

HEALTH BOARD TEST RADIUM AS CURE FOR CANCER

Dr. Herman H. C. Herold
Confirms Report—Dr. Reinhold
Makes Offer.

An investigation into the radium cure for cancer and experiments with the precious mineral will be conducted by the Board of Health, according to Dr. Herman H. C. Herold, president of the board. Dr. Herold in his annual report read at last night's meeting, hinted at the future work of the department in experimenting with radium, and today confirmed the report that the department would take the matter into consideration.

In connection with the statement Dr. Otto F. Reinhold was seen today. He is the Newark chemist, president of the Nottulm Aluminum Solder Company, who believes he has obtained radium from the substance now in his possession, and which he feels sure is radium.

Dr. Reinhold has written abroad for advice regarding tests of how to proceed with radium tests in cancer cases. Meantime he says he will produce tubes containing more of the substance.

As told in the Evening Star several weeks ago, Dr. Reinhold tested one of the supposed radium tubes with a sensitive plate. It responded to this test, photographing what is believed to have been radio activity emanations.

Dr. Herold's report reviews in condensed form the work accomplished by the department during the year. It says in part:

"In May, 1913, the board prepared facilities for making the Wassermann test for specific infections and 841 samples of blood have been tested. The city dispensary has provided treatment for diseases of this character and modern remedies for specific infection have been administered. One of the latest methods of treatment has been installed at the City Hospital. This method consists of giving an intravenous injection of salvarsan, a pure milk supply. The objects sought is well worth the best efforts of the board.

"The city water supply has been guarded for a pure milk supply. The objects sought is well worth the best efforts of the board.

"Tuberculosis still maintains a front place among the diseases with a high mortality rate, and during the year 2,620 specimens of sputa from suspected cases were examined, of which 1,000 were found to be tubercular.

"In line with a resolution to test remedies to combat this disease, observations are being made on the effects of vaccine produced from tubercle bacilli.

"Rabies has forced itself on our attention this year. Three persons died from the disease, one of whom received Pasteur treatment. Forty-one exposed to rabies infection were given prophylactic treatment and in the same period 597 dog bites and 11 cat bites were investigated.

"New tests which apply to the diagnosis of cancer have been suggested and may become the subject for municipal work.

Incidents in President Wilson's Recent Visit to Cruiser Chester for Conference with Lind

Entering launch from pier, and en route in launch to warship.

SHERIFF NAMED FOR MIDDLESEX

He is Arthur Appleby, of
Spottswood, and He Succeeds
Albert Bollschweiler.

[Special to the Newark Star.]
TRENTON, Jan. 7.—Arthur B. Appleby, of Spottswood, is the selection of Acting Governor Taylor to succeed Albert Bollschweiler as sheriff of Middlesex county.

Mr. Appleby has retired to his duties of United States marshal of the State of New Jersey. He also had the support of Senator William A. Ramsay, of Perth Amboy, who advanced him against Edward F. Houghton, of New Brunswick, because of several sacrifices he had made for the Democratic party.

Houghton will probably be made under-sheriff. He also had the support of Bernard M. Gannon, the recognized county leader.

Mr. Appleby was unanimously elected the first mayor of Spottswood June 2, 1908. He was born near Spottswood in 1861, a son of the late Stephen V. Appleby.

Mr. Appleby is the candidate of State Senator William A. Ramsay, of Perth Amboy, who advanced him against Edward F. Houghton, of New Brunswick, because of several sacrifices he had made for the Democratic party.

Houghton will probably be made under-sheriff. He also had the support of Bernard M. Gannon, the recognized county leader.

MISS GOEKENS A CHURCH BRIDE

In the Sacred Heart Church, Valisburg, today, Miss Sylvia J. Goeken, of 33 Oakland terrace, was married to Charles Geiger, of Glenwood avenue, Orange.

The ceremony was solemnized at a low nuptial mass offered by Very Rev. Joseph R. Heffernan, rector of St. Antoninus' Church, who also officiated at the wedding.

Miss Goeken was given away by her uncle, Andrew Radel, of Bridgeport, Conn. Her only attendant was her cousin, Mrs. Frank Koch. The best man was John Mulligan, cousin of the groom.

Miss Goeken's gown was of white, trimmed with duchess and rose point lace and an imported tulle of pearls. Her veil was of silk net edged with rose point lace. The cap was of rose point and duchess lace. The veil was caught up with orange blossoms. Her only ornament was a platinum bracelet of rubies and diamonds, the gift of the bridegroom. She carried a shower bouquet of orchids and lilies of the valley.

Mr. and Mrs. Geiger were in orchid satin, trimmed with orchid brocade and rhinestones. Her hat was of silver lace trimmed with pearls. She carried an arm bouquet of Taff roses.

Miss Goeken presented the bridesmaid with a mesh bag. Mr. Geiger gave to Mr. Mulligan a gold and platinum chain.

A breakfast followed the ceremony at the home of the bride for relatives only. Covers were laid for Rev. Henry G. Coyne, Rev. J. Heffernan, Mr. and Mrs. Andrew Radel, Mr. and Mrs. F. Koch, Mrs. Geiger, Joseph Geiger, Miss Beatrice Geiger, Mrs. J. Mulligan, Miss Katie Mulligan, John Mulligan and Mr. and Mrs. John Geiger.

Mr. and Mrs. Geiger left on an extended trip. Upon their return they will reside at 33 Oakland terrace.

Mrs. Geiger's traveling suit was of sage green. She wore a gray velvet hat with plumes to match and a fox fur. Mr. and Mrs. Geiger will entertain their relatives and friends at a reception in the Women's Clubhouse, East Orange, on February 3.

NEW YORK, Jan. 7.—Two hundred and fifty immigrants, Turks and Syrians, were removed from the Fabre line steamship Roma on her arrival here today and transferred to Hoffman Island for observation. A case of typhoid fever broke out on the ship during her voyage over from Marseilles. She touched first at Providence and was detained there. Then it was decided that the situation could be better handled here. Thirty others on board have high temperatures. They were placed in the isolation hospital. The ship's passengers will be held for observation four days and the vessel will be disinfected.

Dr. J. J. O'Connell, health officer of the port, issued a statement saying that the public need not be alarmed over the prospect of an epidemic.

"It is absolutely no reason for any apprehension," he said, "that the first positive sign of the disease in any of the detained immigrants in the port affected will be transferred to the quarantine hospitals at Swinburne Island."

"Typhoid is very rare in the maritime commerce of our section of the country. The ship's surgeon tells me that there was only one instance of the presence of the disease during the voyage, and it was not at that time recognizable as a case of typhoid. The patient died two days after the steamer left Marseilles."

NEW YORK, Jan. 7.—Edwin Humer, son of the late John T. Humer, who for years was well known as only through the Evergreen section of Brooklyn, where he had his match manufacturing, but also throughout the entire country as one of the bitterest opponents of the match trust, was married on May 21 last to Miss Hope H. Schmidt at East Orange.

After the ceremony was over Mr. Humer went back to his home at 145 Hancock street, and Mrs. Humer returned to her home at no. 100 West 14th street, where she was married a thing until New Year's Day, when the marriage was announced at a small gathering at the home of Mrs. W. W. Hanly, at 1688 Dean street.

Mr. Humer was a student at Polytechnic Institute while Miss Schmidt was a student at Packer Institute.

Rev. E. Boudinet Stockton, of Arlington avenue, East Orange, performed the ceremony. Mr. and Mrs. Humer will reside at 145 North Centre street, Orange. The bridegroom, who is a member of the New York bar, has been engaged in local newspaper work for four years.

NEW YORK, Jan. 7.—Joseph G. Cannon, former speaker of the House of Representatives, who has been ill with a cold at his home here, was feeling so much better today that he expected to make a trip downtown if the weather permitted. Mr. Cannon has not been confined to his bed during his illness.

NEW YORK, Jan. 7.—Joseph G. Cannon, former speaker of the House of Representatives, who has been ill with a cold at his home here, was feeling so much better today that he expected to make a trip downtown if the weather permitted. Mr. Cannon has not been confined to his bed during his illness.

PRESIDENT IN ROLE OF SANTA CLAUS

Distributes Candy to Children
Along Route from Gulfport
Golf Links.

PASS CHRISTIAN, Miss., Jan. 7.—President Wilson today demonstrated his fondness for children by assuming the role of a belated Santa Claus and distributing boxes of candy to the youngsters along the route from the Gulfport golf links. Since coming here the President has made warm friends with the children, who daily run to their front gates to wave greetings to him.

Today there were many expressions of delighted surprise at homes along the way when the big White House automobile stopped and a secret service man appeared at the door with a box of candy under his arm, a present from the President to his little friends.

The President was delighted with his role of "Santa Claus." When news of Mr. Wilson's generosity spread among the children it became known that many of the youngsters who do not live along the route to the golf course were disappointed. They were promised, however, that they would not be overlooked and that the supply of candy at the Presidential cottage was sufficient to meet all demands.

The President played a good game of golf today, the weather being excellent. He returned to the cottage here early, ready for an afternoon of work.

NEW YORK, Jan. 7.—Two hundred and fifty immigrants, Turks and Syrians, were removed from the Fabre line steamship Roma on her arrival here today and transferred to Hoffman Island for observation. A case of typhoid fever broke out on the ship during her voyage over from Marseilles. She touched first at Providence and was detained there. Then it was decided that the situation could be better handled here. Thirty others on board have high temperatures. They were placed in the isolation hospital. New Jersey's Largest and Most Powerful Retail Organization

HAHNE & CO'S GREAT JANUARY SALES

Men! 300 Bath Robes

Worth \$3.50 at \$2.10

We have just received from one of the country's best makers 300 bathrobes—part of his overstock, which he was glad to turn over to us at worth-while concessions. It's a splendid lot. Seldom have we gathered in a lot that had so many colorings and designs. Girdle and neck cords match the materials, finished with satin-faced yokes, and the seams are piped, making them doubly strong. They are made of good heavy material—warm enough for any man and with plenty of breathing room. All sizes, too—the man of stout proportions will find a size for him, as well as his more slender friend. Take your pick of these \$3.50 bathrobes tomorrow at . . . \$2.10

MAIN FLOOR.

Do You Need Any Re-Upholstering?

A good time to think of it now—for special January rates are in force. The upholstery department, in the desire to keep their staff of workmen busy during the slack season that invariably follows directly after Christmas, are making remarkably low prices during January on all kinds of repairing and re-upholstering.

Perhaps you have some particular design in mind that you would like worked out—possibly lace curtains, lace panels, lace bed sets, draperies or cushions. Estimates and original designs and sketches for one room or entire houses will be gladly submitted.

A postal or telephone call—Market 3460—will bring our representative.

The New Draperies for Spring

As usual, Hahne & Co. are among the first in announcing a magnificent display of Spring and Summer Draperies, Portieres, Couch Covers and all sorts of Upholstery Fabrics. This department also embraces the entire Lace Curtain section. Included in the assortment are the newest and best of Domestic and Foreign Upholsteries, which we offer at prices that are considered extremely moderate.
