county, no picture adorns the page. His biography interestingly tells the story of his life, but omits the interesting episode of last winter's session when a photographer undertook to take the Boone county state man's picture in representative hall in opposition to Fisher's wishes, and was set upon by the representative and his camera taken from him. Several attempts were made during the session to get Fisher's picture but he frustrated them all and the world will never behold the classical features of the eloquent gentleman from Boone by perusing the journal of the last session of the legislature.

The journal contains 1,379 pages.  
**STROMSBURG TELEPHONE RATES ARE UNDER FIRE**  
 (From a Staff Correspondent.)  
 LINCOLN, Sept. 22.—(Special.)—Oral argument was had before the State Railway commission this morning on the controversy from Stromsburg over the raising of rates by the telephone company at that place. Victor Wilson appeared for the city in the case and argued that after the city had granted a franchise to the telephone company covering the rates to be charged the State Railway commission had not authority to raise the rates.

Under the franchise voted by the village of Stromsburg to the telephone company, the rates on business phones were placed at \$1.50 per month. The telephone company desires to raise the rate to \$2.50 per month and the patrons object on the grounds that as the franchise under which the company was granted the right to operate set the rates to be charged, those rates will have to stand.

**PLATTE COUNTY FAIR WILL OPEN WEDNESDAY**  
 COLUMBUS, Neb., Sept. 22.—(Special.)—Extensive preparation for the Platte county fall festival and live stock and grain fair to be held in this city this week, have been made. Three booster trips, which included all of the surrounding territory for twenty-five counties, were made for the purpose of advertising the fair. Besides the agricultural features there will be racing and also daily flying exhibitions by the Savage Brothers. Good prizes are being offered for the races and there are liberal inducements for the agricultural exhibits. The first day, Wednesday, September 24, there will be an automobile parade, and Thursday will be German day. This is expected to be the big day, as the German societies are arranging to take part in this. It is planned to make this fair the first of what will be the Platte county annual fair.

**Nebraska**  
**Benedict Man is Killed in Runaway**  
 BENEDICT, Neb., Sept. 22.—(Special.)—N. B. Eklund, who lives a few miles from town, was killed instantly this morning. He was hauling oats to the elevator, when his team started to run away, throwing him under the wagon wheels, which passed over his head.

**POLK COUNTY FAIR SOON TO OPEN AT OSCEOLA**  
 OSCEOLA, Neb., Sept. 22.—(Special.)—The Polk county fair will open at Osceola on Tuesday, September 23, continuing over four days and closing Friday evening. There is every indication of much interest and a good fair this year. Crops in Polk county have been good and there has been much preparation made for an interesting program. A new school exhibit building will be dedicated during this year's fair, a building which has been paid for out of the funds of donations from districts in almost all parts of the county. The program is a good one and only inclement weather can interfere with the coming attractions being well attended.

Osceola's Commercial club boosters made a trip to all of the surrounding towns last Saturday, visiting Shelby, Rising City, Surprise, Graham, Stromsburg, Benedict and Polk. They took along the band, furnished music and announced the attractions of the fall festival at Osceola.

Mrs. Frances B. Heald headed a delegation of Osceola Women's Christian Temperance union women, who left on Monday morning for Fremont to attend the state convention in that city. Mrs. Heald is president of the state organization.

**FIRE COMMISSIONER ASKS HOUSEHOLDERS USE CARE**  
 (From a Staff Correspondent.)  
 LINCOLN, Neb., Sept. 22.—(Special.)—Fire Commissioner W. S. Ridgell has prepared a circular letter which he is sending out to the different towns of the state in an effort to educate the people along the lines of fire prevention at this time of the year when fires are being started up. He says:

"The exceptionally hot, dry weather of July and August caused an unusual number of fires these months. From January 1 to September 1 Nebraska lost \$1,664,789.85 through fire. Most of this enormous loss could be averted by due care and vigilance on the part of owners and tenants of property. An average of \$123,998.75 of the wealth of Nebraska was wasted in smoke and ashes every month since January 1. It is certainly a most lamentable record for our state and a rebuke to the carelessness of our people.

"Let us by caution and care hold down the fire losses in the future and thereby conserve the resources which Nebraska now needs."

**WOMAN AND BOY HURT IN RUNAWAY AT CRETE**  
 CRETE, Neb., Sept. 22.—(Special.)—Mrs. Will Correy and son, Floyd, were badly injured Sunday morning in a runaway as they were driving into Crete. When about four blocks from Main street coming down Thirteenth street a motorcycle sped by the carriage and frightened the team, which turned short into the ditch, upsetting the buggy and throwing the occupants out. The team ran down the gutter until the carriage struck a light post, when they came jolting from the carriage and ran wildly down the street, nearly overtaking the man on the motorcycle, who seemed to think it his duty to get away as quickly as possible. Mrs. Correy was dragged by the frightened team and her head and hip injured and badly bruised. The ligaments in the boy's arm were badly torn and his shoulder was bruised. The three girls in the back seat were not injured.

**YORK TELEPHONE FIGHT WILL BE TAKEN TO COURT**  
 YORK, Neb., Sept. 22.—(Special.)—The meeting called at the court house Saturday afternoon by the committee appointed to confer with the State Railway commission and see what could be done to prevent the Lincoln Telephone and Telephone company from raising the rates in York county was well attended. The committee gave a lengthy report and many important subjects were discussed. A resolution was passed giving the chair the power to appoint a committee consisting of two from each township and want to solicit funds to pay the expenses of the hearing before the railway commission. And in case the committee fails to get a reasonable adjustment the matter will be taken into the courts to dissolve the merger of the Lincoln Telephone and Telephone company with the York County Telephone company.

**WORK TO BEGIN SOON ON ROCK ISLAND DEPOT**  
 FAIRBURY, Neb., Sept. 22.—(Special.)—Work will begin on the new \$40,000 Rock Island depot at Fairbury this week. The contract has been awarded to the E. T. Leek & Co. of Chicago and a representative of this firm has arrived in Fairbury and will commence work at once on the new structure. It will be two stories high and the contract calls for the completion by February 1, 1914.

Work has been progressing on the new freight depot for several weeks. It will be located a block west of the passenger depot.

According to advice received from Rock Island headquarters, approximately \$100,000 will be spent in Fairbury on improvements.

**Law Change at Auburn.**  
 AUBURN, Neb., Sept. 22.—(Special.)—John B. McCarty, for the last four years a member of the law firm of Lambert & McCarty of this place, has just formed a partnership with George W. Berge of Lincoln, and will move to Lincoln as soon as he can arrange his business matters. Mr. McCarty was county judge of Nemaha county for four years and for two terms mayor of Auburn. H. A. Lambert retains the business of Lambert & McCarty having bought Judge McCarty's interest.

**Buyers of Holiday Goods.**  
 are invited to inspect an especially strong line at the Carpenter Paper Co., 9th and Harney. If you buy as much as possible in Omaha you save considerable freight and help build up a home market, which will be greatly to your benefit.

**Nebraska**  
**COLD STORAGE REGULATIONS**  
 New Law Contains Stiff Penalty for Its Violation.  
**NOTICE OF SALE OF FOODS**  
 All Purchasers of Foods that Have Been Kept in Storage Must Know What They Are Buying.

(From a Staff Correspondent.)  
 LINCOLN, Sept. 22.—(Special.)—In order that the public may be fully advised as to the law relating to cold storage goods Food Commissioner Harman has prepared the following, which cold storage firms will be expected to study and which may be interesting to the general public:

Section 5 of the cold storage law reads as follows: "It shall be unlawful to sell or to offer for sale articles of food which have been held in cold storage without notifying persons purchasing or intending to purchase the same that they have been kept in cold storage and to unlawfully to represent or advertise as fresh goods articles of food which have been held in cold storage."

**Penalty for Violation.**  
 Any person, firm or corporation violating any of the provisions of this act shall upon conviction be punished for the first offense by a fine not exceeding \$500 and for the second offense by a fine not exceeding \$1,000 or by imprisonment for not more than six months, or by both fine and imprisonment.

**Definition of Food.**  
 Under the cold storage law food is defined as follows: "The term 'articles of food' as used in this act shall be construed to mean and include all articles used for food, drug, or condiment by man or any animal, whether simple, mixed or compound."

The cold storage law delegates the power to the Food, Drug and Dairy commission to make such rules and regulations to secure the proper enforcement of the provisions of the law as to the use of marks, tags or labels and the display of signs, and the violation of such rules are punishable on conviction as provided in Section 13 above stated.

**Sale of Cold Storage Foods.**  
 Regulation No. 1.—Every person, firm or corporation or agent thereof who shall remove articles of food from the containers in which said articles of food were originally contained in cold storage, and place the same in new containers, must plainly and legibly brand or stamp thereon said new containers the words, "Cold Storage Food." The letters in said words shall be printed or branded in plain Gothic type of not less than one-half inch in height.

Regulation No. 2.—All invoices covering the sale of articles of food which have been held in cold storage must have marked thereon the words, "Cold Storage Food."

**For Retail Sale.**  
 Regulation No. 3.—Every person, firm or corporation or agent thereof who shall sell, offer or expose for sale, or hold in possession with intent to sell, in other than original containers any cold storage food must mark or placard the containers in the manner described in regulation No. 2. When cold storage food is sold and delivered in other than original containers or properly branded containers as heretofore described, the person purchasing the same must mark or placard the package with the words "cold storage food" or on the sales slip, which must be given to the purchaser.

**Police and Strikers Battle in Dublin**  
 DUBLIN, Sept. 22.—Dublin streets again were the scene today of a battle between the police and strikers. Many heads were broken. Thirty-five civilians and seven policemen are in hospitals as the result of the engagements and many others were treated for minor injuries.

The number of men in Dublin either on strike or locked out is about 20,000. They have many supporters and are in savage spirit. In the fighting today the police used their clubs freely, and the strikers retaliated with bottles and other missiles so fiercely that one of the mounted force was knocked from his horse and severely injured and several foot policemen were carried off on stretchers.

**Fairbury Trims Horton.**  
 FAIRBURY, Neb., Sept. 22.—(Special.)—In a series of games at this point with the Horton, Kan., nine Fairbury defeated this team in two consecutive games. The first game was played here Saturday afternoon and resulted in a score of 8 to 2 in favor of Fairbury. The second, Sunday afternoon, resulted in a score of 9 to 2. Both games were one-sided in favor of Fairbury. In playing over twenty games since being organized, Fairbury has lost only one game and that was with the Alexandria nine, the score being 1 to 0.

**Revenue Cutter Bear Has Close Call in the Ice**  
 WASHINGTON, Sept. 22.—The revenue cutter Bear, moored to a menacing iceberg and completely wedged in by heavy floes of ice drifting in a swirling current toward the North pole, narrowly escaped destruction on its annual cruise from Nome to Point Barrow, Alaska.

"No apparent damage was done to the vessel in the pack," reported Captain Ballinger, "but it encountered tremendous swirls of the current and narrowly escaped destruction against the ground ice four or five miles north of Point Barrow. It was entirely unmanageable and its situation seemed very critical. It finally drifted broadside between two heavily drifted bergs, with but a few feet spare at either end, and was worked around into clear water and anchored to the eastward of the point."

The parcel post has found its way to Alaska, Captain Ballinger reporting that the new mail service is being utilized by the natives in sending fox skins to Seattle.

"Taking them all around," Captain Ballinger reported, "the native villages within the Arctic circle could be held up as models, so far as law and order is concerned, to places of equal size in any other country in the world."

**Daughter and Son of King of Spain Are Deaf and Dumb**  
 MANCHESTER, England, Sept. 22.—Relatives of the queen of Spain have been shocked by the news that the second daughter of the queen, like her second son, will be both deaf and dumb, says the Manchester Guardian. It is feared that the little Spanish princess is totally deaf and unless this can be corrected she will probably never be able to speak.

The pessimistic reports of the physician and specialists have nearly broken the heart of the queen. She goes constantly with her children to the convents of the religious orders in and near Madrid to ask for prayers of intercession on their behalf, and particularly of late on behalf of her young daughter.

**Daring Frenchman Flies Upside Down**  
 VERSAILLES, Sept. 22.—The French aviator Pegoud, who recently made an upside down flight, accomplished today another daring feat in his self-imposed task of proving the stability of the aeroplane. After mounting to a great height Pegoud dipped the left wing and his machine slowly turned over on its side. The aviator flew for some seconds head downwards. He then gained the upright position by gracefully looping the loop. Pegoud's hazardous flight was watched with breathless interest by a great crowd. Pegoud ascended 3,200 feet. Before looping the loop he went through a series of most fantastic feats, tumbling forward and sideways, slipping backward and twisting in the air.

While making the loop Pegoud was flying upside down at a height of 1,500 feet.

**ALIENIST IS PUZZLED AFTER EXAMINING SCHMIDT**  
 NEW YORK, Sept. 22.—Apparently much against his will, Hans Schmidt, the priest who murdered Anna Amuller, planned other murders and equipped a counterfeiting plant, was examined today by an alienist—Dr. Gustave Scholer, neurologist at the Washington Heights hospital. At the end of an hour's interview with the prisoner, Dr. Scholer said he was not prepared to call Schmidt an insane man.

**Get Rid of the Torment of Rheumatism.**  
 That you can do so by riding yourself of the cause. Weak, sluggish, inactive kidneys allow the uric acid crystals to circulate in the blood, and these lodge in the joints and muscles, cause rheumatism, lumbago, and stiff, swollen, aching joints. Foley Kidney Pills ease your pain and torment from the time you begin taking them. They positively and permanently build up the kidneys, restore their normal action, and strain out the uric acid crystals that cause rheumatism and lumbago. Try them. All dealers everywhere.—Advertisement.

**TO RAISE MONEY FOR ROAD**  
 Platte Valley Transcontinental Highway Association to Meet.  
**DATE OF MEETING OCTOBER 8**  
 Commercial Clubs in Every Town Along the Route Asked to Assist in Building the Proposed New Highway.

To provide ways and means of raising about \$2,000 per mile for the distance across Nebraska from Omaha to Julesburg is to be the principal business of the Platte Valley Transcontinental Highway association, which will meet at Central City October 8, according to James Henderson, secretary of the Central City Commercial club, who is in Omaha. The Platte Valley association is a branch of the Lincoln Highway association, having in hand the building of the Nebraska strip of the great transcontinental highway. It has been estimated that it will take an average of \$2,000 per mile to finish this road in Nebraska, according to Henderson, as most of it is to be concrete. President Joy of the Lincoln Memorial Highway association is to be present at Central City and the Nebraska congressmen and senators are to be urged to be present, as the raising of the necessary money is a big piece of business. An effort will be made to induce the federal government to appropriate largely for the construction of the road.

The commercial club of every town along the route in Nebraska has appointed a director to take charge of the work from his town half way to the next station. Money has rapidly poured into the fund of the Lincoln Memorial Highway association for this great project, but more is still needed. Membership certificates are issued in almost any amount up to \$25,000. Life memberships in the association cost \$5,000. Many of the large industries in the country have already subscribed thousands of dollars and many have taken the life memberships costing \$5,000.

Dr. H. E. Gladfelter of Central City is president of the Platte Valley association, and B. D. Parker of Julesburg, Colo., is secretary. A big banquet has been arranged for the evening of October 8 to close the day's program.

**NEBRASKA GUARDSMEN NOT IN FILM BUSINESS**  
 (From a Staff Correspondent.)  
 LINCOLN, Neb., Sept. 22.—(Special.)—Considerable agitation has been created among members of the National guard because of the publication of a story that the guard was to be called out to the scene of the Custer massacre for the purpose of assisting the government to take some motion pictures of the battle which would be reproduced by the aid of a large band of Indians and companies of the Nebraska National guard and cavalry troops of the regular army.

Major Haysel, assistant adjutant general, was in communication over the phone with Adjutant General Hall this morning, who is recuperating at Excelsior Springs, and says that the story is all "bum steer," "tommy rot" and a lot of other things.

**PRESIDENT TO REVIEW THREE CAVALRY REGIMENTS**  
 WASHINGTON, Sept. 22.—President Wilson will be given an opportunity during the first week of October to review the largest aggregation of mounted troops of the regular army that has assembled in Washington since the grand review in the late '90s of the seasoned veterans led by Generals Grant, Sherman and Sheridan.

This aggregation, composed of the Tenth, Eleventh and Fifteenth regiments of cavalry, has been encamped at Winchester, Va., since the middle of July and will break camp October 1. It is planned to have these regiments march to Washington, where the president may review them.

**CONVENTION TAKES 'MOVIE' TOUR OF COAST STATES**  
 CHICAGO, Sept. 22.—Delegates to the International Refrigeration congress took a moving picture tour of the west today. Scientific discussion of the problems of refrigeration were put aside and the delegates attended a special picture show portraying California and San Francisco.

Persistent Advertising is the Road to Big Returns.

**Feel Headachy, Bilious, Constipated, Shaky, Dizzy and Sick—A Dime a Box**  
 You're bilious! You have a throbbing sensation in your head, a bad taste in your mouth, your eyes hurt, your skin is yellow with dark rings under your eyes, your lips are parched. No wonder you feel ugly, mean and ill-tempered. Your system is full of bile and constipated waste not properly passed off, and what you need is a cleaning up "inside." Don't continue being a bilious, constipated nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember, that your sin, disordered stomach, lazy liver, and clogged bowels can be quickly cleaned and regulated by morning with gentle, thorough Cascarets; a 10-cent box will keep your head clear and make you feel cheerful and buoy for months. Get Cascarets now—wake up refreshed—feel like doing a good day's work—make yourself pleasant and useful. Clean up! Cheer up!

**Publicity Pointer**  
 The peak of perfection in advertising may be obtained through the use of good engravings.

Pictures tell the story of the goods advertised and everybody grasps the point at once from the picture. Engravings can be made either from photographs or drawings, or direct from the object itself. The engraving plant of The Omaha Bee is thoroughly equipped to handle every detail, including making the original photograph or drawings. Our engravers have been chosen, each because he is the best in his own line of work. Our equipment is the newest and best. When you need illustrations, give us an opportunity to show our ability. A newspaper engraving plant makes out-which show good results under most difficult printing conditions. Our prices reasonable. Engraving Department, The Bee Publishing Co., 1704 Farnam St., Omaha, Neb.
