We're "Set" in Some of Our Ways
 Put a Hen on a nest of eggs and she'll teach the average man a lesson. She'll show him that it takes time-patience-judgment and determination to hatch her brood. We have made up our minds to accomplish certain results by certain methods, and we shall not vary from these methods; we shall stick to them with the tenacity of a bull dog to a tramp's situation. Our determination is to build up a big business that will be a credit to Perth Amboy. And to obtain this result we must employ *only one method*—i. e. "selling up-to-date reliable goods at lowest prices," and when we say *Bargains*, we offer you genuine "special values" and not door knobs in place of eggs. If you have never been here, "Set" out for our store to-day. It will pay you to.
 WE OFFER

THOUSANDS OF HOT
CROSS BUNS SOLD.
Bakers Say Record Was Broken
And They Could Not Supply
The Demand.

About 4,075 dozen of hot cross buns were sold by the local bakers to the people of this city and vicinity yesterday. From time immemorial it has been the custom to eat this kind of pastry on Good Friday. Many of the families had the buns left for today's breakfast and many others will have enough to last them all day Sunday, and will eat them hot and cold for breakfast, dinner and supper. An Evening News reporter called at the local baker shops this morning and found that the amount of hot cross buns sold this year surpasses all records. The bakers report that early in the morning they had sold all of the buns and many of them were compelled to let their cake and bread baking go until this morning so as to be able to supply the demands of their customers.
 In all 4,075 dozen or 48,900 hot cross buns were disposed of in this neighborhood yesterday. This amount would give to every man, woman and child in Perth Amboy about two and a half buns apiece.

CHANGES ON THE WATER FRONT

 Koviak is at the local hospital and is still in a very critical condition.
