

The Penn's Grove Record

PUBLISHED EVERY FRIDAY BY
WILLIAM A. SUMMERILL,
Editor and Proprietor,
OFFICIAL PAPER OF SALEM COUNTY.
FRIDAY, OCTOBER 9, 1891.

In presenting the name of James Strimble for the votes of the people the Democrats have put their best efforts forward in not only rewarding an affable, courteous, popular and faithful official, but in again asking support to the great and everlasting principles of democracy, the rule of the common people. Until nominated last year Mr. Strimble was a comparatively unknown man outside of his township, yet very popular where best known. He is a man of the people who has gained business success, by his own efforts and risen on his personal merits. We doubt whether there has ever been a man in the County who has gained the confidence and popularity Mr. Strimble has in so short a time because of his pleasant, courteous manner, and the facts that he has had only one term and betrayed no trust and proved himself more influential than many new members should gain for him a merited election.

Betting in New York is \$100 to \$50 that the Democrats will carry Pennsylvania.

If you buy a fine suit of clothes now and ask why they cost more the honest merchant will tell you the McKinley bill.

Now that the summer season is over the authorities at Asbury Park have closed the barber shops and cigar stores on Sunday.

President Harrison is proving himself a clever politician in refusing to make several important judicial appointments until after election.

Farnish is dead. His famous career for Irish Home Rule would have ended with much glory but for his immorality. His death will hasten home rule.

The Republican county convention meets in Woodstown. Wonder if they will nominate another Moses as four years ago at that place or a Joshua to lead them out of the wilderness?

The necktie made for the William Penn statue that is to surmount the Philadelphia City Hall tower is said to weigh 400 pounds. Penn is a bigger man now than he was 200 years ago.

The Blodgett men fought desperately in the caucuses and conventions in Monmouth County but Assembly nominees favorable to Abbott have been nominated by good majorities in all the districts.

The Vineland Independent corrects the statement that the Vineland Fair lost money without horse racing as an adjunct. It says the V. F. did not lose money this year, but did last year with three days' horse racing.

Philadelphia rejoices because the Supreme Court of Pennsylvania has decided that the city has power to compel street railways to pave the streets with a new, better and improved kind of pavement.

Wizard Edison says he is making an electric motor which will propel any car at a speed limited only by the power of gravitation of a car to keep the track. He is a demi-god in discovering nature's powers.

Ex-Sheriff W. C. Hays, an anti-Sewell man, has received the Republican nomination for Senator in Burlington county. There seems to be a general revolt against the Republican line against Sewell nominees. The split will probably result in a Democratic Senator from Burlington.

A Senator will be elected this fall in Hudson county to succeed Edw. F. McDonald who was elected to Congress. As the Republicans believe Mr. Sturges was elected they say there is no vacancy and will not make a nomination. Ex-Speaker Hudspeth will be the new Senator.

The latest message from ex-President Cleveland will read with interest, but if it were a boy it would be with more joy.
New York, Oct. 3.—"Baby girl born a little after midnight; large, healthy and strong, and perfect in every respect. Mother and child doing remarkably well."
G. C.

One of the most noted signs of the progress of democracy in England is the utterance of Gladstone, who, feeling sure of a Liberal victory in the next election, said that if the House of Lords obstruct a law to give Ireland Home Rule the great question will come before the people as to whether the House of Lords shall not be abolished or made elective.

Another fallacy has been disposed of. The weather boss hangs out this sign with unquestioned official endorsement: "There is no such thing as an equinoctial storm. There never was. There never will be. Therefore, it is neither a storm, nor a squall." After awhile they'll tell us there is no equinoctial line upon which sailors hang their clothes to dry!

Lay Presiding Elder Smith and Rev. James Rogers have looked horns on temperance in Salem. We thought Bro. Rogers was sent to Salem for a purpose and expected to see a hitch before this. Elder Smith will have to read up on homiletics and progressive prohibition sanctification if he desires to retain his office with Mr. Rogers near. Probably Bro. Rogers will assist him in his official capacity by loaning some old copies of the Voice or Temperance Gazette, for Sunday reading. Bro. Rogers has a big ripe field to work in and Bro. Smith has a most excellent case to work on.

DEMOCRATIC CONVENTION.

Assemblyman Strimble Re-nominated.

The county convention to nominate a candidate for Assembly met at Pennsville on Thursday. Hon. A. H. Slape, chairman of last convention, called the meeting to order and was elected temporary chairman. H. H. DeGroot, Esq., was chosen temporary Secretary. After the following committees were appointed all adjourned for dinner. Permanent Organization, C. C. Ford, Jr., S. L. G. Murphy, James Sweeten, Rules, H. H. DeGroot, Peter Strimble, R. D. Batten.

Credentials, A. M. Strowbridge, James Butler, J. F. Ayres, John Hiltner, Charles Wilson.

Resolutions, J. Von Acton, R. Gwynne, Jr., Clinton Kelly.

When the convention reassembled at 2 o'clock R. Gwynne Jr. was approved as permanent chairman and E. Ernest Bright as Secretary. The rules of the former convention were adopted and the credentials found all right with no contested seats.

Prosecutor J. W. Acton read the resolutions which were adopted as follows:

RESOLVED, That the Democrats of Salem County endorse the Tariff that will cut down existing duties and not add to them is absolutely necessary. The McKinley bill is a monstrous wrong and one seventh of the duties, not a laborer in the country has an increase of wages in spite of all that we have heard of a "Home Market," which has been the burden of the speech of the Republican orator visiting our county in fifteen years, thousands of dollars worth of produce is rotting in our fields and orchards because there is absolutely no market for it.

RESOLVED, That we commend the administration of Gov. Abbott and rejoice that every promise he made has been fulfilled. His policy has resulted in our State being freed altogether from a State tax, while the existing tariff has been reduced and important and costly improvements made.

RESOLVED, That the efforts of our Governor and Legislature to secure equality of assessment and taxation receive our warmest praise. Over \$500,000 have been added to the assessments in our State, and the result is that the enormous amount of school tax Salem County is being compelled to raise, a considerable portion of it going to other counties. We thank the Governor and Legislature for their action.

RESOLVED, That the efforts of Senator James Strimble and Assemblyman James Strimble have fulfilled our every expectation. They have been faithful in the performance of their duties, courteous to all having business with them, industrious and energetic in securing legislation needed by our people, and have reflected honor on our county.

RESOLVED, That we pledge our most earnest support to James Strimble, who is now going abroad to secure his return to the Assembly.

On the call for nominations Oldmans presented the name of the Hon. James Strimble. As no other candidate was presented the rules were suspended and his nomination was made unanimous with three rousing cheers for the nominee. The chairman appointed the following persons to notify Mr. Strimble of his nomination: A. H. Slape, James Sweeten and S. L. G. Murphy.

The chairman was authorized to appoint an Executive Committee of two from each Township after consulting with the candidate.

The nominee was greeted with three hearty cheers when he appeared before the convention. He said he felt highly complimented and honored by receiving the nomination the second time, and thanked the convention for the confidence imposed in him.

Woodstown was chosen as the place for the next convention after which an enthusiastic experience meeting was held.

James Sweeten led by urging every Democrat to work for the nominee as there was only one name on the ticket and he could not do all.

Mr. Slape was asked to tell about the great work the State Tax Commission had done but he said he was more interested in the election of the nominee and said he would be elected if every Democrat did his duty as the party was never more united while the opponents were fighting among themselves.

H. H. DeGroot, spoke for Upper Neck and pledged a bigger majority than last year, for the nominee.

J. P. Flynn was the orator of the occasion and spoke of Mr. Strimble's good record and strict attention to business while in Trenton. He said politics must be conducted as a business to be successful and no one wanted to hire inexperienced hands. It takes a term to become acquainted with the intricacies of legislation and if our county wants legislation the most sure way is to elect a man who will be in the majority as last year. He thought would be the height of wisdom to elect an experienced man who has never more united while the opponents were fighting among themselves.

Plumbridge, Prosecutor Acton and the Chairman endorsed the faithful with their good humor and cheering words after which the convention adjourned.

A New Discovery.
You have heard your friends and neighbors talking about a thing it is. If you have ever tried it you are one of its staunch friends because the wonderful thing about it is, that when once given a trial, Dr. King's New Discovery ever after holds a place in the house. If you have never used it and should be afflicted with a cough, cold, or any Throat, Lung or Chest trouble, secure a bottle at once and give it a trial. It is guaranteed every time, or money refunded. Trial Bottles Free at M. Johnson's Drug Store.
