

SPORTS

BASEBALL NOTES.

Twenty-five hundred people saw the game Sunday at Hoboken. Next Sunday Union will be the attraction there.

McMackin and Mike O'Neil, two twirlers whom the fans well remember, showed up well in practice games recently. McMackin pitched against the Giants for Columbus and O'Neil defeated the St. Louis American League team.

It is quite likely that the Marions will be seen in a practice game on the Saturday before the regular season opens. The strongest of the local team, probably the Crescents, will be secured as opponents and besides giving the players a chance to get in some team work it will also give the fans an opportunity to get a line on the team that will represent Perth Amboy on the diamond this summer.

The officers of the Marions are making efforts to dispose of a number of season tickets during this week as they are anxious to get enough money in the treasury to pay for the work necessary to put the grounds in shape. If the fans will only come to the front with the cash, new uniforms will also be purchased. As the opening of the season is less than a month off lovers of baseball are urged to lend their support to the cause of providing this ancient village with the best that's going in the line of the national game.

Some few persons have expressed the fear that the Marions will not be as strong this year as heretofore and that baseball here is on a retrograde movement. It is the old story of looking for trouble when the outlook is most brilliant and hunting for storm clouds when the sun is shining brightest. There is absolutely no cause for any one to feel the least alarm about the Marions not sustaining their last year's record. As the Evening News has pointed out, the team will be just as strong in every department and man for man will be the equal if not superior of the team that closed last season so successfully. Lines are now out for two of the best semi-professional players hereabouts to play at short and third and when their names are announced the calamity howlers will be very much surprised. These hard luck shouters, by the way, are not far removed from the genius "knocker" and meaner man than the one who knocks the

home baseball team without cause, is not to be found in many a day's walk.

RELIANCE NEARLY COMPLETED

Last of The Plates Being Placed—Mast To Be Stepped Next Week.

Only two plates remained unplaced on the top sides of the latest Herreshoff cup champion when the steel workers in the south construction shop finished their labors for the day. These have been already bent, "trued" and prepared for riveting, and can be firmly secured within half an hour.

The rigging of the steel mast will be completed by the middle of next week, and it will be stepped at the north wharf, being raised and lowered into position by a large derrick at the western end of the wharf, instead of by the derrick steamer Archer, which has done the work for previous cup defenders aided by a large scow, the primitive means.

WRESTLER BROKE ARM.

Anders Andersen, of Sweden, In a Bout With Gadeberg Met With Accident.

In the Graeco-Roman wrestling match at Prospect Hall, Brooklyn, last night, Ernest Faust, of Germany, defeated Anders Anderson, of Sweden, in one hour and fifty-one minutes. Anderson injured his right shoulder in the bout and the match was discontinued.

While wrestling same style with Christian E. Gedberg, Bernhardt Peterson had his right arm broken.

TRIAL RACE TO-DAY.

Two Shamrocks Postponed Yesterday's Contest Owing To High Wind.

The two Shamrocks were made ready early yesterday for their first racing trial, but the wind was blowing so hard the skippers decided not to risk the yacht's gear and to await a moderation of the weather. As the wind continued strong and it was squally enough to endanger the yacht's spars, the trial race of the Shamrocks planned yesterday was postponed until today.

It is probable that no race between the boats over a set course will take place before Saturday.

A HARD STRUGGLE

Many a Perth Amboy Citizen Finds The Struggle Hard.

With a back constantly aching. With distressing urinary disorders. Daily existence is but a struggle. No need to keep it up.

Doan's Kidney Pills will cure you. Perth Amboy people endorse this claim.

Mr. Miles Nelson, of No. 90 Lewis street, inspector L. V. R. R. car shops, says:—"There was a pain in my back which clung to me day and night. My work compels me to do a great deal of stooping and bending forward, which greatly aggravated the trouble. If I kept moving about I did not mind it so much, but the minute I sat down the pain increased and became almost unbearable. Doan's Kidney Pills were recommended to me and I got a box at G. W. Parisen's drug store. They helped me from the very start, and when I had finished the first box I felt better in every way. Doan's Kidney Pills have my endorsement. I will always keep them in the house to use again if the occasion arises."

For sale by all dealers, price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

The Promptings of Affection.
"Charley, dear," said young Mrs. Torkins, "I am going to learn to play poker."

"What for?"
"So that I can do as a wife ought and intelligently sympathize with you in all your troubles."—Washington Star.

Mexican Tortillas.
Tortillas, the Mexican substitute for wheat bread, are made from selected corn. The kernels are boiled soft in lime water, and after being thoroughly washed are rubbed between the hands to remove the outer husk. They are then ground, while wet, to a soft mass with stones or a peanut butter mill, patted into thin cakes, baked on a dry griddle and eaten while still hot.
