WOMEN, RICH AND POOR RELY UPON PE-RU-NA.

It is Essentially a Successful Home Remedy and is Taken at Home.

Invalid Women Apply by Thousands for Dr. Hartman's Free Home Treatment by Letter.

MRS. LIZZIE REDDING.

Women are everywhere talking about Peruna. "To be healthy," is the slogan of women everywhere. The busy days have not a moment to be given over to ill-health. Everyone is seeking a remedy that will cure.

Peruna, because there are no narcotics used in its composition, is a cure, not a stimulant. Women tell each other of the wonders Peruna has wrought. Not only do they tell, but write of it, and hundreds of letters, that necessitate a large force of clerks to assort, reach Dr. Hartman every day from grateful have-been patients, but these are now few.

The reason that Peruna is such a special favorite with women is something more than all this. Women are subject to pelvic catarrh. This condition has been called all sorts of names and is often referred to under the general phrase, female disease. Peruna cures these cases. Peruna cures them because it cures at the source where located. The nature of most of these ailments is catarrhal.

Catarrh is liable to attack any organ of the body. It is especially liable to attack not only the bladder, but the female pelvis. No wonder women talk about Peruna. No wonder they think it is the greatest medicine in the world.

Peruna Brought Health and Happiness.

Miss Nellie South, late of Manchester, England, writes from 36 Prince Arthur Street, Montreal, Can., as follows: "Peruna has made a wonderful change in my life. It has brought me health and happiness. Since my seventeenth year with female complaint and irregularities my general health suffered. I had pain in my back and lower limbs, my eyes were dim, and I became morose and unreasonable. Mother sought the advice of our family physician, who prescribed for me, but I grew no better under his treatment. I then read of Peruna and procured a bottle. The one bottle was worth more than all the doctor's medicine I had previously taken. I felt so much better and kept on taking it for six weeks with unmarked improvement in my health. I cannot express my gratitude. Peruna has been a great blessing to me."—Miss Nellie South.

Peruna Cures Catarrh of the Bladder.

Mrs. B. C. Appleget, Royal Center, Ind., writes: "Last winter I was troubled with catarrh of the bladder. I tried several different remedies, and also went to a physician, who said I would have to go through an operation. But I objected to that, and my husband got me a bottle of Peruna to try. It did me so much good that I got

condition of life, history and symptoms of her derangement. All cases of female diseases, including menstrual irregularities, displacements, ulcerations, inflammation, discharges, irritation of the ovaries, tumors and dropsy of the abdomen, should apply at once and become registered as regular patients. All correspondence will be held strictly confidential. No one knows better than Dr. Hartman how much the women suffer with diseases peculiar to their sex. No one knows better than he how low many of them suffer with such diseases. Patiently, hopefully, wearily, and often silently, they eke out a miserable existence, year after year. We have on file many thousand testimonials. The doctor will prescribe all medicines, applications, hygienic and dietary regulations necessary to complete a cure. The medicines prescribed can be obtained at all drug stores. This offer will hold good only during the summer months. Any woman can become a regular patient by sending a written statement of her age, Peruna.

Police Score Once. The police scored today against the Traction company, which recently issued an order that the members of the department had to pay fare the same as ordinary individuals, by arresting Conductor George Mann for obstructing a street crossing more than ten minutes, and Mann stated that he would plead guilty to having left his car for more than an hour. He said he did not know there was such an ordinance in existence. At least some good has resulted in the war between the police and the Traction company. That is that no longer three cars come down the streets about ten feet apart at a break-neck speed. The ordinance provides that cars shall be run at least 100 feet apart, and the police will observe that in every city ordinance in Nebraska, the one that specifies the cars cannot be run more than seven miles an hour.

No Extortion in St. Louis

Liberal Accommodations at Moderate Rates Assured by the Administration. The great exposition of the St. Louis World's Fair is extending to the vast majority of its patrons to the extent of enjoying ample accommodations at reasonable rates, hence under its auspices an enormous hotel, called The Inside Inn, has been erected inside the grounds of the exposition. This structure is three stories high, 400 feet wide and 800 feet long. It contains spacious parlors, reading rooms and reception rooms. Its dining room and restaurant seats 2,000 people at a time and it contains 2,500 sleeping apartments. All visitors to this hotel enjoy the same service and the same excellent table, the range of prices being determined simply by the location and size of the rooms. The hotel is run on both the European and American plans and rates vary from \$10 to \$25 per day. European, and from \$3.00 to \$7.00 American, including admission. The Inside Inn is under the personal supervision and management of Mr. E. M. Blatter, the well known restaurateur of Buffalo, who has been guaranteed the high quality of the cuisine and service. The comfort and convenience thus afforded visitors in not having to go outside the grounds or of incurring the trouble and crushing of street cars and suburban railway service cannot be overestimated. Once a visitor is registered at The Inside Inn no further admission fee to the exposition is charged, and after a tiring morning or afternoon one can readily return to their rooms, wash and rest up, refresh themselves with a first-class meal and then turn out to enjoy the pleasures of the evening in the exposition grounds. The enormous capacity of The Inside Inn makes good accommodations for all, no matter when or at what numbers they come—but those who prefer to reserve their rooms in advance can do so now. Full details of rates and reservations can be had by sending a postal card to The Inside Inn, care of Administration Bldg., World's Fair Grounds, St. Louis.
