Approach of Half-Yearly Settlements Will Involve Some Preparations for Large Disbursements—Review of Week's Business.

NEW YORK, June 13.—A good deal of confusion marked the price movement of securities last week and this gave rise to, or was the index of, uncertainty in the opinion of the speculative outlook held by the operators in the stock market. Continued activity was asserted by powerful speculative forces by the vigorous making up in the price of stocks here and there of a class calculated to exercise influence on sentiment. At the same time advantage was taken of developments in equally influential stocks to push them for sale, even at the expense of sharp inroads on the prices established.

Government Crop Report.

The government report on the June 1 condition of the grain crops received close attention from financial observers, and it failed to offer the full encouragement hoped for as to the promise of the harvest. The decline in the condition of winter wheat during May was a disappointment and the reported increase in acreage of spring wheat planted fell short of the previous estimates, although the high condition of the latter was a source of satisfaction. Speculative attention has been turned to the corn crop, but while a large yield is expected, the fact that official determination of the acreage planted remains to be made, impels caution in the assumption of the final outcome.

Interest Rates Advance.

Interest rates on money advanced in all markets during the week. Discount rates rose in London. Paris, Berlin, but the outgo of gold from New York to Paris was checked. Rates both for call and time loans were higher in New York and borrowing from foreigners was extended. There were some large sales of France bills in the New York exchange market, believed to be in connection with operations of the syndicate to deal in United States Steel in Paris. At the same time New York exchange at Chicago fell back to par or below, the figure inviting shipments of currency to New York from there.

Will Deport Alien Crooks

Big Bunch Confined in New York. Persons Will Be That Back Whence They Came.

ALBANY, N. Y., June 13.—Superintendent Collins of the state prison department has completed a census of the prison population. It shows that of the 960 alien convicts, 219 were convicted of felonies within three years after their arrival in this country, and under the law they may be sent back to the countries from whence they came. The department of Commerce and Labor at Washington, which has jurisdiction over the deportation of such aliens, will be notified. Superintendent Collins will also recommend to Governor Hughes that the sentences of all such aliens be commuted in order that they may be deported.

Army Captain Fatally Shot by Corporal

Petty Officer at Des Moines, After Wounding Three Men, Turns Revolver on Himself.

DES MOINES, Ia., June 13.—Corporal Leslie Crabtree, this afternoon fatally shot Captain John C. Raymond, commanding officer of Troop B, Second United States Cavalry at Fort Des Moines, then shot and seriously injured First Sergeant James R. Washburn, and Corporal Elijah Such, who attempted to disarm him, and shot himself.

Crabtree's injuries are not necessarily fatal, the bullet striking a rib above the heart and crushing it. Crabtree had been reprimanded by Captain Raymond because of his failure to report when his leave of absence had expired this morning. He had spent the night in Des Moines and was to have returned to his barracks at 7 a. m. Crabtree was summoned by Captain Raymond this afternoon and questioned as to his conduct, whereupon the corporal testified that he had leave of absence till 1 o'clock tonight. Captain Raymond accepted this explanation and the incident was considered closed when Crabtree demanded that he be transferred to another department of the army, which Captain Raymond refused to consider, telling the corporal he could not do that as long as he was not a good soldier.

Immediately Crabtree pulled a revolver from his pocket and began firing. Sergeant Washburn jumped to his feet and snatched the soldier, receiving a bullet in the hand and one in the jaw which shattered the bone. Captain Raymond had seized the man's arm and was about to disarm him when a bullet struck him in the neck, lodging in the spine, and he dropped to the floor paralyzed. A bullet struck Corporal Such in the left arm. Crabtree then fired a bullet into his own body.

Crabtree is the son of Brigadier General Charles W. Raymond, retired, formerly of the engineers in charge of rivers and harbors and stationed at New York. His brother is Major Robert Raymond of engineers, stationed at New York. Captain Raymond is 28 years old and a member of one of the most well known military families in the east. He was commissioned from Pennsylvania.

PARIS, June 13.—The Figaro and Temps, apropos of the reports that Robert Bacon, ex-ambassador, is coming to Paris as American ambassador, print highly eulogistic editorials regarding the present ambassador, Henry White, in which they recall the particular gratitude which France feels for him on account of the role he played at Algiers and the high esteem in which he is held in official and social circles. They bluntly express the hope that he will not be replaced.

Coolies Found on Hill Liner

Ten Smuggled Chinamen Are Nabbed by Immigration Officials on Board Ship.

SEATTLE, June 13.—Immigration officials, after picking up the wharf a stray Chinese, who admitted that he came over as a stowaway on the Great Northern liner Minnesota, searched the vessel today and discovered nine more smuggled coolies and a quantity of silk and cigars. Inspector C. E. Keasey, who is a heavy man, stepped into the sail locker of the steamer and felt twenty feet through a hole in the floor, alighting squarely on top of nine nude Chinese. Further investigation brought to light several leather sacks, resembling government mail pouches, filled with raw silk and a number of boxes of expensive Manila cigars. The bags of silk are supposed to have been taken aboard with the mail sacks.

Divers Die in Attempt to Raise Submarine Boat

SEBASTOPOL, June 13.—All hope is gone of saving the lives of the crew of the Russian submarine Kambala, which was sunk in collision with the battleship Rostislav during maneuvers Friday night, or of recovering the wreck, owing to the great depth of water. Two divers have died in the attempts to rescue the men on account of the immense pressure. Others have tried repeatedly and heroically to pass chains around the wreck, but finally came to the surface utterly exhausted, having accomplished nothing. All operations have been abandoned.

STRIKERS ARE HELD FOR TRIAL

Japanese Are Bound Over for Inciting to Riot and Conspiracy to Commit Murder.

COURT SIT ON THE SABBATH

Proclamation is Issued Forbidding Any Crowds to Assemble.

SAYS EVIDENCE IS DAMAGING

District Attorney Thinks He is in Possession of All Facts.

GENERAL PLAN OF THE STRIKE

Japanese Consul, It is Alleged, Was Formally Approved Action of Authorities in Arresting Strike Leaders.

HONOLULU, June 13.—Fifteen of the Japanese strike leaders arrested yesterday were given a preliminary hearing today. District Judge W. L. Whitney held twelve of them for trial on charges of conspiring to riot and three for conspiracy to murder. When the territorial district court convened in extraordinary session for the preliminary examination of the strike leaders Sheriff Jarrett, with the approval of Judge A. J. Robinson, ordered that no crowds be allowed to assemble about the court house during the hearing, on the ground that it was likely to lead to disorder. This order was rigidly enforced by a large detail of police.

Crowds Must Not Assemble.

Following the action of the court, William P. Heney, territorial high sheriff, united with County Sheriff Jarrett in the issuance of a proclamation forbidding the assembling of large crowds anywhere in the territory while present conditions obtain. With thousands of idle Japanese excited over the arrest and trial of their countrymen, the authorities deemed the order wise.

The authorities declare the evidence adduced before the grand jury yesterday and the papers secured in the Japanese high wage association raid, furnish abundant grounds for the belief that the strikers intended from the beginning to resort to intimidation and violence in their effort to control the sugar industry and eventually the internal affairs of the territory.

Evidence is Stated.

District Attorney W. A. Kintner, who had charge of the prosecution, stated today that the evidence discloses the entire plan of the strikers in the inception of the agitation for higher wages. The plan, he says, included the controlling of the strike by a secret committee and the carrying of a campaign among the Japanese laborers through the columns of the Nippo and the Jiji—two newspapers controlled by the leaders; the accumulation of funds for hiring attorneys to defend and furnish bail money for those placed under arrest as a result of their strike movement. He pointed out the plan to unite in the punishment by strikes or otherwise of such planters as opposed the program, and to boycott such of their own countrymen as refused their co-operation.

Edward Everett Hale is Buried

Many Prominent Men Pay Last Tribute of Respect to the Distinguished Dead.

BOSTON, June 13.—Under the gold dome of the auditorium of the South Congregational church, where for many years Edward Everett Hale broke the bread of life to his people, there gathered today the great niterian family of Boston to pay a last tribute to the leader of Unitarianism. At the same hour a host of friends and admirers of Dr. Hale gathered at the Park street church to listen to eulogies by clergymen of many creeds. Flags were floated at half-mast by order of the city's chief executive.

LIQUID IS DENIED SOLDIERS

Commanding Officer at Fort Riley Refuses to Permit Delivery of Carload of Stimulants.

JUNCTION CITY, Kas., June 13.—A carload of liquor, ordered by the soldiers at Fort Riley, arrived today, but Colonel Ward, the commanding officer, would not let the men have it. The colonel put guards over the car and insisted that it must be sent back to Kansas City. The stringent laws recently passed by the legislature make it impossible to buy liquor in Kansas. The soldiers, restive under the enforced dry conditions, placed liberal orders with a liquor agent who was here last week on pay day. Colonel Ward contends that liquor in the military quarters interferes with discipline.

Dean Says It Has Cost \$1,500,000 to Graduate 219 Young People, but Proves It is Good Investment.

"The thing that is going to win in all your future undertakings is character," declared Rt. Rev. George A. Beecher, dean of Trinity cathedral, to the graduating class of the Omaha High school in his baccalaureate sermon Sunday morning. "You may acquire wealth and influence and preserve a semblance of social respectability and be brilliant in the estimation of your fellow men, but if you have not character your sphere of usefulness in the world today will be infinitesimally small."

Diplomat Says He is Stupefied

Senor Paul of Venezuela Can't Understand Why His Government Recalled Him.

PARIS, June 13.—Jose De J. Paul, the special envoy of Venezuela to Europe, received his recall by telegram from the Venezuelan government just as the protocol with France was concluded. Senor Paul says he was stupefied by the action of his government, as it had previously manifested the fullest confidence in his negotiations in Europe.

Shells Serzed in Black Hand Raid

Shop of Sam Lima Descended Upon—Suspicious Woman Makes Her Escape.

MARION, O., June 13.—Hundreds of shotgun shells containing cross-marked bullets were captured in a spectacular raid on the shop of Sam Lima, the "black hand" suspect here today. The shells and cross-marks were identical with those found in Dennison, Bellefontaine and other towns visited by the officers. Lima, who was out on bail, succeeded in delaying the search until one of six Italian women in the place had escaped. It is believed this woman carried with her documentary evidence and clues to the whereabouts of Sebastian Lima, brother of Sam, who is sought.

Murderous Mutineers Will Be Punished with Severity

MANILA, June 13.—Brigadier General Harry H. Bandholtz, chief of the Philippine constabulary, who is at present on a tour of inspection on the island of Jolo, will at once proceed to Davao, Mindanao island, the scene of the mutiny of the second company of constabulary on June 8, news of which reached here yesterday. Brigadier General Bandholtz will assume personal command of the constabulary forces sent in pursuit of the mutineers. The insular government is determined to make an example of the mutinous Visayans, who fled to the mountain fastnesses in the interior with their rifles and equipments, and the pursuit will be pressed with the utmost vigor until the last of the mutineers have been captured. Several columns of troops, both regular and constabulary, are already in the field.

Victim's Father Wishes to Serve as Executioner

Man Whose Son Was Killed by Black Hand Will Ask for Position as Hangman.

NEW ORLEANS, June 13.—Following the signing of the death warrant of Leonardo Gebbia late yesterday, Peter Lamana, father of the youth for whose murder the condemned man has been sentenced to death, declared today that he would formally request the governor and the sheriff to permit him to act as executioner.

Walter Lamana, the 12-year-old son of Peter Lamana, a well-to-do Italian of this city, was kidnaped and a ransom of \$5,000 demanded for him by the perpetrators as the deed, who operated under the sign of the "black hand." The father declined to comply with the demands and the lad some days later was found dead, his head having been severed.

ON WATCH FOR FILIBUSTER

Two Revenue Cutters Will Try to Nab Alleged Castro Expedition.

BEAUFORT, N. C., June 13.—With two revenue cutters on watch and a north-easter rihning off the coast, the chances of the success of the filibustering expedition from these waters, directed against Venezuela, are small today. Yesterday afternoon the cutter Pamlico left its headquarters under instructions from the Treasury department to set in touch at once with the ancient sidewheel steamer Nanticoke, which is suspected of filibustering intentions.

MAY SEARCH THE NANICOKE

No Warrant is Out for Its Seizure, but it is Likely to Be Overhauled if Cutters Fall in with It.

This vessel was at last accounts at Edenton, a little North Carolina shipping port at the mouth of Chowan river, far back on the western coast of Albermarle sound. The Treasury department activities were invoked because of persistent rumors that ex-President Castro's friends were planning a hostile expedition against President Gomez's government. It was alleged that ten or fifteen thousand stands of arms had been shipped from Belgium to America for this expedition.

DUTY ON OIL IS APPROVED

Finance Committee to Recommend One on Both Crude and Refined Petroleum.

ALSO ON PRODUCTS OF SAME

Wyoming Senators Protest Against Reduction of Coal Duty.

BAGGING IS TO BE DUTIABLE

Southern Senators Will Lose Their Contention Upon This Article.

LITHOGRAPHERS SCORE POINT

Cheap View Cards from Germany Must Pay Tariff Hereafter—Large Increase is Made Thereon Over Present Rate.

WASHINGTON, D. C., June 13.—The senate committee on finance will in all probability recommend that a duty be imposed upon crude and refined petroleum and the products of petroleum in spite of the action of the house in putting these articles on the free list.

This subject was the most important of many matters discussed at a meeting of the republican members of the committee today. The oil question was not disposed of finally, but the indications are that crude oil will be made dutiable at a quarter of a cent a gallon, and on refined petroleum a rate of 25 per cent ad valorem will be fixed. It is probable also that the latter rate will be made to apply to products of petroleum.

Many members of the senate favored the countervailing duty on petroleum, but the representatives of oil producing states did not favor it. The demands for protection upon oil comes principally, it is asserted, from the independent oil men.

Coal Schedule Not Settled.

The coal question was another important subject under consideration today, but was not disposed of. The sentiment of the committee is in favor of reducing the rate on bituminous coal from 27 cents to 20 cents a ton, but the Wyoming senators, in opposing a reduction, assert that the Western Canadian coal would come into the United States at the lesser rate and the Wyoming coal fields could not compete with it.

According to the view expressed in the committee today, however, representatives of the largest coal fields of this country agree that the 20 cent rate will afford ample protection to American coal.

Regardless of the fact that southern senators have been able to hold up the provision for free binding twine for the northwestern farmer pending disposition for the cotton bagging question, the committee do not recommend that bagging be placed on the free list. This will prove a great disappointment to senators representing cotton producing states.

Vote Expected This Week.

The feeling in all factions in the senate is that a tariff may be reached on Friday and a vote may be reached on the proposition the same day. It is possible, however, that efforts may be made to secure a still further postponement of a vote. The week will be devoted to a general cleaning up. With the exception of one disputed point in the silk schedule, the senate last week concluded its second consideration of the bill and disposed of all paragraphs of the schedules on which the committee had reported.

Many Duties Undisposed Of.

Among the questions not acted upon in committee were many disputed points, but there will be an effort to clean them up rapidly and it is believed that comparatively little time will be taken on any of them. Many of the more important provisions still to be considered are those pertaining to lumber, wood pulp, print paper, hides, coal, zinc, window glass, scrap iron, cotton ties, cotton bagging, leather goods, binding twine and petroleum.

Hides to Be Dutiable.

Hides, coal and petroleum are giving the finance committee no little concern, but the present indications are that the senate will place a duty on all of these articles. Zinc, zinc ore and zinc in blocks, pig and sheets and other zinc paint products are still to be considered, as are sulphate of ammonia and barytes. Sulphate of ammonia is used in fertilizing and the farmers are making strenuous efforts to have it retained on the free list, where the house bill put it, while the manufacturers are
