### ON AT WILMINGTON!

The Conference Is Getting Down to Business.

The City Is Gaily Decorated and Filled with Visitors.

ALL BECAUSE OF WELCOME WEEK

People Who Come and Go—Brief Briefs of Interest to All Readers of The Globe.

WILMINGTON, Dec. 7.—[Special.]—The conference has gotten down to business with a large number of ministers in attendance, and the session promises to be of unusual interest.

The annual address of Bishop Duncan was a masterly effort and showed him a man born to be a leader. He is firm and decided, and his words carry conviction with them.

Professor Olin Beggist, formerly of Missouri, but now of Trinity college, was admitted into the conference yesterday.

An incident of the meeting was the presentation by Rev. W. A. Bishop, pastor of Main Street church, Durham, of a check for \$250 to be used to swell the fund for worn out preachers in the Eastern North Carolina conference. While the name of the donor was not stated, it is understood that this generous donation came from that large hearted and benevolent gentleman of Durham, Mr. Washington Duke.

There was a still larger crowd came today for Welcome Week and to see the fire works. The city is the liveliest one in the state.

### HERE IS A CHANCE.

If You Are Good at Working Puzzles Here Is One for You.

If some ingenious man or woman wants a month's subscription to THE GLOBE free, let them bestir themselves and be the first in with a solution of this puzzle. The first correct answer will receive THE DAILY GLOBE free for one month.

A has three apples. He meets B to whom he gives one. Presently he meets C, who has a fine basket of finer apples and asks A to help himself. A takes one and C insists that he put some in his pocket for the children. He then takes four more, and on his way home, gives to B whom he again meets, the last of the first apples which he had, and on his way home loses one. How many apples does he take to his children? Rush in your answers by Saturday.

Mental depression, wakefulness, lost manhood caused by errors of youth or later excesses quickly cured by Magnetic Nerveine. Guaranteed by W. M. Yearby.

—The Washington Post has to say of our congressmen: Representative Bower of North Carolina, will live at the St. James this winter with his bride. She was a Pennsylvania girl who was teaching school in North Carolina when Bower met her. She is also a Moravian, and connected with some of the leading families of that wealthy and powerful church. Winston-Salem, N. C., is dominated by Moravian influence, and is one of the most enterprising cities of the south. Mr. Bower is considered one of the coming men in North Carolina politics. He makes no mistakes and but few enemies.

### WAS A CAKE-WALKER

A Colored Gentleman Explains His Conduct To-day.

But the Explanation Was Not Just the Thing.

WAS FINED FIVE DOLLARS AND COSTS

The Reason Why There Is So Little Business Done at the Police Court These Dull Days.

When money's scarce and times are hard, the bummers gay ring off on wine-- And thus the growth of wealth retard -- Because they cannot pay their fine.

The police court these days in Durham offers but little solace to the fabled who pants for news. Once in a long while some fellow fills his boiler to the bursting point and wants to whip every man he meets, and he is yanked before the bar of justice, after quitting the bar of Bachus, and is fined for his exhilaration. But precious few are those who in these "hard times" and "tariff tinkers" and "general fear" go off on a toot and allow their legs to wrap around their necks and who try to mail a letter in the fire alarm box.

This morning, Thomas Patrick was before his honor, Msyor Peay to answer to the charge of "drunk and staggering." To the query as to whether he was guilty or not guilty Mr. Patrick politely remarked that he was not guilty. He said: "You know boss Ise gwyne ter take a part in a cake walk long bout Chrysimus, and Ise a sunnambuerleonist, I is, my folks 'ill tell you boss that Ise a bad man bout walking round in my sleep. Foah God, boss, I hasn't had a drink of likker for nigh onto free days. When they coah me, I was sound 'sleep, so I was, and I was dreamin' that I was walkin' for that ar cake, and when my legs looked like I was staggering, boss, I was jist puttin' on a few fancy frillers like I 'spect to do when the contesticum comes off foah the ladies."

And he was fined \$5 and will cake walk behind the rock crusher on Mangum street.

Don't be talked into having an operation as it may cost you your life. Japanese Pile Cure is guaranteed to cure you by W. M. Yearby.

### SOUTHERN COTTON CLAIMS.

House Committee on Judiciary May Favorably Report a Bill Relating to Them.

The house committee on judiciary has about decided to report favorably a bill relating to southern cotton claims.

There is now in the Treasury about \$11,000,000 which has been set apart to pay certain cotton claims. This money was originally intended to pay the claims of those whose loyalty could be properly established.

The proclamation of President Johnson and a decision of the supreme court, it is claimed, is plain that the proofs of loyalty once demanded are no longer required. The republican members of the committee have agreed that the bill shall be reported favorably, with a proviso that no more money than the \$11,000,000 now in the treasury shall be paid, and that all claims for destruction of cotton shall be presented within a year from the passage of the bill, the money to be divided pro rata among the claimants who establish the facts of their losses.

Bucklen's Arnica Salve. The Best Salve in the world for Cuts Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by R. Blacknall & Son.

Indigestion. Dizziness. Take Beecham's Pills.

WHEN the county commissioners can convince the magistrates that a rock crusher and iron bridges are the proper things, then the expense of maintaining roads will be scarcely nothing. We hope COLONEL STOKES will keep up his lick, and finally convince them.

WITH YOUR HANDS TIED by some chronic "female complaint" or weakness, what can you expect? There's nothing you can accomplish--nothing you can enjoy. Add no good reason for it. Dr. Pierce's Favorite Prescription will cure you, safely and certainly, if you'll give it faithful use.

For every one of these womanly troubles, this is the only remedy so sure that it can be guaranteed. In periodical pains, bearing-down sensations, organic displacements, and every kindred ailment, and in all the nervous disorders caused by functional derangements--if it ever fails to benefit or cure, you have your money back.

It's a potent remedy for Chorea or St. Vitus's Dance--for Insomnia or Inability to Sleep and to avert threatened insanity. It regulates all the natural functions, builds up and invigorates the entire female system, and restores health and strength. Nothing else, though it may be better for a dealer to sell, can be "just as good" for you to buy.
