See the new summer costumes in our 16th street windows.

See the real lace finery in our 16th St. Window.

Sioux City Liquor Dealers Caught

Twenty-Eight Are Arrested on Charge of Selling Whisky to Winnebago Indians.

SIoux CITY, May 14.—Using a Winnebago Indian as a decoy, T. E. Brent, a special government agent, secured evidence by means of which he today caused the arrest of twenty-eight Sioux City liquor dealers on a charge of selling whisky to Indians. The minimum penalty in each case is \$500 fine and a year in the county jail.

SILVER SERVICE WITH PICTURE OF JEFF DAVIS IS SENT SOUTH
Gift of State of Mississippi to Battleship Contains Sixty-Three Pictures and Costs \$7,200.

PHILADELPHIA, May 14.—Carefully packed and under close guard the magnificent silver service for the United States battleship Mississippi was shipped from this city today to Meridian, Miss. The service, which was made by a Philadelphia art gallery, was on public view in the art gallery of the company all this week. It will be placed on exhibition in Meridian on Monday for a week and will then be taken to Jackson for public view, after which it will be transferred to Pascagoula, where on June 1 it will be presented to the big battleship.

More than the usual interest was attached to the service while on view be-

cause of the criticism relative to the engraving of the portrait of Jefferson Davis on one of the larger pieces of the set. The service contains 63 pieces, weighs about 2,000 ounces and cost \$7,200. The punch bowl has engraved on one side a picture of the battleship Mississippi, which was launched in Philadelphia in 1862, and on the opposite side a picture of the old U. S. S. Mississippi, also built in Philadelphia in 1841 and sunk by Confederate batteries in the civil war. Admiral Dewey was executive officer of the ship when destroyed. Mrs. Eunice Miller Lockwood, of Crystal Springs, Miss., whose father was commander of the old Mississippi, was instrumental in raising the funds for the silver service of the new Mississippi and will formally turn it over to the governor of Mississippi.

KAISER CHEERED IN VIENNA
Elaborate Public Welcome Arranged for Emperor and Party at Austrian Capital.

VIENNA, May 14.—The German emperor, accompanied by the empress, reached Vienna this morning from Pola, where they arrived on the imperial yacht Hohenzollern yesterday and were given a hearty and elaborate public welcome. Emperor Francis Joseph and all the Austrian archdukes and archduchesses met their majesties at the southern railroad station. The greetings between the two monarchs were exceptionally cordial, as also was the ovation accorded them by the immense crowds that had gathered on the streets through which the visitors drove in an open carriage to the Vienna Hofburg. Rain somewhat marred the effect of lavish decorations along the route, but there was no mistaking the warmth of the demonstration. Austrian gratitude goes out to the German

sovereign for the unflinching support which enabled the dual monarchy to score such a notable success in the late Balkan crisis. Emil Oberhofer, director of the Minneapolis Symphony Orchestra, has been called the poet musician. His orchestra is one of the five greatest in the world.

TARIFF ON ROUND IRON AND SLABS

(Continued from First Page.)

some time notwithstanding the senator from New York.

Cummins' Amendment Defeated.
The Cummins amendments reducing the duty on round iron and slabs one-tenth of 1 cent was then voted on and defeated on a roll call by a vote of 35 to 42. Senator McHenry (La.), democrat, voted with the republicans against the amendment, and Senators Beveridge, Borah, Brewster, Burket, Clapp, Crawford, Cummins, Downer, La Follette and Nelson with the democrats for it.

Seeking free trade in all farming implements and tools used by carpenters and blacksmiths, Mr. McLaurin (Miss.) offered a amendment exempting from duty of the only articles made of iron and steel, such as trace chains, hammers, screws and door hinges. The amendment was defeated on a roll call. The vote was 32 against and 22 in favor.

"I see that the republican party is now reunited," said Mr. Bailey when the vote was announced, "and I am unanimous content that on Monday next a vote may be taken on the income tax amendment."

SCHOOL FUND WITHOUT TAX

South Dakota May Raise Enough Money from Land.
HUNDRED MILLIONS IN SIGHT
Increase in Value of Educational Reserves Gives Promise of that Amount Within Few Years.

PIERRE, S. D., May 14.—(Special.)—The sales of state school lands this year make a good showing for the state, when it is considered that the prices received were for absolutely raw prairie lands. Cultivated lands in the same vicinity are held at from \$10 to \$25 an acre higher, according to improvements. The sales this year bring a total of \$864,171.96 to the fund, with an average price of \$43 an acre. The sales by counties were: Aurora, 294 acres, at an average of \$29.18; Charles Mix, 2,416 acres, at \$44.85; Clark, 3,477 acres, at \$37.58; Day, 1,090 acres, at \$38.02; Douglas, 561 acres, at \$46.70; Gregory, 5,238 acres, at \$39.75; Jerauld, 259 acres, at \$39.37; Miner, 1,490 acres, at \$40.97; Minnehaha, 1,110 acres, at \$37.72; Sanborn, 80 acres, at \$40; Spink, 3,218 acres, at \$45.23. This is a general average of \$42 for the sales over the whole state.

With the rest of the lands of the state sold at anywhere near the average for this year, the total school fund will go over \$100,000,000, and will bring a revenue which will practically maintain the schools of the state without local taxation. If the people of the state vote at the next election for leasing of lands for agricultural purposes, the lease price will go to a point which will bring in a higher revenue. It may be possible that some legislature in the future will prohibit the further sales of such lands, in case the fund reaches a figure where its profitable investment become a question of concern.

The state will this year distribute over \$600,000 to the schools as the income from the permanent fund, and the money received from leases in future years will increase that sum. Some of the schools of the state are now being maintained through this fund, and the number will increase each year as the amount of the fund increases, and in each such instance there will be no local taxation for school purposes.

Up to the present the state has paid \$4,500,000 to the schools of the state as the income from the state lands, and it will not be long until the income will reach \$10,000,000 a year at the present rate of increase, and if the claims of the advocates of leases for cultivation come anywhere near making good if that plan is adopted, the income will run to a far larger annual sum than that in a short time.

If the state can eliminate school taxes it will mean that the rate of taxation in South Dakota will be the lowest of any state in the union, as the educational tax is generally the highest of any of the taxes levied.

TRIED FOR DEATH OF PATIENT

South Dakota Physician Faces Criminal Charge of Man-slaughter.

SIoux FALLS, S. D., May 14.—(Special.)—The trial of the most interesting criminal case to be disposed of during the present term of state circuit court in this city is now in progress. The defendant is Dr. Milo B. Stine of the little town of Crooks, who is charged with manslaughter in connection with the tragic death of Mrs. William Crooks, who died as the result of an operation. Those who are prosecuting Dr. Stine charge that the death of the woman was due to the manner in which he performed the operation. Not for years has a case been so hotly contested in the circuit court of this county. The defendant is represented at the trial by Attorneys D. J. Conway of Sioux Falls and Patrick H. O'Donnell of Chicago. The case is being prosecuted by State's Attorney Danforth, assisted by R. W. Parham and C. P. Bate, local attorneys, who were engaged as special counsel by the parents of the dead woman. A number of physicians have been summoned as witnesses and the case will be decided largely upon their testimony.

Second Term for Forgery.

SIoux FALLS, S. D., May 14.—(Special.)—Chris Emerson, a young man from Lake county, who only recently was released from the Sioux Falls penitentiary after serving a term for forging notes in Lake county and who within a few hours after being released from prison passed worthless checks on several Sioux Falls merchants, again is occupying his old quarters at the penitentiary. His trial in the circuit court on the new charge of forgery resulted in his conviction of forgery in the second degree and Judge Jones sentenced him to a term of five years in the penitentiary. The severity of the sentence was due to the fact that Emerson did not attempt to mend his ways after serving one term for forgery, but at the first opportunity committed other crimes of the same character.

DEATH RECORD

John Oliver Sines.
BOONE, Ia., May 14.—(Special Telegram.)—John Oliver Sines, a prominent Boone contractor, painter and decorator, died last night after two weeks' illness of pneumonia. The funeral will be held Sunday afternoon. For many years he was an official of the Northwestern railway.

Raymond Serva, son of Mrs. Anna Serva of Battle Creek, Neb., died of acute appendicitis at St. Joseph's hospital Thursday. The body is now at the Heafey undertaking rooms and will be sent home for burial.

Special-Twenty-third yearly piano sale until May 1 to reduce the stock; 30 per cent discount off regular prices. Bouricuis Piano House, 236 Broadway, Council Bluffs.

Colby's Son Arrested.
NORTH PLATTE, Neb., May 14.—(Special.)—The young son of General Colby of Beatrice was arrested here last night with another boy associate. They are charged with breaking into two cabarets in the Grand Island Union Pacific yards and stealing revolvers, clothing and several other articles. Both confessed shortly after their arrest. Colby, who is a lad of 16 or 17, seems unconcerned over the affair.

JURY FINDS ADLER GUILTY
President of Failed New Orleans Bank Convicted of Misapplying Funds.

NEW ORLEANS, May 14.—The jury in the case of William Adler, president of the defunct State National bank, charged with misapplying the funds of the bank, today brought in a verdict of guilty. Sentence was deferred.

Woman Kills Man; Gives Herself Up

Wealthy Oklahoma Widow Asks to Be Arrested—Body is Found in Yard.

LYONS, Kan., May 14.—Mrs. Myrtle Brewer, a widow, the daughter of wealthy parents at Little River, a small town near here, is in jail here, having confessed to killing Frederick Arn, a bridge carpenter. The case is a strange one.

Mrs. Brewer visited the marshal's office at Little River yesterday and said she had killed a man and asked to be locked up. Officers who investigated found the body of Arn in the yard of Mrs. Brewer's home. He had been shot through the heart and the bullet evidently had been fired from a window in Mrs. Brewer's house. The woman refused to offer any explanation except to assert that Arn had annoyed her and that she was justified in killing him. She had borrowed a revolver from a friend the day before. The community is greatly excited over the shooting and Mrs. Brewer was brought here and placed in jail.

All that Mrs. Brewer would say today of the shooting was that when she was putting her young daughter to bed she saw a man crouching on the roof and peering into the window. She fired and the man disappeared. The next morning Arn's dead body was found. Mrs. Brewer is the daughter of H. F. Troy, an old resident. She is separated from her husband. Arn was 28 years old.

Nebraska Gets Lower Coal Rate

Commerce Commission Makes Radical Reduction in Charge from Illinois to Wausa.

WASHINGTON, May 14.—A radical reduction from \$2.20 to \$2.70 per ton in the rates of bituminous coal from Sterling, Ill., to Wausa, Neb., was ordered today by the Interstate Commerce commission. Complaint was made that the rate of the Chicago & Northwestern railway was excessive and unreasonable, which the commission sustained.

South Omaha Man Caught in the Act

MARSHALLTOWN, Ia., May 14.—(Special.)—A man giving the name of John Armstrong and South Omaha as his home was arrested by the police early this morning while in the act of attempting to enter the home of Fred M. Wilbur. The family was away. Neighbors saw Armstrong break into the summer kitchen, then they telephoned for the police. House breaking tools were found on him when he was arrested. He has been seen in the city before and the police believe it was he who committed many successful house-breaking jobs in this city during the last three weeks.

RAIN HELPS CROPS MUCH

(Continued from First Page.)
This section was visited by a good rain last night, the first this spring. It will do great good and give everything a good start. The high winds this spring have done a little damage to the wheat, but it still looks good.

GRAND ISLAND, May 14.—(Special.)—The drought of the last six weeks in this vicinity was broken last night by a fine rain measuring 47 of an inch. A trace of hail fell, but no damage. A local paper has reports this morning that the rain was general over a territory of twenty miles, though in a few places the fall was reported somewhat lighter.

SKIDDING AUTO KILLS TWO THEN CRASHES INTO TRAIN

Net Result of Remarkable Accident is Four Killed and Two Seriously Injured.

LIEGE, Belgium, May 14.—A remarkable and fatal automobile accident occurred here today. While one machine was trying to pass another on the road it skidded against a wall and crushed the life out of two children who were passing at the time. The car then was carried by its own power down an embankment and thrown against a passing railroad train. It was a heavy machine and as it crashed into the train two passengers were seriously injured, while the chauffeur and the driver were killed. The car itself was reduced to match wood.

EARLY CLOSE HURTS DRY

Missouri Legislature Fixes Time for Adjournment at May Seventeen.

JEFFERSON CITY, Mo., May 14.—The senate today concurred in the joint resolution passed by the house yesterday and fixing the time for sine die adjournment at noon of May 17. The action practically dooms the prohibition measure, as the conference committee on that bill has been unable to agree.

The conference reports on the prohibition measure were filed in both houses, but no action was taken in either. The committee simply stated its inability to agree. Prohibition leaders are convinced that their only hope of getting a vote on the subject at the next election lies in the initiative and referendum amendment passed last November.

JURY FINDS ADLER GUILTY

President of Failed New Orleans Bank Convicted of Misapplying Funds.

NEW ORLEANS, May 14.—The jury in the case of William Adler, president of the defunct State National bank, charged with misapplying the funds of the bank, today brought in a verdict of guilty. Sentence was deferred.

If you want a profitable farm in Texas here's your chance.

1142 acres; or will divide into small farms. Plentiful water supply. Crops and profits on Texas farms make northern farmers wonder if such things can be.

Values advancing steadily. I bought for myself, but good times have boomed my business here and I cannot afford to go to Texas now. Write for particulars. They will interest you.

I will sell on time but will not consider a trade. I would not own any other farm after seeing this one. Located three miles from a large town.
