MISS MITCHELL HOSTESS

On last Tuesday evening the Epworth League of the First Methodist church was entertained at a social meeting by Miss Julia Mitchell at her home on Tenth avenue. The meeting being purely social no matters of business came up for discussion. ADA JONES & CO.

COMING HERE

At the City Auditorium on April 5 all will have a chance to see and hear in person the world's best known comedienne Ada Jones of phonograph fame, and her own company. After all it is not what a person can do, as Napoleon pointed out, but what one has done and is doing, that counts. In the musical profession she is particularly true. Artists who are doing things command attention, and Ada Jones is prominent among these. It would be a pleasure to dwell upon Miss Jones' achievements but space is scarce and superlative weakens. Nature endowed her with a superb voice which she controls with skill. She has also temperament, brains, musicianship and artistic authority. The only chance to see Ada Jones and her own supporting company.

ONE CENT A MILE FOR CONFEDERATE VETERANS

Announcement that the United Confederate Veterans will still be allowed the old rate of one cent a mile and from the annual reunion in Richmond, Va., was made by railroad officials in Memphis a few days ago. The Southeastern Passenger Association, at a meeting in St. Augustine last month announced that the reunion rate this year would be one fare for the round trip. This announcement raised a storm of protest from the veterans, with the result that the railroads have granted the old rate.

QUARTERLY DRAFTS FOR CHAMBER OF COMMERCE

Quite a number of business men will find their bank balances slightly disturbed as Secretary Van Herwie has placed drafts for the amount of the quarterly dues with the banks today of all members of the Chamber

of Commerce who have pledged their support to the organization by this method. Nearly two hundred of these drafts were deposited with both banking institutions.

WILLIAM S. HART

To be unaware of his own name, unable to read or write and to adopt a cattle brand as his sole means of identification—that is the role portrayed by William S. Hart in his latest and most memorable Paramount picture, "Travelin' On," to be presented at The Pastime Theatre Monday and Tuesday April 3rd and 4th.

J. B. is the identification disc of this man whom fate has decreed shall be a wanderer, forever "travelin' on" and it has cursed him with a mistrust of everything that walks on less than four legs. And so he scans the face of the earth, caring only for himself and his pinto rony taking whatever he wants until there comes the day when he finds that the cards have been stacked against him; it is then he comes up against the power of God, a power which he cannot understand until it is shown to him through the love and trust of a beautiful woman. Ethel Grey Terry is leading woman in this pulsing epic of the Arizona—that was, Little Mary Jane Irvine and Bernsie Shaw are in the cast. Added attraction Pathe News

TEXTILE WAGES.

NORTH AND SOUTH
Columbia State.
Russell Palmer, secretary of the

Amalgamated Textile Workers of America, in an interview about the strike in New England mills, said that wages in the Southern mills are from 6 to 20 per cent higher than those in the north after the recent cuts in wages. He quoted the secretary of the American Cotton Manufacturers' Association as saying that "3 cents must be added to the Southern wages to account for the housing facilities provided in the south." All of this is confirmatory of the statement of Mr. Edwards Farum Greene, treasurer of the Pacific mills, a few days ago that Southern wages are equivalent to those paid in the North. From the point of view Mr. Palmer, speaking for the textile operatives, the workers in the southern mills now enjoy an advantage in wages.

The southern advantage ought to be considerable. The industry has been established on a large scale in the south about 40 years and the southern operatives should be about as skillful as those in the north. Indeed, the majority of the New England operatives being foreigners and newcomers, one would suppose that the southern spinners and weavers would be somewhat superior to them. A comparatively small element of the New Englanders are manufacturing finer textiles than are made in the south but the Southern average in skill should be at least equal to that of other sections in the industry.

CONOVER PEOPLE TO HEAR MISS BAIN

Conover people are looking forward with interest to the appearance in the graded school auditorium there Monday night of Miss Elizabeth Bain, field lecturer for the American social hygiene association, who arrived in Hickory today to spend five days in this section. Miss Bain will speak in Conover at 7:30 Monday night.

Engagements for Tuesday and Wednesday have not been closed and any community near Hickory that can guarantee her a good audience—for her time is worth something—may communicate with Watt J. Shuford at the creamery.

Miss Bain is heard by large audiences everywhere she goes and no doubt will be heard by large crowds in Hickory, Conover and other places where she will speak.
