

The Princess Shop
Fall Fashion
Opening

Saturday, October 14th

*A Beautiful Display of Charming Dresses and Coats
 for Women, Misses and Children
 Blouses, Skirts, Sweaters, etc.*

Every late development of fashion, everything that is newest is represented.

In order to be thoroughly apprised of what constitutes smart feminine attire it is necessary only to view the display of suits, gowns, blouses, etc.

In our selection of models we have depended exclusively upon the houses

who are most representative in their individual lines, the houses who cater exclusively to the large department stores and specialty shops.

We are therefore in a position to show you as fine an assortment as any shown in the metropolitan shops at prices one-third less.

We cordially invite you to come and see our Autumn Display
