E. J. Glover received a letter this week from Chas. Gillon who is now in Gold Hill, Alaska, and has a fine claim. Chasley cleared \$20,000 last season and expects to take out \$35,000 in gold this season. Mr. Gillon will be remembered as the car repairer in Carlsbad for two or three years and who left in '96 for California. "Long" Johnson is also in Gold Hill.

F. G. Tracy received a letter this week from A. W. Flak, manager of the Fisz. Fruit Co., Kansas city, in which he stated that Mr. Tracy's first car of peaches were the finest he had seen in thirty year's experience. The third car reached Chicago last night and will be on today's market. Mr. Tracy's fourth car will be shipped tomorrow. Pecos valley fruit leads in every market where it is shipped and is attracting considerable attention.

A meeting of the hospital board was held Saturday afternoon and among other business transacted another hundred dollars was paid on the building making \$900 paid, leaving a balance of \$900 due. Financially the hospital is in good condition and far ahead of what was expected. The building is a large one and sufficient to meet all demands likely to be made on it. Mrs. Hutchinson, the matron keeps everything neat and clean, and in every way the hospital is a blessing as well as a convenience. People should show more interest in a hospital and if they can do nothing more should visit the place and inspect it and see what is being done.

The orchard of Maynard Sharpe in La Huerta is a sight worth going miles to see. The orchard consists of 2,500 trees, all kinds and varieties being planted together, or mixed, a peach, then a pear, or cherry, apple or plum tree, so that one will fertilize the others. Every tree is in bearing this year, and with the exception of the early varieties, are loaded to their utmost capacity, though eight to ten people have been busy the past month picking and packing and shipping, and Mr. Sharpe is now shipping out a hundred boxes each day besides supplying a large trade in town. The peaches are the largest and finest in the valley and wherever shipped are crowding out the smaller varieties, besides bringing top prices, \$1.00 to \$1.50 per box of eighteen to twenty pounds. The trees are so heavily loaded that the branches are resting on the ground and many of the limbs broken by the heavy weight. Mr. Sharpe is undoubtedly the high chief among fruit growers in the Pecos valley and this year is reaping a rich harvest.

The English Photo Co. has opened a gallery over the bank and will, for ten days, make ten photos for 40 cents. We make photo buttons of all kinds. Call and see our work.

The city dials will probably meet in their new house next month, where everything will be fitted up in elegant style for the city dads and fire department boys.

Several people who make a business of catching fish and selling them are liable to get into trouble. The law is very plain on this and should be enforced in order to protect the fish.

T. J. Welch one of our best citizens, who traded his Pecos valley home for Missouri property last spring, returned to the city yesterday. Upon being interrogated by the CURRENT as to whether he preferred Missouri to the Pecos valley he replied: "Well, I must say this part of the valley is impossible to beat and is far ahead of Missouri to my notion." When Mr. Welch left, the CURRENT predicted he would return before a year, but did not expect to see him so soon. It is needless to say that the return of so acceptable a citizen as Mr. Welch will be hailed with pleasure by his acquaintances. Mr. C. F. Coleman, of West Plains, Mo., accompanied Mr. Welch here on this trip. Mr. Welch will return to West Plains where he expects to close out his property interests and return to this valley. He says however that he could not be induced to locate at the northern end of the valley because of the cold in winter and danger of late spring frosts.

Otis Observations.

Prof. J. B. Goodrich, of Lone Tree draw, has been employed to teach the Otis school the coming term. Mr. Goodrich comes well recommended and the trustees are to be commended on securing his services.

The proprietor of the Orange County Stock Farm is a noted disciple of Ike Walton. One day this week he landed a twenty pounder from the Rio Pecos.

Mr. J. F. Harey has commenced work on a 40 acre tract west of Otis, preparatory to growing it in alfalfa for the best company.

C. J. Demorest reports a good demand for choice peaches.

Mrs. J. W. Stokes entertained a number of her Carlsbad friends on Friday of last week.

Mr. and Mrs. Gamble, Mr. Fairly and Miss Brown of Carlsbad made a flying visit to the lower valley recently; visiting the Rio Pecos orchard, the Laura Dell Fruit Farm, Hopedale ranch and the Bolles Farm.

B. T. Killough the worthy P. L. & L. engineer took a silt bath in the raging waters of Dark canon Tuesday morning.

Mr. and Mrs. W. W. Galton entertained Mr. and Mrs. McEwan of Carlsbad on Wednesday.

According to the report of the post master general, rural delivery has enhanced the value of farm lands 5 per cent in those localities where it has been in operation. People desiring to locate in this section should buy at once.

The following letter to the San Angelo Standard is from Jim Smith who will be remembered as having worked in the shops here in 1865.

BANDOL CREEK,
June 13, 1865.

Dear Walter and Bank: As promised, I will write. Guess you will be surprised to hear from me. Well, I inside the first five days wasn't sick any more after the first eight days at sea; was so sick then, however, I fell off about thirty pounds and have never been able to regain it since I landed in Beira, East Africa, one month ago 21st 890. She lasted me four days, when it was all gone. Every time that you turn a corner it costs you \$5. But there is plenty of work here. A man with a fair education can do well here, or a good tradesman, and they pay you no less than \$125 a month; but every time that you go and get a meal she costs you 75 cents and it isn't as good as army grub and you know how we used to kick in the army; and when you take a drink she costs you 25 cents.

I landed 1,200 miles south of here, at Cape Town, and came up the country towards the Transvaal and went broke and had to go to work, and you all know that nearly broke my heart; but I got a good job as a fireman on the Rodessa & Beira railroad and it pays me \$175 a month, but she costs me \$75 for board and \$20 for whisky, so I have a pretty good salary left.

This is a worse place than Fort St. Phillips, Louisiana; they can't hardly get men to work here in the summer. It is winter here now. Every man that works for the railroad company is furnished from one to three negroes to help him. I have got two, one to shovel coal and another to do my washing; they work for \$2.50 a month and their board and clothes; they don't eat anything but rice and don't hardly wear any clothes, but they are kept in the place better here than the negroes are in the states. They are not allowed to walk on the sidewalks; they run in the streets like dogs.

I am going to stay here until the war is over and then I am going into the Transvaal.

I am in the Portuguese territory and can't get out, for the line is guarded and no one but soldiers can cross it until the war is over, unless you get a pass from the Portuguese war office at Mozambique and at the war office in London. Any one who goes across without a pass will be given four years in prison, so you see that I am tied up, but I don't care much so long as I hold my job.

I have not seen George Bent; I heard that he was in Cape Town.

Jack Miles and Dock Moss are making \$140 a month and their board; they both have their saddles with them and they are a great sight to the people here. Jack loaded a fell w by that he has not seen a zebra since he has been here. Jack and Dock are both laying around doing nothing; every day is just like Sunday to them having a good time.

But there are a great many wild animals here. You can see the lions out on the railroad track and hear them howl at night and you can bet that I don't get off the engine after dark. The funniest thing that I have ever seen was a drove of about 100 monkeys migrating; they were all playing along, having a good time.

Well, Bank, you and Thump give all the boys my regards and if you don't answer this and tell me all the news you had better.

Yours forever,
JIM SMITH.
