Hard Boiled. The black-haired waitress, very much out of sorts, satied laughily up to the table at which sat the grouchy breakfast customer. She slammed down the cutlery, scooped a napkin from a pile and tossed it in front of him. Then striking a furtive pose: "Watha watha?" she snapped. "Coupla eggs?" growled the customer. "How ya want 'em?" "Just like you are."—From Life.

HAS QUEER PREROGATIVE

About the Hon. Civil Forester of the English Royal House guards has the privilege of keeping his hat on in the presence of royalty. The lieutenant, who is heir to Lord Forester, inherits this royal patent from a forebear who lived in the reign of Henry VIII. That monarch authorized Forester's ancestor to keep his hat on in the presence of the sovereign on account of certain diseases and individualities in his blood.

Electrical Ice Melter. An electrical device has been invented to keep a window clear during a snow or sleet storm, or in very cold weather. It consists of two electrically heated arms that fit against the inside and the outside of the window-pane, and that can be moved up or down. Rubber wheels follow the arms and gather in the drops that escape them. The heat of the arms will melt the sleet and snow. Current is supplied through any ordinary socket.

About a dozen of the Davenport College girls visited the Pioneer Tea Room and had luncheon on Monday. Monday is their holiday, and very often they treat themselves to a visit to this delightful place. The sacred concert given at the First Methodist church Sunday evening by the combined church choirs, and the Davenport College Glee Club under the direction of Mr. F. W. Kraft, director of music, was a decided success. The house was filled to overflowing, and perhaps no service held here has been so well received and enjoyed. Every number of the program was thoroughly enjoyed. All the churches of the town called in their Sunday evening services for this sacred concert.

Last Wednesday evening the Graham Literary Society of the Oak Hill High school gave a very interesting mock trial. Several outsiders were very much pleased with the way the boys carried on the trial.

The high school teachers of Oak Hill high school met at the school Saturday for reading circle work. Miss Spear of the Home economic department had charge of the group and conducted a very interesting meeting.

Last Saturday evening Mr. John Nelson entertained a few of his friends at a bird supper.

Those enjoying the supper were Misses Lucille White, Ruth White, Estelle Blackwell, Faith Courtney, Ruth Crisp, and Messrs. Joe Clark, Clyde Sudreth, Richmond Bennett, and Ted Lenoir. Miss Frances Shell most delightfully entertained the Young People's Methodist church, and a number of guests, Friday, December 2. In the absence of the president, the vice-president, Miss Mary Pulliam, presided over the meeting. The business was attended to, dues collected, and the following officers elected for the coming year: President, Edwin Tate; vice president, Miss Frances Shell; Secretary, Miss Royster; Treasurer, Lee Fay Tuttle; reporter, Miss Miriam Jones. An interesting paper was read by Miss Miriam Jones. Games were played and several songs were sung.

Saturday afternoon, in honor of her ninth birthday, a most delightful party was given Louise Parker by her mother, Mrs. J. H. Parker. Various children's games were played during the afternoon. About twenty-five little folks were present, and each brought a little gift which was greatly appreciated. Refreshments were served.

The Priscilla Club held a business meeting Tuesday afternoon at the Pioneer Tea Room with Mrs. Elizabeth R. Harper as hostess. The room, attractive at all times, was more so on this occasion. Some of the ladies had never visited the Tea Room before, and were very pleasant. Delicious refreshments were served.

The Col. Ninian Ball Chapter of the D. A. R. held a business meeting at the Pioneer Tea Room Saturday afternoon with Mrs. Elizabeth R. Harper as hostess.

Mrs. W. H. Craddock was the delightful hostess to the Wise and Otherwise Club members and a number of guests last Friday afternoon at her attractive home on Prospect street. It was a Thanksgiving meeting, and the arrangement of the home and program carried out this idea. The subject for the afternoon was the "Story of the progress of American Transportation." This was one of the most interesting and instructive meetings this club has ever had, and sustains the reputation which the hostess has already held for a number of years—that of being a delightfully clever hostess.

and giving beautiful receptions.

The favors were cards bearing the club monogram, the American Creed, and Allegiance to the Flag. All stood while the Creed and Allegiance to the Flag were read. Elaborate Thanksgiving refresh-

ments in four courses were served

by the hostess. Both guests and club members were profuse in their thanks for the entertainment accorded them. Mrs. A. K. Joy and her mother, Mrs. Ingold, had a delightful waffle supper at the Pioneer Tea room on

Friday evening.
