Labor's Holiday Being Fittingly Observed Throughout the Whole Land.

BRITISH TRADES CONGRESS

Bryan Addressed Thousands in Sharpshooter's Park, Chicago, To-Day.

MIDDLE-OF-THE-ROADSTERS

New York, September 7.—To-day is the wage-workers' Fourth of July, and throughout the United States labor organizations are celebrating their national holiday with parades, music and patriotic addresses. Dispatches from many sections say that the day is being more generally observed than in previous years.

CHICAGO, Ill., September 7.—The labor parade to-day was in nine divisions, and over 40,000 men were in line. The feature of the day, apart from the parade was the address of William Jennings Bryan at Sharpshooter's park. The crowd which went to the park where Bryan was to speak was enormous.

ST. LOUIS, Mo., September 7.—Labor day was observed in the usual manner here. All trades associations held a joint parade and marched to Concordia park to listen to speeches and witness athletic games.

WASHINGTON, D. C., September 7.—Not since the special act of congress was passed making to-day a legal holiday in the District of Columbia and the Territories, has labor day been so universally observed by all workmen's organizations. All great departments of the government were closed, all trades were suspended and the whole city given over to amusement. Over 3,000 men participated in the parade.

Mrs. Maybrick Very Ill. LONDON, England, September 7.—Mrs. Florence Maybrick, confined in Woking prison for life imprisonment, for poisoning her husband, is critically ill, and the chances are decidedly against her recovery.

MIDDLE-OF-THE-ROADSTERS

LITTLE ROCK, Ark., September 7.—Reports received from various points throughout Arkansas state that the weather is cool and pleasant. Very meagre returns from the state election had been received up to noon. Reports indicating a slight increase in the vote of two years ago are being made.

ROCHESTER, N. Y., September 7.—Representative printers from all over the country are arriving for the annual convention of the United Typographic Association which opens here to-morrow. The national executive committee held a session to-day in which the program for the three days' meeting was approved.

NASHVILLE, Tenn., September 7.—In accordance with a proclamation issued by Governor Peter Turney, the general assembly convened to-day at noon in extraordinary session for the purpose of making provision against a deficit in the revenue, and to enact such legislation as would provide a sufficient assessment of property to take care of the credit of the state and to meet its indebtedness and expenses.

WHEATON, Ill., September 7.—Golf enthusiasts from the east and west assembled here, to-day, in large numbers to take part in a national match open to members of clubs in the United States Golf Association. There were fourteen events on the program, three days' play to be on the local links, and the remaining three days at Lake Forest. Among the prizes is a magnificent governor's cup for women players.

LOUISVILLE, Ky., September 7.—The annual encampment of the Sons of Veterans of the United States opens here to-morrow, and delegates and visitors are arriving in large numbers to-day. Between 10,000 and 15,000 members of the order are expected here by Wednesday. The opening sessions of the grand body will be called to order in the Music hall to-morrow afternoon. There will be delegates from every state in the union.

GRAND RAPIDS, Mich., September 7.—The annual convention of the national association of Letter Carriers opened here to-day. At the opening session Postmaster Carroll made the address of welcome. This afternoon the delegates, reinforced by contingents from Chicago and several other points, took part in the annual Labor Day parade. Among the important questions to be considered by the convention is a proposed bill in congress increasing the pay of carriers in cities of the first class from \$1,000 to \$1,200 a year.

CLEVELAND, Ohio, September 7.—The centennial celebration, which has been in a quiescent condition since the encampment of the Knights of Pythias, was resumed to-day, with a historical conference, which will be in session for three days. It was called to order in the armory. Prof. Charles L. Thwing, P. D., of Western Reserve university, was selected as president, and the day was devoted to a consideration of the question of primary and secondary education. Prof. Hinsdale, of the University of Michigan, was one of the speakers. The centennial closes on Thursday with a great celebration of Perry's victory day.

BRYAN AT CHICAGO.

The Horse-Shoers Union Presents Him a Silver Horse-Shoe.

MILWAUKEE, Wis., September 7.—William Jennings Bryan left Milwaukee this morning for Chicago. A large crowd saw him off.

CHICAGO, Ill., September 7.—Wm. J. Bryan, with ex-Governor Peck, reached Chicago at 9:30 this morning. His route was the same as that on which he made his journey to Milwaukee, Saturday. There were no demonstrations on the way. About a hundred people recognized and cheered Bryan at the Northwestern station here. He was driven to the Auditorium annex. The horse-shoers' union was gathered in front of the annex and a large crowd of spectators filled Michigan avenue. Bryan was cheered as he entered the hotel, but the crowd had not seen enough of him. "Bryan", "Bryan", was the shout and after a few minutes the candidate appeared on the balcony, bowed, and then retired to the Democratic headquarters. The horse-shoers had gathered in front of the Auditorium annex with a purpose. As soon as Mr. Bryan arrived they sent a delegation to him with a silver horse-shoe as an evidence of support and an omen of good luck.

CHICAGO, Ill., September 7.—At 10 o'clock the crowd began to gather at Sharpshooter's park where Bryan was to speak and at noon the crowd was numerous. A few minutes after 2, half a dozen carriages, bearing Bryan and his party, arrived at the park, followed by a cheering, running crowd of men and boys. Without sufficient police protection he was forced to push his way through the crowd, and after shaking half a hundred outstretched hands, he dropped to a seat. The crowd was fully 15,000 and was a motley and disorderly assemblage. It was fifteen minutes before Chairman Carroll could make himself heard. He quickly introduced the man for whom "Hurrah for Bryan". The crash around the platform was so great that several women fainted. Bryan appeared for quiet and finally it was accorded him. The speaker began with a eulogy on American labor.

The Populists of Colorado in Convention to Endorse Watson.

DENVER, Colo., September 7.—Colorado is having its fill this year of political conventions. This morning the state convention of the middle-of-the-road populists was called to order at Plummer's hall by Hon. H. C. Childs, for the purpose of naming electors to vote for Bryan and Watson and place in nomination a full state ticket. An address read by Secretary E. E. Caldwell sets forth that the populist party should be fully in accord with the action of the national convention in nominating Watson for vice-president. It went on to say that the farmers and planters of the United States were the founders of the people's party; that they are entitled to consideration and representation in its political councils, commensurate with the indispensable importance of the industry which they represent, and that the populists of Colorado should stand up and give the right-hand of good-fellowship to their brethren of the great south, and recognize the people's party as the political agency of several industrial organizations, to abolish special privileges and usury, check and limit avarice and greed, and restore prosperity to the masses by giving employment instead of alms to the idle.

THE EMPLOYING PRINTERS. ROCHESTER, N. Y., September 7.—Representative printers from all over the country are arriving for the annual convention of the United Typographic Association which opens here to-morrow. The national executive committee held a session to-day in which the program for the three days' meeting was approved.

Relay Races from San Francisco to New York Completed in Less than 14 Days.

WATSON TALKS POPULISM

CINCINNATI, Ohio, September 7.—A negro prisoner named Walker was searched by the turnkey in the Covington jail, and a revolver found in his pocket. Walker occupied a cell adjoining the ones in which Jackson and Walling, the Pearl Bryan murderers are confined. The jailer suspected a plot to break jail, and ordered the cells searched. In Walling's cell, half a dozen saws were found. Both Walling and Jackson protest their innocence, but the jail officials think the plot was to have been carried out at 6 o'clock, this morning, when only two men would be on guard.

Seventh Annual Regatta. HARLEM RIVER, N. Y., September 7.—The seventh annual regatta of the middle states association on the Harlem River, to-day, brought together the largest entry list in the history of the association. All races are one-mile straight-away. The trial heats in the junior and intermediate classes were rowed in the forenoon, all other races in the afternoon.

Watson Again Declares. DALLAS, Texas, September 7.—Tom Watson, of Georgia, addressed 5,000 persons at the Labor day celebration at the state fair grounds this afternoon. The speech was purely a populist political effort. He devoted most of his time to personal attacks on Sewall, the democratic candidate for vice-president. He declared he would not retire from the race in Sewall's favor.

The Canadian Won. LONDON, England, September 7.—Jake Gaudaur, of Toronto, and James Stanbury, of Australia, measured blades, this morning, for the single-scurd championship of the world. The match was rowed over the four-mile course from Putney to Mortlake, the same used by Oxford and Cambridge in their annual aquatic battle. Besides the magnificent sportsman's cup, a purse of \$500 was contingent on the event. Stanbury held the world's championship since 1891, when he defeated John McLean on the Paramatta river. The race was won by Gaudaur, with the greatest ease, by ten lengths.

Gaudaur's time was 23 minutes and 43 seconds, Stanbury's 23 minutes and 43 seconds. Upon crossing the finish line, Stanbury protested against Gaudaur being awarded the race, alleging that the latter had fouled him. His claim, however, was not allowed.

To-Day's Base-Ball. BROOKLYN, N. Y., September 7.—Morning games—Brooklyn, 6, hit 11, errors 19; Cincinnati, 11, hit 11, errors 1; Batteries: Kennedy, Grimsiehart; Peitz, Gray; umpire, Sheridan. At New York—New York, 12, hit 18, errors 2; Pittsburgh, 2, hit 8, errors 8; Batteries: Meekin, Wilson; Killen, Sogden; umpire, Emalle. At Boston—Boston, 10, hit 11, errors 2; Cleveland, 4, hit 7, errors 5; Batteries: Nohols, Berger; Cuppy, Wallace; Seimner, McAlister; umpire, Hurst. At Baltimore—Baltimore, 4, hit 5, errors 2; Louisville, 3, hit 7, errors 3; Batteries: Pond, Robinson; Hill, Miller; umpire, Lally.

Yesterday's Wheel Races. Quite a large crowd gathered at the bicycle track, yesterday afternoon, to witness a few friendly contests between local riders. In the one-mile handicap race, W. T. Cloud, an eighty-yard man, won the event in 2:08, from about seven entries, though it is perhaps fair to say that the scratch men, Brash and McGaffin, did not race until the finish, confining their attention strictly to each other. In the five-mile race, Jack Menet, who had a one-eighth mile handicap, gained about 300 yards on the scratch men and won out in 15:05. As in the mile race, the scratch men confined their racing strictly against each other and made a pretty finish, with Brash in the lead. The small boys' race of half-a-mile, with four entries, was hotly contested and won in the time of 2 minutes. A race for keeps between Brash and McGaffin is not an improbability, in the near future, and will be worth going miles to see, should it occur.

Billy Burton, who is not forgotten by old-time citizens of Las Vegas and Santa Fe, writes THE OPTIC a letter from Los Angeles, deprecating certain charges of mismanagement of the soldiers' home at Santa Monica, made by Harry Brown, in a personal letter to Judge Wooster.

THE VICEROY IN CANADA. NIAGARA FALLS, September 7.—Li Hang Chang, accompanied by Sir Henry Joly, Sir A. C. Parmalee, and his interpreters, this morning drove to the Canadian side, where a trip through the Canadian park and the Dufferin islands was made. Li was evidently much more impressed with the view of the falls from the Canadian side and so expressed himself. He left for Toronto from the Canadian side at about 10:30.

During the year, so far, the Methodist denomination has received eleven probationers, thirty-five full members, and baptized thirteen. Dismissed by letter, fifteen. It has subscribed \$200 missionary, \$30 church extension, \$12 Sunday school union and tracts, \$20 education, Women's Home missionary and other benevolence about \$80 more. The milkman whose customers almost invariably sleep till a late hour in the morning, should provide himself with a bell, the tintinnabulation of which will arouse everybody in the neighborhood, including his tardy patrons.

The exhibition given by the hypnotist at the opera house Saturday evening was quite well attended. Many were skeptical of Ourel's power, but if the people were deceived it was their own fault, as the professor asked for volunteers from the audience to step forward for the purpose of being hypnotized. It is hard for the people to believe that J. W. McColgan could be brought up to deceive the people of his own city and he was perfectly under the control of the hypnotist.

That was a slip of the tongue which stated that B. Frank Forsythe was going to stump California for Bryan. Enough to do at home, he has.
