Her Suggestion.
"Charley, dear," said young Mrs. Torkins, "would you mind my telling you a new system for playing the races?"
"No."
"Well, you pick out the horse you are sure is going to win."
"Yes."
"And then let me go out and play something else. It isn't very sure, but it might have a chance."—Washington Star.

The Theatres.

The attraction at Proctor's Fifth Avenue next week will be another comedy drama from the finest pen of Joseph Arthur, whose several successful plays have been seen on and off during the season at Mr. Proctor's various houses. "On the Wabash" is the play and it was first produced at Wallack's some years ago under the title of "The Salt of the Earth," with Miss Annie Russell in the leading role. Next week the leading part will be played by Miss Florence Reed, with Paul McAllister in the opposite role.

Down at Proctor's Twenty-third street a good all round vaudeville bill will be the attraction, headed by Mr. and Mrs. Hene Hughes, in a brilliant comedy sketch entitled "A Matrimonial Substitute." The Hughes have just returned from a three years trip abroad, where they have been playing all the leading theatres and music halls of Europe. Julian Rose, "Our Hebrew Friend," will play this theatre for the first time in two years.

Old Dean Swift's "Gulliver Travels" are not such exaggerations after all. Pay a visit next week to Proctor's 58th Street Theatre and you will see the Lilliputians and the Brobdignagians, and an exorcisingly funny lot they are.

Proctor's playhouse at Newark will have another good bill next week, headed by Madam Redan and company, and real novelty just procured by Mr. Proctor. Waterbury Brothers and Tenny, musical comedians; Jones and Walters, rural sketch artists; J. Francis Dooley, black face comedian; Luletta, wire artist, and numerous other specialties will complete the show.

ORGANIZED LABOR.

Four hundred men employed in the G. T. R. shops, London, Canada, receiving wages varying from 14 to 23 cents an hour, are agitating for an increase of two cents an hour, but have achieved nothing yet.

In St. John (Canada) the wages of the machinists range from \$8 to \$10 a week. There are some, however, who receive \$12 and perhaps a little higher. The man who commands \$12 must be a regular "top-notch."

New Haven, Conn., union brewery workers have made a demand for a nine-hour day throughout the year, a few slight changes in the wage schedule and employment of none but union mechanics in or about the buildings.

The new child labor law of Alabama which has just gone into effect, takes thousands of children out of the cotton mills of Alabama. Five hundred little tots ceased toiling their lives away in the Huntsville factories alone.

The number of persons occupied in the world's mining operations in 1901 was 4,700,973, of which number 1,624,620 were engaged in Great Britain and Ireland, and Colonies, dependencies and possessions.

The Manchester (Eng.) branch of the Amalgamated Society of Engineers, with a membership of 7,080, has only 250 members who are in receipt of unemployment benefit, representing a percentage of about 3 1/2%.

Friendly Repartee.
"Did you have any luck hunting yesterday, doctor?" asked the undertaker.
"I certainly did," replied the M. D. "I brought down 17 squirrels."
"That's good," said the other. "It's simply impossible to dodge your prescriptions."—Cincinnati Enquirer.

Theory Confirmed.
"Say, Doubleup," said Engleman, looking up from his paper, "here's a meteorologist who says the severest storms always begin about midnight."
"He's right. That is about the time I frequently reach home and find my wife awake."—Tit-Bits.

The Wastes of the Body.
Every seven days the blood, muscles and bones of a man of average size loses two pounds of worn-out tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way and diseases sets in. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures Indigestion, Dyspepsia, and all stomach troubles. It is an ideal spring tonic. Sold by G. W. Parisen.

Moderation Necessary.
Tom—I think a man ought to try to look pleasant.
Dick—Y-e-s, but when I look too pleasant some fellow walks up and tries to borrow five dollars from me.—Detroit Free Press.

The Metric System.
The amusing feature of the present controversy concerning the metric system, in which one party holds to the yard and pound as consecrated Anglo-Saxon standards, is that the United States' fundamental legal standards of length and mass are the meter and the kilogram respectively, and not the yard and pound. The yard is legally expressed as the 3,600-3,937th part of a meter.—Detroit-Free Press.

A Little Early Riser
now and then, at bedtime will cure constipation, biliousness and liver troubles. DeWitt's Little Early Risers are the famous little pills that cure by arousing the secretions, moving the bowels gently yet effectually, and giving such tone and strength to the glands of the stomach and liver that the cause of the trouble is removed entirely, and if their use is continued for a few days, there will be no return of the complaint. Sold by G. W. Parisen.

The Changing West.
Frederic Remington, the artist, regrets to observe that the "typical westerner," as he knew the type 20 years ago, is now hardly observable, the cowboy being particularly extinct. In fact, the old life is almost done away with.—N. Y. Sun.

From A Cat Scratch
on the arm, to the worst sort of burn, sore or boil, DeWitt's Witch Hazel Salve is a quick cure. In buying Witch Hazel Salve be particular to get DeWitt's—this is the salve that heals without leaving a scar. A specific for blind, bleeding, itching and protruding piles. Sold by G. W. Parisen.

Where the Blame Lay.
Burton—Talk about talent! I'd have you know, sir, that I am a born painter.
Stumpkins—Of course, you are not to be blamed for being born a painter, but I really think you are culpable in sticking to the business.—Boston Transcript.

The X-Rays.
Recent experiments, by practical tests and examination with the aid of the X-Rays, establish it as a fact that Catarrh of the Stomach is not a disease of itself, but that it results from repeated attacks of indigestion. "How Can I Cure My Indigestion?" Kodol Dyspepsia Cure is curing thousands. It will cure you of indigestion and dyspepsia and prevent or cure Catarrh of the Stomach. Kodol digests what you eat—makes the stomach sweet. Sold by G. W. Parisen.

The Fearless Damsel.
"There is no thing," he told the girl, "Without its germ side.
The ice cream soda, now, alas, Contains a germ," he sighed.
"I'm not afraid," she murmured low, "I've taken germicide."
—Chicago Tribune.

LITERARY IMPRESSIONS.

Professor of Literature—I always considered "Faust" a work of genius, but I was never so forcibly struck by it before!—Meggendorfer Blatter.
