Absolutely a Change

About seven years ago my health began to fail, I was completely "run down," and my blood got in a bad condition. I suffered with severe pains in different parts of my body, so severe that I could not lie in any postion long at a time, and in consequence of this I did not know what it was to get a good night's rest. I had been taking different medicines for the trouble for three years, but got no relief. Then I thought I would try Mrs. Joe Person's Remedy. I had no faith in it, or anything else for my case, but I thought it would be a change. The third night after I started on it I got the first good night's sleep I had had in many months. I became hopeful. The Remedy relieved the terrible pains I had been suffering from so long, and being able to sleep well at night. I soon began to feel like a new man. My appetite began to improve. I began to build up in every respect. I continued its use until I took about three dozen bottles, when I knew I was a well man. I have been cured four years, have never felt those pains since and am now a perfectly healthy man, nor have ever needed any of the Remedy since.
