TOLD BY THE SERGEANT. From the Democrat, Grand Rapids, Mich.

At the Michigan Soldiers' Home, in Grand Rapids, lives Sergeant Richard Dunn, hale and hearty, although he carries the scars of several wounds sustained in some of the battles of the Civil war. In recounting his experience to a reporter, Mr. Dunn said: "About a year and a half ago I began to have trouble with my stomach. My suffering was so intense that I tried different medicines and doctored with several physicians, but without permanent relief."

"I read an account of Dr. Williams' Pink Pills for Pale People having cured a case much like mine, and I decided to give them a trial, which I did. 'After taking five boxes I was cured. I never felt better than I do now, even in my younger days. I am naturally a robust man, but that stomach trouble, together with rheumatism, which afterward set in, were making fast inroads upon my health and I am satisfied that it would have been lost a short time before my comrades would have been conducting the regulation funeral ceremonies over my remains, had I not chanced to read of and taken Dr. Williams' Pink Pills for Pale People."

"There are several others in the home who are taking these pills and are receiving great benefit." RICHARD DUNN, Notary Public.

Sergeant Dunn is perfectly willing that anyone should write him in reference to his case, provided a stamp is enclosed for reply. All the elements necessary to give new life and richness to the blood and restore shattered nerves are contained in a condensed form in Dr. Williams' Pink Pills for Pale People. They are also a specific for troubles peculiar to females, such as suppressions, irregularities and all forms of weakness. In men they cure cases arising from mental worry, overwork or excesses of whatever nature.

Annexation Sentiment. Kingston, Jamaica, Aug. 26.—The American annexation movement commenced on Monday at Manchester is rapidly spreading and finding general acceptance as the only visible alternative to ruin. The promoters of the movement are pushing it vigorously, being desirous of strengthening the hands of Jamaica's representative at the Barbadoes conference, thus encouraging intercolonial co-operation. The sole obstacle encountered is the color question.

Matthews Stricken. Lafayette, Ind., Aug. 26.—Ex-Gov. Claude Matthews was stricken with paralysis yesterday afternoon at Me-harris Grove where he was attending an old settlers' meeting. Gov. Gets a Pension. Washington, Aug. 26.—The pension office has granted a pension to Ah Cun, a Chinese subject and widow of Pascal Martin, a sailor of the United States navy, to whom she was married in Shanghai in 1893. Three children were born to the couple. The widow will receive \$5 per month and the children \$2 a month each. Almost every other country furnishes one or more pensioners to Uncle Sam, but until to-day China was without a representative.

San Francisco, Cal., Aug. 26.—The steamship Moana arrived here yesterday from Australian ports via Honolulu. She brings Honolulu advices, as follows: The congressional members of the committee to report on a form of government for the territory of Hawaii arrived Aug. 17 on the Mariposa.

The three commissioners met President Dole and his cabinet at the executive building by appointment. The compliments of the president and his colleagues had been sent to the United States senators and representatives early in the day.

The commission met at the home of Justice Frear to qualify as members by taking an oath. As soon as the members were regularly listed the commission proceeded to elect a secretary, a stenographer and a sergeant-at-arms. Senator Cullom is chairman. The men for the clerical positions and the sergeant-at-arms had been brought from Washington.

As soon as the formalities at the residence of Justice Frear were finished the four other members of the commission adjourned to the hall of the house, the old throne room in the executive building, and there held the opening business session. This week the commission will visit the island of Hawaii. They will be on the big island six or seven days. The commission will later make trips to Maui and Kauai, and may also see Molokai.

Senator Cullom said that the sessions of the commission would be private except when there were hearings. When individuals or delegations wish to present views or open up discussions either in person or by spokesmen, or by attorney, the hall will be open to all. The senator gave the impression that hearings would be granted to all having any reasonable claims.

Talk of Court-martial. Washington, Aug. 26.—The war department is preparing for an extraordinary court-martial. There is not an official in that department who does not believe either that Gen. Miles has already had an investigating, or that Secretary Alger will ask for a court-martial as soon as Gen. Miles arrives in this country.

Army authorities without any difference state that Secretary Alger or Adj. Gen. Corbin must demand an official investigation of the charges made by Gen. Miles or by their silence confess the truth of the charge made by the general commanding the army. In general terms an army officer is not permitted to criticize, blame or praise a superior or inferior officer. Gen. Miles has accused the war department of garbling and suppressing his messages. This is a grave charge, because the secretary of war has a right to suppress any dispatch of Gen. Miles on the ground of public policy. The officers with whom Gen. Miles dealt are the secretary of war and the adjutant general. To either or both of these officers he referred when he spoke of the garbling of messages.

There are no details yet to show whether the telegrams referred to by Gen. Miles were addressed to the secretary of war or to the adjutant general. From a military legal standpoint, this is the case which Gen. Miles has made, and on which he can be court-martialed.

It depends on either Secretary Alger or Gen. Corbin to take the initiative, unless Gen. Miles has forestalled them and demanded the examination himself.

West Down With Crew. New York, Aug. 26.—The Thingvalla line steamer Norge, which arrived here yesterday, reports that she sunk the French fishing schooner Laconquette of Bayonne, France, on Saturday last on Grand Banks. The captain and five sailors were saved. Sixteen went down with the unfortunate vessel. The Norge sailed from Stettin, Aug. 2. The weather was generally fine to the banks of Newfoundland, when it became foggy with patches of clear weather. On Saturday, Aug. 20, between 3 and 4 o'clock in the afternoon the weather was foggy, but not so thick that the vessel's speed was reduced. Capt. Kundsen said he could see about three cables' lengths ahead. The wind was fairly brisk from the west and southwest, when the vessel suddenly loomed up from the north with sails full and stood directly across the bows of the steamer. The bells were rung to stop and back at full speed, but too late to check the steamer's headway.

The stranger, a fishing schooner, fell across the bow and with a crash was forced over and sunk. The passengers of the Norge, most of whom were about the decks, rushed about in alarm at the shock, but were soon quieted when they learned the steamer was uninjured. A boat was lowered and six men and a dog were picked up. The vessel sank almost immediately and in sinking carried with her sixteen of the crew.

Hawaii's Commission.

San Francisco, Cal., Aug. 26.—The steamship Moana arrived here yesterday from Australian ports via Honolulu. She brings Honolulu advices, as follows: The congressional members of the committee to report on a form of government for the territory of Hawaii arrived Aug. 17 on the Mariposa.

The three commissioners met President Dole and his cabinet at the executive building by appointment. The compliments of the president and his colleagues had been sent to the United States senators and representatives early in the day.

When individuals or delegations wish to present views or open up discussions either in person or by spokesmen, or by attorney, the hall will be open to all. The senator gave the impression that hearings would be granted to all having any reasonable claims.

The work of the commission will not be of a secret nature, but it is felt that the business can be transacted more expeditiously and better in every way by having closed doors.

It is likely, according to Senator Cullom, that there will be prepared by the commission one organic act corresponding to the constitution of a state, describing the territory, manner, method and limitations of legislation. This organic act will be supplemented by many congressional laws bearing upon customs, land, taxation and the judiciary, etc. It is by no means contemplated that there shall be any radical change in the system here. Senator Morgan in an interview said:

"As to the scope of the commission's work—that is rather a leading question, but I can answer it by referring you to the Newlands resolution. We shall keep within the bounds laid down in that resolution, and mark you, we are not going to make any new laws for you or institute any radical changes. Our duties are largely if not wholly advisory, and we shall confine our work as much as possible to that line."

NO WOMAN IS EXEMPT.

Regularly is a matter of importance in every woman's life. Much pain is, however, endured in the belief that it is necessary and not alarming, when in truth it is all wrong and indicates derangement that may cause serious trouble.

Excessive monthly pain itself will unsettle the nerves and make women old before their time.

The foundation of woman's health is a perfectly normal and regular performance of nature's function. The statement we print from Miss GENTRUCO SIKES, of Eldred, Pa., is echoed in every city, town and hamlet in this country. Read what she says:

"DEAR MRS. PINKHAM—I feel like a new person since following your advice, and think it is my duty to let the public know the good your remedies have done me. My troubles were painful menstruation and leucorrhoea. I was nervous and had spells of being confused. Before using your remedies I never had any faith in patent medicines. I now wish to say that I never had anything do me so much good for painful menstruation as Lydia E. Pinkham's Vegetable Compound; also would say that your Sensitive Wash has cured me of leucorrhoea. I hope those few words may help suffering women."

The present Mrs. Pinkham's experience in treating female ills—unparalleled, for years she works side by side with Mrs. Lydia E. Pinkham, and for sometime past has had sole charge of the correspondence department of her great business, treating by letter as many as a hundred thousand ailing women during a single year.

All suffering women are invited to write freely to Mrs. Pinkham, at Lynn, Mass., for advice about their health.
