### R. F. D. No. 3

Christmas is past and we are glad of it and rather sorry, too. I guess our postman is especially glad of it, for we certainly did give him plenty to do. On some days before Christmas he looked like the laundry man out with his large baskets delivering laundry. One day he lied stamps till dark and said he wished the looking was done by the ones who send the letters.

But he would not let any of us know it even is he did think it. He seemed to be very thankful for all the nice remembrances he received during Xmas, and we don't wonder at it as he received so many. Wonder how many other of the carriers got as many nice things as he did.

D. M. Orr is very busy just now making concrete boxes for the city water meters.

We are glad to learn that Lewis Albee who has been quite sick is convalescent.

F. G. Toomer is an expert in catching rabbits. Having caught eleven rabbits and one "possum" the past week in his rabbit guns.

O. M. Drake is busily engaged just now finishing up his new house.

F. B. Gibbs the miller is living a very strenuous life just now. He runs all his mills both night and day.

Miss Memminger will soon move into her beautiful cottage that she bought of Miss Hart.

John Salts of Pisgah Forest has moved into the house vacated by D. C. Orr.

A. W. Fullam will soon leave on an extended visit to Atlanta and other Southern points.

John Perry, Jr., has named his "new boy" John.

R. T. Drake is erecting a new house where his other one got burned.

Dade Wadden while removing some trees in his front yard accidentally let one fall on the light line of R. M. Oates and broke a wire, the broken wire came in contact with a phone wire and burned out a telephone that was all.

Charlie Jameson is building some cobble stone gate posts for F. C. Abbott.

Miss Annie Lee and Carrie Drake, have gone to Charlotte for the winter.

The civil engineers that have been surveying the lake for Geo. Stephens and G. J. Lambeth have completed their work and gone. Say did you all know down at town that we are going to have a large lake? It will be about two miles long and about one mile wide in places. We don't know what it means but are hoping that it means a bigger thing to this country than a lake. Time will tell by and by so we will wait.

W. A. Merrill has sold his farm to Geo. Stephens and will soon take his bed and walk to a new home. Don't know where it will be. We are very sorry to lose this nice family from among us.

V. C. V. Shepherd has completed his new barn and has commenced to fatten some cattle. The name of his farm is the "Pinnacle Farm."

We are very sorry to learn of the serious illness of James H. Capps. We all like D. and hope to see him out soon.

W. B. Wilkie has moved his family to a farm near Woodruff, S. C. He says he is going to raise cotton next year.

Lance and Tobe King have returned

### Horse Shoe

We are gratified at the bright, newsy home production of the Hustler's make up. If we desire our paper to grow in size and strength, even to the proportion of a daily, we should exercise an interest in its support and its matter, as a medium of news, similar to that we see manifested for the coming of the carrier who brings it to us. When I say we, I mean the county correspondents and readers of the paper. Let us have the news, the bits of news, the best plans and most conservative thoughts from every community. It may be that "A little nonsense now and then is relished by the wisest men," but is it not true that much nonsense all the time indicates a little mind and exposes its author and its medium to ridicule?

The Davenport firm have lately purchased the T. L. Lytle store house and lot and under the supervision of contractor McCrary the house is receiving general improvement, into which they will move their large stock of goods, and after removing and arranging their warehouses and offices conveniently, will remove the present building and after further beautifying the surrounding park, will convert the whole into a commodious boarding house.

Dr. J. S. Hood has rented the Davenport cottage and has done the graceful set of adding to the circles of Horse Shoe society a pretty and accomplished wife, to whom he was happily married on New Year's Day. Congratulations are extended with wishes for a long and happy stay among us.

Mrs. Henry W. Allen is on an extended visit to Moores, S. C., her former home. And Henry, growing tired of the consequent loneliness, resumes his former spirit of wooling and goes to seek her return.

Our friend A. M. Allen, of Bollston, is quite sick at his home.

The esteemed wife of Eli Holden was buried at Mills River Chapel on Thursday last.

"Three of A. E. Huggins daughters left Saturday with their sister Beatrice, for Cincinnati, O., to spend the winter."
