

MME. YALE'S GENEROSITY SKIN FOOD FREE

We are pleased to announce that we will have a special sale on Mme. Yale's Remedies this entire week. Every day until Saturday night we shall give with each 80-cent purchase of any of Mme. Yale's preparations a large jar of Mme. Yale's Skin Food (sample size), value one dollar. This generosity on Mme.

Yale's part is most commendable and has met with prompt response from the ladies who know the true value of the Yale Remedies. We are pleased to note how many thousands are taking advantage of this rare opportunity of supplying themselves with Skin Food. This much coveted article is all and more than what is claimed for it, therefore it is an important adjunct to every woman's toilet table, as well as a necessary factor in obliterating from the countenance the marks of time.

MME. YALE'S REMEDIES

We have been Mme. Yale's Omaha agents for a great number of years and can truthfully say the sale on her goods, which has been phenomenal, is constantly on the increase, and we hear nothing but praise from those who use them. Mme. Yale is unquestionably the greatest living authority on woman's beauty, therefore her remedies can be relied upon to do all that is claimed for them. We are pleased to recommend them to our patrons and friends.

All Goutres Can Be Cured.
It affords me great pleasure to announce to those suffering from Gout that I can positively cure them. I use the German treatment, which has never been known to fail. You can be cured at home. Consultation free. If you have Gout write me for circular.
J. W. JENNEY, M. D.,
Box 149, Salina, Kans.

BEGIN TALK OF DELEGATES

Few Candidates Yet Mentioned for Honor of Attending Convention.
CONVENTIONS STILL ORDER OF THE DAY
Six of Them in Session at the Capital City—Co-operative Grain Men Desire More Legislation in Their Behalf.
(From a Staff Correspondent.)
LINCOLN, Jan. 21.—(Special.)—Now that the fixing of the time for the holding of the state convention is settled and President Roosevelt and John L. Webster have both been unanimously endorsed by the republican state committee, the question of who will attend the national convention from the various congressional districts and from the state at large will be the question of the moment and interest for the republicans to settle.

It was a noticeable fact that among the politicians here yesterday the matter of delegates was discussed but little, and if there are some who are laying lines to get on the delegation they are doing so very quietly. The republican politicians from all over the state were interviewed and only in a few instances had the delegate proposition been discussed and had any one been mentioned for places or announced as prospective candidates.
The name of W. H. Harrison of Grand Island and C. H. Forrell of Lincoln were both sprung yesterday for national committee members. The former is a product of the Union Pacific railroad and the latter will be backed by the Burlington. Should the Union Pacific determine to stand for Harrison and urge his election it will mean a fight in the delegation and a harder fight than the one fought for the election of the Burlington crowd say they will have none of Harrison.

The delegates to the national convention select the national committee and if the two big corporations back their men it will mean a warm contest between the railroad and the Burlington. It is expected that district candidates will not be slow to make their wants known. Among those talked of yesterday as prospective candidates were George W. Freeman, Ed. R. Pender, J. H. Pender, and Nelson of Knox, all from the Third district. Adam Bred of Hastings, editor of the Hastings Tribune, is said to desire to represent the Fifth district in the convention, and Theodore Miller of Sutton also wants to represent the Fifth.

ST. EDWARD FOR ROOSEVELT

Republicans of Boone County Adopt Resolutions at Recent Organization of Club.
ST. EDWARD, Neb., Jan. 21.—(Special.)—A number of representative and loyal republicans of St. Edward and vicinity gathered at the town hall Tuesday evening and organized a Roosevelt club by electing G. M. Thompson president, A. Powell secretary and H. B. Sauer treasurer. All present seemed to be of one mind as to who should be our next president and resolutions favoring Roosevelt were adopted without a dissenting voice. Great enthusiasm in this neighborhood plainly reveals the wish of the people. No names but Roosevelt is thought of in connection with the presidency.

HUMBOLDT, Neb., Jan. 21.—(Special.)

Humboldt republicans to the number of about fifty met last night at the Masonic hall for the avowed purpose of organizing a Roosevelt republican club. A permanent organization was effected by the selection of David W. Nell as president, there being quite a scramble for the place. The principal candidates were O. L. Bantz, Judge E. A. Tucker and Mr. Nell, and not until the fourth formal ballot did either receive a majority. The remaining of the evening was spent in the election of officers. H. E. Boyd, treasurer; O. L. Bantz, secretary; E. F. Sharts, committees were named on constitution and membership and surrounding country precincts were invited to work with the club. The heading of the club roster contains a hearty endorsement of the Roosevelt administration, and concedes that he will be the only candidate before the republican national convention. The club starts out with a membership of about 125.

BEATRICE, Neb., Jan. 21.—(Special.)

Mrs. Grace Claussen of this city departed yesterday for St. Louis in response to a telegram stating that her sister, Miss Emily Pitt, who has been studying photography there, had become mentally deranged. Miss Pitt was found Monday night wandering about the streets of St. Louis and was taken to a hospital to await the arrival of her sister. Miss Pitt was employed as a teacher in the Beatrice schools before going to St. Louis and has a large circle of friends in this vicinity who will regret to learn of her condition.

WOODMEN AND NEIGHBORS INSTALL.

BEATRICE, Neb., Jan. 21.—(Special.)—Joint installation of the officers of Beatrice Camp No. 270, Modern Woodmen of America, and Manetta camp No. 40, Royal Neighbors of America, was held here last night. The meeting being attended by nearly 300 persons. At the close of the business session an oyster supper was served in the banquet hall.

BEATRICE, Neb., Jan. 21.—(Special.)

Benjamin Miller, a horse buyer from Tecumseh, yesterday purchased a carload of good horses in this city, for which he paid all the way from \$50 to \$100 per head. He will ship the animals to the St. Louis market.

SHORTHORN BREEDERS.

The Nebraska Shorthorn breeders held their second annual convention at the dairy building at the state farm in the afternoon. After an address of welcome by Prof. H. R. Smith, head of the Department of Dairy Husbandry at the University of Nebraska, several papers of interest were read. Prof. A. L. Hacker of the university

DR. WILLIAM HOOKER VAIL,

A Prominent St. Louis Specialist Says Duffy's Pure Malt Whiskey Has Done More for Consumptives Than All Other Medicines.
Following is the new board:
First—H. H. Hanks, Otoe county.
Second—No one present from this district and the election was left with the district at large.
Third—O. Brittel, Elgin, Antelope county.
Fourth—D. W. Baker.
Fifth—J. B. Canady, Minden, Kearney county.
Sixth—L. R. Deets, Buffalo county.
Director at large—J. T. Brady of Albion, Boone county.

Forming Big School District.
Out in Hooker county the people are just now making into school districts that unorganized territory which covers one end of the county. This was done upon the suggestion of Superintendent Fowler, who is trying to get that 6,000 square miles of territory which is not organized into school districts in such a shape that a school tax may be levied and the youth of the territory may be given the advantages of schools that is now denied them. Mr. Fowler has just returned from Hooker county and he reports that the county now has three and one-half school districts, one of which is 575 square miles in extent. The school laws of the state provide that this unorganized territory shall be organized into school districts.
School at the Penitentiary.
The school that was to have been started at the state penitentiary will not be established until after the cells there have been completed. Warden Beemer requested the State Board of Charities and Correction to keep its hands off until after the work was finished, as he had too many things to do to start the school now. It is the intention to have the inmates teach each other. Those who finish their tasks early in the afternoon are to at once go to the school room and those who do not are to take their instructions at night. Upon the young inmates attendance will be compulsory. Some of the inmates are well educated and are desirous that the school be begun at once.

Finds a Better Job.
A. W. Mueller, stenographer for Superintendent Clark at the State Normal school at Peru, has resigned and Mr. Clark is looking for a man to take the place. Mr. Mueller stated in his resignation that he had been offered a more lucrative position and as his excuse was not because he contemplated matrimony the board said the resignation had been accepted.

MATRIMONIAL BUREAU BOOMING.

A fake story sent out from Lincoln some time ago to the effect that the Department of Labor at the state house intended to start a matrimonial bureau has caused an influx of letters to the department that has flooded it. This morning a half dozen were received from men who live in Iowa and more than that many were received from residents of Minnesota. So far very few women have made application for helpmate. As Mr. Bush has the address of any number of men who want to marry the women are urged to take them off his hands. In the meantime the Society of Labor and Industry yesterday afternoon presented Bush with an elegant gold watch as a token of the esteem in which he is held by the members of the society. An appropriate inscription is engraved on the case.

GUARD OFFICERS GO TO FLORIDA.

General Barry, Adjutant General Culver and Colonel Evans left this afternoon for St. Augustine, Fla., to attend a meeting of the Interstate National Guard association. It is expected that the secretary of war and others prominent in military affairs will be present to conduct schools of instruction. Before leaving General Culver issued an order for the members of the Nebraska National Guard to prepare for an inspection by the state preparatory to federal inspection.

GALVIN HAS BAD REPUTATION.

John Galvin, suspected of bank robbery and now in the city jail here, has been identified by the Pinkertons as "Texas Johnny," a bad man from Kansas who is one of a gang of hobo burglars. The Pinkertons in writing to Chief of Police Rutzahn today stated that Galvin had served a term in the Lansing penitentiary and was at one time a bartender in Hanover and that he was a bad man. Galvin left \$3,000 in mutilated bills at a Crete bank to have them redeemed a few days before his arrest. The police believe the money was stolen.

STORM AT BEATRICE.

BEATRICE, Neb., Jan. 21.—(Special.)—Quitted a heavy rain, sleet and snowstorm visited this section last night. A strange condition existed during the storm because of frequent flashes of lightning, accompanied by thunder.

Dr. William Hooker Vail, M. D., St. Louis, Mo. Gentlemen—Duffy's Pure Malt Whiskey was introduced to me through a consumptive patient whom I was treating. I called on her one afternoon after an absence of about two months and remarked that she was so much improved. I inquired after medications, etc., and she stated she had been using nothing but good food and plenty of Duffy's Pure Malt Whiskey. Her improvement was so marked that I went directly and purchased it for several other patients suffering similarly, and in a short time they all expressed decided improvement, and from personal observation and physical examination there was great improvement in the lung tissues. Two who had Lepra (Consumption (consumption of the throat)) are now entirely well. I am employing it extensively now in my practice, in La Grippe, Pneumonia, Bronchitis, Asthma, (Influenza or Malaria), starvation from lack of assimilation of food, etc., always in convalescence. Its agreeableness to the taste and stomach of all people and condition makes it almost a panacea for all diseases of the throat and lungs. It is an absolutely pure, gentle and invigorating stimulant and tonic, builds up the nerve tissues, tones up the heart, gives power to the brain, strength and elasticity to the muscles and richness to the blood. It brings into action all the vital forces; it makes digestion perfect, and enables you to get from the food you eat the nourishment it contains. It is invaluable for overworked men, delicate women and sickly children. It strengthens and sustains the system, is a promoter of good health and longevity, makes the old young and keeps the young strong. It contains no fusel oil and is the only whiskey recognized by the Government as a medicine. This is a guarantee. CAUTION—When you ask for Duffy's Pure Malt Whiskey be sure you get the genuine. Unscrupulous dealers, mindful of the excellence of this preparation, will try to sell you cheap imitations and so-called Malt Whiskey substitutes, which are put on the market for profit only, and which, far from relieving the sick, are positively harmful. Demand "Duffy's" and be sure you get it. It is the only absolutely pure malt whiskey which contains medicinal, health-giving qualities. Look for the trade mark, "The Old Chemist," on the label. Duffy's Pure Malt Whiskey sold in sealed bottles only; never in flask or bulk. It is sold by all druggists and grocers, or direct, at \$1.00 a bottle. Medical booklet sent free. Duffy Malt Whiskey Co., Rochester, N. Y.

The Bee---For all the News

RHEUMATISM
DREAD OF WINTER
The cold, misty rains, northerly winds and damp, cloudy days of winter cross the old pains and aches and bring out all the misery of Rheumatism. All rheumatism troubles spring from a too acid blood and the deposit of gritty, irritating particles of acid matter in the joints and muscles, producing kees, cutting psains, inflammation and swelling, and a feverish condition of the whole system.
I had been with Rheumatism for two years, been under treatment of physicians and tried everything recommended, but all to no avail. All the way from \$50 to \$100 per head. He will ship the animals to the St. Louis market.
I could not use them. My finger joints were also affected so that I could not sew. Could barely get out with the aid of a cane. I was unable to do my household work, and was truly in a pitiable condition.
I had a long story to tell, but I will not say it here. After using it for some little while, and I unbelievably recommend it to all rheumatic sufferers.
MRS. MARIAN DECKER.
East Liverpool, Ohio, July 28, 1903.

S. S. S. neutralizes and filters out of the blood and invigorates and tones up the sluggish organs, and the cure is thorough and lasting. S. S. S. contains no Potash, Alkali or other mineral ingredient, but is guaranteed purely vegetable, unequalled as a blood purifier and general tonic. Write for our book on Rheumatism. Medical advice and all information given without charge.
