RELIGIOUS STATISTICS.

The Census Bureau has just published a report on religious bodies in the United States which contains a vast mass of matter interesting to church statisticians and the clerical and laity generally. The report is for the year 1906.

The report shows the following figures for the principal denominations the membership of all denominations being 32,936,445 in 1906, of whom 18,086,902 were Protestants of the leading bodies of that faith and 12,079,142 were Roman Catholics, the others being of minor Protestant denominations. The membership in the leading church bodies of the United States in 1906 and twenty-six years ago—by the census of 1890—was as follows:

	1890	1906	In.
Roman Cath.	6,257,871	12,079,142	39
Methodists	4,589,287	5,749,838	22
Baptists	3,712,468	5,662,234	55
Presbyterians	1,278,332	1,830,555	43
Lutherans	1,231,072	2,122,494	69
Dis. of Christ	641,051	1,142,359	43
Episcopalians	540,509	886,942	64
Congregational	512,771	700,480	36

In 1890 a majority of the communicants in 34 states belonged to Protestant bodies; in 12 states to the Roman Catholic church; and in two states to the Latter-Day Saints, while in one state the Roman Catholic church had a plurality. The changes from 1890 to 1906 are as follows: Maine New Hampshire, Vermont, New Jersey, Michigan and Wisconsin—formerly showing a majority for Protestant bodies are, now in the Roman Catholic column, one state, formerly Roman Catholic—Minnesota—is now Protestant; Colorado and Wyoming—which shows a Roman Catholic majority in 1890, now show Roman Catholic pluralities; one state—Connecticut—has changed its Roman Catholic plurality to a majority; and one state—Idaho—now changes from a plurality to a majority for the Latter-Day Saints.

OUR CHAPEL HILL LETTER.

Chapel Hill, N. C., Oct. 22.—A big, strong, whole-hearted mass meeting with 500 students in attendance was held in Gerrard Hall Monday night for the purpose of letting the foot ball team know that, in the face of defeat by Davidson in Charlotte last Saturday, it still retained the confidence and loyalty of the student body. The speakers among whom were Dr. Royster, and Rev. Hogue who had seen the game, seriously expressed confidence in the ability of the team to develop a strong scoring strength yet. The opinion was given that the squad handicapped by superior weight and a super abundance of material had not yet found itself. The game in Washington with Georgetown next Saturday will give the players a chance to demonstrate the reality of their ability to "come back."

Rev. John Little, of Louisville, Ky., gave an illustrated lecture, under the auspices of the Y. M. C. A. Wednesday night on the Condition of the Negro in the South.

The Elisha Mitchell Scientific Society met Wednesday night for the election of officers. Prof. Stacy was chosen president and Profs. Daggett and Hall vice-president and secretary and treasurer. The object of this society is to encourage scientific research and to record matters pertaining to the natural history of the state.

Hed The Warning

Many High Point People Have Done So

When the kidneys are sick they give unmistakable warnings that should not be ignored. By examining the urine and treating the kidneys upon the first sign of disorder, many days of suffering may be saved. Sick kidneys expel a dark, ill-smelling urine, full of "brickdust" sediment and painful in passage. Sluggish kidneys cause a dull pain in the small of the back, headaches, dizzy spells, tired, languid feelings and frequent rheumatic twinges.

Doan's Kidney Pills are for the kidneys only: they cure sick kidneys, and rid the blood of uric poison. If you suffer from any of the above symptoms you can use no better remedy.

High Point people recommend Doan's Kidney Pills.

J. D. Horney, 201 Ray St., High Point, N. C., says: "I used Doan's Kidney Pills and was pleased with the results. I suffered severely from pains in the small of my back and other symptoms of disordered kidneys. Doan's Kidney Pills greatly relieved my misery and I therefore take pleasure in recommending them. Other members of my family have also used Doan's Kidney Pills with excellent results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Our Craddock Shoe Styles Are Settling the Shoe Question In This Town, This Fall

We are fitting feet with comfort and economy every day. Men who heretofore have been paying the usual \$5.00 and \$6.00 for a pair of so-called stylish shoes are finding in the Craddock Shoe tasteful dressiness, more wear and greater comfort at \$3.50 and \$4.00.

Whatever use you will put those shoes to that you have in mind, we have a pair of Craddocks that match your needs. If it is hard everyday service, there's a Craddock everyday shoe here that will give you greater service for hard wear and look better longer than any other shoe you ever bought for the purpose. If it's a light dress shoe, there's a Craddock that represents the last word on style and has wearing qualities that no other shoe at the price possesses.

30 days more wear than any other shoe sold at the same price

One word more—if you are fussy about your foot wear you are just the kind of person we like particularly to serve. We will gladly show you all the styles and we will not rest satisfied till we know you are absolutely pleased. This is not anticipating trouble. We know that you will find just what you want quickly, for the Craddock Shoes this fall are particularly happy in the expression of everyday foot needs and in qualities that meet the demands of those who like something swaggerish. You never wore a more comfortable shoe than the Craddock. We never have seen better value in shoe leather.

Come in and let us tell you some shoe secrets. It will mean money in your pocket.

EXTRA DRY TUESDAY AND WEDNESDAY

A water main burst Tuesday near the pumping station and as a result the water supply of the city was cut off. People had to go with dirty hands because well water was scarce in some sections. At one time doing away with wells was advocated, as it was supposed that fever and other diseases come from wells not properly kept. So good, but wells come in mighty handy in days like Tuesday and Wednesday when one had no water to drink except that from the wells.

Moral—Never go back on the friend of your daddies.
