...er appointed unless we find it necessary," said this official. "Mr. Bancroft will spend a great deal of his time in Omaha for a while and the rest of it will be spent in looking over the eastern portion of the Union Pacific system. He is quite familiar with the western lines now, but feels that he should know the eastern end of the system better. He will also spend some time on the Kansas division during the next few weeks. He was formerly employed on the Kansas division, but that has been a great many years ago, and of course the knowledge he gained of the property then would be of but little benefit to him now. If, after Mr. Bancroft has been connected with the line a while, and he then feels that he needs someone here to help assume the responsibility, of course, someone will probably be appointed to fill the position of assistant general manager. But as matters stand now I can assure you that nothing in that line will be done at present. "When it comes to the matter of changes in officials I think I can safely say that there are no changes contemplated at the present time. Of course, the railroad business, like everything else, is uncertain. We run along from day to day. A man may be giving perfect satisfaction today and be very unsatisfactory tomorrow, in which latter case we would probably make a change. But I can state now that there are no changes in prospect so far as I know. "Improvements in Prospect. "There are a number of improvements to be made which have been under consideration and decided upon for a long time past. But, as I said before, business is uncertain and it would not be good policy for me to state what the nature of these improvements are when our plans

might be changed within a week, from some cause unknown to me now. I can state, however, that none of these improvements will be of an extensive nature. That is, none which will be taken up soon. "Mr. Bancroft will not go to New York at present. The first trip he makes will be one to inspect the Nebraska and Kansas divisions of the Union Pacific. At least those are his present plans."

Des Moines, was in attendance with a number of prominent horsemen from all over the state, and nearly all the cities in the circuit were represented. Waterloo acts the next annual meeting. The schedule adopted is: Nashua, fourth week in May; New Hampton, first week in June; West Union, second week in June; Decorah, third week in June; Cedar Rapids, fourth week in June; Marion, first week in July; Waterloo, second week in July; Marshalltown, third week in July; Okaloosa, fourth week in July; Mason City, first week in August; Fort Dodge, second week in August; Boone, third week in August.

HITCH IN THE DENVER SALE

Attorneys for Base Ball Magnates Ask for Continuance of Lincoln Lavault.

(From a Staff Correspondent.) LINCOLN, Jan. 21.—(Special Telegram.)—That there is a hitch in the negotiations for the sale of the Denver franchise in the Western league by D. C. Packard to George Tebeau was confirmed today by the receipt of telegrams by the attorneys representing the two factions in the injunction suit begun by Tebeau in Lincoln last week and which is still pending before Judge Holmes. The telegrams, which came before Tebeau and Packard, request that the attorneys go before the court and ask for a continuance until February 1, also stating that the negotiations for the sale are still pending, but are not yet concluded. Judge Holmes will grant the continuance this afternoon.

EVENTS ON RUNNING TRACKS

Oarsman, the Favorite, Fumbles and Throws Jockey in the Fourth Race at Oakland.

SAN FRANCISCO, Jan. 21.—Immediately after the field broke in the fourth race at Oakland today Oarsman, the 1 to 2 favorite, stumbled and threw Jockey Wonderly. The event escaped jury. With Oarsman out the chance was given for Waiswift, a 15 to 1 chance. Schero, winner of the third race, was declared to be winning as he was better than Oarsman. Oarsman was a bad race, the even money favorite, Jockey Bullman, suspended for failure to keep his engagements, will be allowed to ride in the Lisak handicap Saturday. Results: First race, seven furlongs: Libby won, Harbor second, Emily Oliver third. Time: 1:53. Second race, three and a half furlongs: Arise won, Del Carina second, Sea Air third. Time: 1:36. Third race, five and a half furlongs: Schero won, Tagotte second, Quaker Girl third. Time: 1:56. Fourth race, one mile and fifty yards: Waiswift won, Drafter second, Fred McGowan third. Time: 1:43. Fifth race, Futurity course: Princess Titania won, Cascade second, Letitia third. Time: 1:19. Sixth race, seven furlongs: Kisel Abbott won, Mountbank second, Bill Manley third. Time: 1:54.

KNOCKOUT BLOW FOR BOXING

Boston Determined to Break Up Exhibitions of Prize Fighting and Arrests Are Made.

BOSTON, Jan. 21.—The carrying out of a plan of the Boston police board to stop all boxing exhibitions and prize fighting in Boston today resulted in the holding of a grand jury of Joe Choynski and Kid Carter, who were arrested Tuesday night at the Criterion Athletic club, after Carter had knocked Choynski out in the first round. Eight others were arrested, charged with aiding and abetting a prize fight and were held to a grand jury. Bail for each was placed at \$500.

WOMAN IN CLUB AND CHARITY

It begins to look as though the Board of Lady Managers of the St. Louis exposition is to have a chance to make up in service what it lacks in authority. The special act of congress that created the board provides that it shall "appoint one member of every jury that is to pass upon the work that is produced in whole or in part by female labor." The number of juries to be appointed is about 1,200. Besides serving on these juries of award, women are having a substantial part in other departments of the exposition, a number being engaged as sculptors or painters in the decoration of the buildings, and one at least, as an architect. The building occupied by the Board of Lady Managers is a two-story, fire proof, red granite structure to be used later as the laboratory of physics by Washington university. The exhibit of the jubilee presents of Queen Victoria will be placed in this building and the Colonial Dames and Daughters of the American Revolution will exhibit there also.

The recently issued year book of the Nebraska Women's Christian Temperance union includes a course of study for unions that is being followed by many with most beneficial results. The outline is broadening, including a variety of subjects, a knowledge of which is most helpful, if not altogether essential to any organization that would attempt reform. Among the subjects are: A parliamentary drill, a study of the counties and cities of the state with reference to their government, their officials and the manner of choosing these officials; taxes, the state institutions, state history and government and a course in Bible study. One frequently hears the complaint that a union or a club is not growing; that the mem-

bers do not take an interest. It is safe to say that the adoption of this program will insure something interesting to all, while the growth desired may be easily attained if the members already in will each do their share in the way of the little courtesies that make friends—and hold them. Each month seems but to increase the work and the usefulness of the Visiting Nurses' association and the new year has started out with more than ever before. In fact, the work was so heavy that the service of an extra nurse had to be secured in addition to that of the regular nurses, special nurses having been required in eleven cases. There were in all eighty-seven patients cared for; eight patients were sent to hospital; four to friends out of the city and there were five deaths. There was a large attendance at Thursday afternoon's meeting and it has been decided that the annual Birthday party will be celebrated February 2. The place has not yet been definitely decided however, though it is customary for one of the larger homes of the city to be thrown open each year for this occasion. Each guest brings a birthday bag containing a penny for each year and this fund is used in carrying on the year's work and is one of the chief sources of support.

Mrs. R. M. Stevenson will address the Sunday afternoon gospel meeting of the Young Women's Christian association at 8:30 o'clock.

The question has been asked, "What are the privileges of membership in the Omaha Young Women's Christian association?" and besides naming the various social, educational and other privileges the Weekly Budget, issued by the association, says: "The first and most important is the privilege of being one of the host of the women of the world who are today organized for the upbuilding of young womanhood. Every woman who loves

other women and cares for their eternal welfare must feel she wants to be one who shall not only get, but give." The membership fee is only \$1 a year and any woman who has ever had a glimpse into the lives of the many, many women in Omaha who, employed all day, have little or no social or educational advantages, should feel that it is worth the dollar to give them what the association affords. The P. E. O. society has arranged an exceptionally attractive program for Saturday afternoon's meeting, to be held at 8:30 o'clock at the home of Mrs. George Fervey, 1116 North Fortieth street. A feature of the afternoon will be a talk by Mrs. Walter Preston, nee Myrtle Robinson, on the Klondike. Mrs. Preston, in company with her husband, spent nearly three years there and an invitation has been extended by the society to all friends interested in the subject to attend the meeting. The unflagging energy of the Chicago club women keeps one constantly wondering what they will do next. On Tuesday of this week every club in Chicago was invited to attend a reciprocity meeting arranged by the Social Economics club, and every club in the state was invited to send a speaker to occupy not more than three minutes. A luncheon followed. It is a significant fact that wherever women's clubs have undertaken to accomplish reform through legislative enactment civic and political study clubs have resulted.

In Memory of Train. In token of the memory of the late George Francis Train, after whom the school was named, the American flag floats at half-mast from the Train public school at Sixth and Hickory streets. In addition to this tribute the pupils are being taught something more of the character and life of this strange but remarkable man, who was so devoted to the cause of education, as to many other laudable works.

VITAL WEAKNESS

Above all other things we strive to save the thousands of young men and middle-aged men who are plunging toward the grave, tortured by the woes of neuro-sexual debility caused by self-abuse, excesses, etc. We have evolved a special treatment for neuro-sexual debility and special weakness that is uniformly successful in cases where success was before by other doctors deemed impossible. It does not stimulate temporarily, but restores permanently. It allays the irritation of the delicate tissues surrounding the sex and unduly expanded glands and seminal ducts, contracting them to their normal condition, which stops night emissions, dries up day drains and prevents prematureness. It tones up and strengthens the blood vessels that carry nourishment to important organs, restoring full power, strength and vigor.

I WILL CURE YOU

"We make no misleading statements or unsubstantial propositions to the afflicted, nor do we promise to cure them in a few days in order to secure their patronage, but we guarantee a perfect, safe and lasting cure in the quickest possible time, without leaving injurious after effects in the system, and at the lowest possible cost for honest, skillful and successful treatment." WE CURE QUICKLY, SAFELY AND THOROUGHLY: Stricture, Varicocele, Emissions, Neuro-Sexual Debility, Impotency, Blood Poison (Syphilis), Rectal, Kidney and Urinary Diseases, and diseases and weaknesses due to inheritance, evil habits, abuses, excesses, or the result of specific or private diseases.
