Roquette Bros. The Style Shop.

Don'ts from the Druggist

Don't allow fish to accumulate. It breeds flies—flies spread disease.
Don't move into a house without having a formaldehyde or similar fumigator in each room immediately after moving in.
Don't allow spring to creep on without a thorough cleaning of your yards.
Don't sleep in badly ventilated rooms—open the windows.
Your doctor will be glad to have your checkup even if he loses fees from you.
