

TO SELL STEAMBOAT DOCK.

Magenta's Landing in Keyport to go Under the Sheriff's Hammer.

Sheriff O. C. Bogardus, of Monmouth County, will sell the Magenta's dock, at Keyport, in execution at the suit of John G. Schanck on July 27th, 1903.

O. W. Englis, who bought the steamer Magenta, has a mortgage against the dock property for \$10,000. Quite a number of judgments have been filed by Keyport parties against the Keyport Steamboat Company's property as well as against the Holmdel dock belonging to the Keyport and New York Transportation company.

It is claimed that as Captain Stoney is the receiver of the Keyport Steamboat company, the Holmdel will not be allowed to land at that dock, but if the dock is sold at the time advertised the captain's rein will be short. The affairs of both of the old steamboat companies are in a terrible middle, and it is hard to see what the outcome of the machinations and movements now going on will be.

I prescribe it now daily in my practice and heartily recommend its use to all physicians for such troubles. I have prescribed it in hundreds of cases with perfect success.
