SHAD FISHING.

Shad fishing continues very profitable. notwithstanding the price is only fair owing to the phenominal big catches. The biggest catches ever known on the Delaware were made on Monday. Phillips and Bradway caught 698, Munyan kins & Dolbow 480, and others from 300 to 500. It is thought that more shad were taken from the Delaware on Mon day than in any one day in the history of shad fishing. The catch the rest of the week has been good, running from

100 to 200 to a net daily.

Most of the Bay fishermen have re turned home and fish in the river.

The price on Monday was \$5 a 100. The rest of the week it ranged

Missionary Legiure.

Miss Mary A. Danforth, a returned foreign missionary from Japan, where she was stationed for five years, gave a very interesting lecture before a large audience on tast Tuesday evening in St. Paul's M. E. Church on "The Work of Foreign Missions" at Nagoys, in the interior of Japan.

Miss Danforth was a pioneer in this particular field and began her work by opening a school for girls and after a great deal of hard labor succeeded in gathering a few girls from the streets, until now the school is in a prospectus condition. From this small beginning the work has grown until now there are two Methodist Episcopal churches at Nagoya, one having 200 members, and the other having 40 members.

She soon found that in order to be successful in ter great undertaking, the Christianization of the natives, she must adopt the customs of the people and make them believe she was one of them. This was no easy task. The chief obstacle Miss Danforth met in her work was the great opposition of the Buddha pries's, who were strongly opposed to American women as regards the terrible earthquake, one of the worst known to history, occurred, when as high as from 10 to 100 shocks were received some nights. The earthquake lasted from October 1888 to July 1889, during which time the famine and pestilence devasied that for weeks the inhabitants of Nagoya were compelled to live, eat and sleep, upon the ground.

After the close of the lecture Mrs. Hannah Torton and Mrs. S. K. Hickman, both active members of the Foreign Missionary Society, invited as many as would to join the Society and succeeded in getting 32 names, which makes a total membership of 48 persons. A collection being which covered the expenses of the speaker, the meeting closed.

Base Ball Suits and Bleyles Free,

It is safe to say that nearly every member of the rising generation is now thinking either of base ball or bicycling. But how to get the bicycle and how to get the base ball uniforms, are the problems. "The Philadelphia Press" solves both. That paper, which has always led in its amateur base ball and bicycling departments, now makes two novel, interesting offers. It will furgish, absolutely free, to the amateur base ball club receiving the greatest number of votes before June 19, a complete set of the finrst National League Base Ball uniforms. This includes caps, shoes, belts, stockings, shirts and trousers, and the whole outfit will be of the finest quality. The whole outfit will be given absolutely free to the amateur club receiving the greatest number of votes. Full details of the offer are given in "The Fress" every day.
