## The Readi-Cut House

**L. L. Moss System of Construction is Built on This Principle**

Modern power-driven machines can do better work at a lower cost than hand labor. Then every bit of work that can be done by machines should be so done. The steel worker with a little hack-saw trying to cut and fit the steel girders of the modern skyscraper should be no more out of place than the modern carpenter cutting sills, joists and rafters.

The skyscraper frame work is cut to fit by machines in the steel mills, marked and numbered ready for erection.

The lumber in the house is cut to fit by machines in my mill, marked and numbered ready for erection.

We anticipate the pleasure of working with you to the end that your home will be completed in a way that is pleasurable and satisfactory.

Think it all over and see

### CLUB MEETINGS SET FOR THIS WEEK

Judging from the attendance at various club meetings during the past few weeks when the roads have been almost impassable in some places, club work in the county is certainly booming.

Mrs. Harris reports eight club meetings last week with an attendance averaging more than 75 per cent of the members. Considering the roads and the weather, this is an excellent average. The women and girls show such a great interest in their work. Most of the girls clubs are just finishing some very attractive work bags and it is very interesting to see the girls vie with each other to see whose bag will be the best.

The following is a program of Mrs. Harris' work for the week, January 24-29:

Monday 10 a. m. Rocketts Girls Club, finishing work bags and cutting caps to be used while barning.

Monday 1 p. m. Charity Women's Club, with Mrs. J. Alanzo Yount, making simple rice net hat frames.

Tuesday 10 a. m. Monogram Girls Club, making cooking aprons. 1 p. m. Balls' Creek Girls Club, simple hat frames.

Wednesday 9:30 a. m. Mt. Olive Girls Club, finishing bags and cutting caps.

Wednesday 11 a. m. Southern Grove Girls Club, finishing bags and cutting caps.

Wednesday 2:30 p. m. Highland Woman's Club demonstration.

Thursday 10 a. m. Charity Girls Club, finishing bags and cutting caps.

Friday 2:30 p. m. Windy City Parent-Teachers association. Talk on feeds for children.

Friday 7:30 p. m. Newton's Women's Club.

Saturday 2 p. m. Southern Grove Women's Club. Selection of foods.

Meeting with Mrs. C. O. Smith.

Saturday 7:30 p. m. Southern Grove Community Meeting. Play of 'Neighbors' and box supper.

### STOCKHOLDERS MEETING

The stockholders of the Catawba County Fair Association will hold their annual meeting at the Chamber of Commerce Thursday afternoon, January 27 at 2:30 o'clock.

MRS. Q. E. HERMAN, Sec.

### SMALL FIRE TODAY

The house of Eujan Bumgarner, colored, caught fire from a defective flue this morning and the department was called out. The damage was about \$5. This is the second time this place has caught from a defective flue in the past year.

### CONOVER DOES WELL

Conover people have raised \$150 for European and Chinese relief and Mrs. R. L. Washburn is due much of the credit for the good showing. Conover people are proud of their showing and the Record was asked today if any other town of its size had beaten it in good works. The Record has not heard of any.

### "EVERYBODY'S SWEETHEART" PASTIME TODAY

Today Lewis J. Selznick, presents Olive Thomas in John Lynch's "Everybody's Sweetheart" is not simply a story of saccharine simps and smiles but a well balanced dramatic tale of how the spirit of youth and inherent cheerfulness conquers all obstacles in reaching its goal.

A most delightful comedy drama. Added attraction "Model Husband's" a Carter DeHaven Paramount comedy in two reels. Special music. Tomorrow Harry Carey in "Blue Streak McCoy" by H. H. Van Loan. A Universal Western picture in five reels. Also a new two reel Mack Sennett comedy.

### RUTHERFORD COLLEGE

Rutherford College, Jan. 25.—Mr. D. P. Davaul of Lane City, Tex. paid a visit to his sister-in-law, Mrs. J. D. Glass last Saturday.

Mr. J. A. Riddle of Barnsville, visited his son, Mr. W. C. Riddle here last week, leaving for his home Saturday.

We are glad to note that our young townsman, Mr. Robert Rutherford is making good as window decorator, and advertising manager for the Gilmer line of stores. He is now with the Asheville branch.

There are several cases of mumps in this community at this writing.

Miss Mary Chapman returned yesterday from Morvin where she attended the funeral of her brother, the late Dr. M. Chapman.

Professor J. W. Bernette received an unusual pounding last Saturday when 15 of the students and faculty joined in giving him a day's work on his new house. This was a nice courtesy which reflects credit on these young men.

Hickory's two blind evangelists, Rev. Mr. Huffman and his singer, Prof. Henry C. Easley, gave our community a very much appreciated musical entertainment Saturday night and a preaching service Sunday morning. Our people showed their appreciation of their services by paying them about \$50 for the two occasions. They held religious services at Cornely Springs at the Methodist church at night, where they met with like appreciation. Many will be glad when these Christian workers see fit to come this way again.

Smith's road hands are making good progress reconstructing through this place from the State highway to the Catawba river.

### SOUTHERN GROVE WILL STAGE PLAY

On Saturday, January 29, at 7:30 o'clock the Southern Grove Community Club will give the play "Neighbors" instead of their regular community meeting. After the play they will have a box supper the proceeds of which will be used for a worthy cause.

This play is the same that was given in Raleigh last summer at the Farm Convention and which made such a favorable impression. Some of the parts will be taken by the same people that took part in it at Raleigh and the other characters have been selected from the community.

Judging from all reports it will likely be a great success and those wishing to spend a pleasant evening would do well to go out to Southern Grove to this play. Admission free.

MRS. ANNA L. HARRIS  
County Home Dem. Agent.

### FARMERS INTERESTED IN TRACTOR SCHOOL

Judging from inquiries and statements made by a number of prominent farmers and others interested in power farming, the tractor school to be held by the International Harvester Company of America in the Chamber of Commerce building at Hickory on January 27, 28 and 29 is an event in which the farmers are keenly interested.

The subject of power farming is being considered by the modern farmer.
