Germany seems to be well supplied with ultimatums.

Every day ought to be clean up day — keep a scrubbin'.

We said we were "Long on Candidates" and he proved to be Long on votes also, getting the largest majority of any candidate on the ticket who had any opposition.

Germany doesn't seem to be quite the boob the first enthusiastic reports of the allies made her appear.

The Mexicans have kissed and made up — no use to fight on an inside page next to "Woman and Society."

According to Von Buelow: "Though the world were filled with devils, the German people will defend and maintain the nation's place in the sun." Well, old sport remember what General Sherman said.

A New Service Feature

Beginning with this issue, we are printing each week an installment of the "Trey O'Hearts" Louis Joseph Vance's new novel which is appearing every Saturday night at the People's Theatre. The first appearance of the pictures will be on Saturday night, August 15.

This new novel of Vance's is a thrillingly interesting, well written piece of modern fiction and will be enjoyed greatly even by those of our readers who are unable to see the moving pictures. To those who can see the moving pictures of this great story, this story's being printed in the Herald will be an especially attractive feature.

Nothing in the world helps one to enjoy and understand a play, motion picture or otherwise, as to be able to read the book slightly in advance. "The 'Trey O'Hearts' will be published just one day in advance of each series of the pictures.

We urge all of our readers to avail themselves of the opportunity to read the story and then see the motion pictures, produced by the Universal Film Company and played by an all star cast of actors and actresses. The scenic effects in the motion pictures of this story are said to be unsurpassed.

The publication of our serial story: "The Ambition of Mark Truitt" recently started will have to be discontinued until after the "Trey O'Hearts" has been finished. We believe we are justified in taking this step. Although the "Ambition of Mark Truitt" is a big story and one thoroughly interesting, we believe most of our readers will appreciate the advantages of being able to read the "Trey O'Hearts", a story equally as good, especially when most of them can see the motion pictures of this story at the same time.

Anyway, we ask you to read the first installment of the "Trey O'Hearts", before you criticise us. It means an increase in cost and a great deal of inconvenience to us to make the change—we are doing it solely in the interests of our readers.
