A FIRE ANNIVERSARY

The Date of Chicago's big Blaze Observed by the Politicians and Pickpockets.

MORE OCEAN DISASTERS

CHICAGO, Ill., October 9.—The anniversary of the great Chicago fire was today made the occasion of an extraordinary demonstration in favor of "sound money." To-night, "Chicago day" will be further celebrated by those who desire to prove that there are some silver men in the metropolis of the west. The silver demonstration will commence at dusk, and the city is thus insured some fifteen hours of political tempestuousness.

To-day's parade was a colossal affair. Over 75,000 voters were in line, including the city council and the important departments representing the city offices. General Joseph Stinson was chief marshal, and introduced an innovation in having his aides on wheels, instead of on horseback. There were seventy bands of music, many of which were imported from other cities. The mottoes displayed related solely to "sound money," "national honor," "national credit," "national unity" and "national prosperity."

Pickpockets took advantage of the large crowd in front of the United States express office, on Washington street, at 10:45 o'clock and started a fight. In the excitement, several women were robbed of the purses and their screams started a panic, during which three or four women fainted and a number received slight bruises. The parade stopped while the officers rescued the fainting women and restored order. Several arrests were made. As the parade was passing the corner of Dearborn and Monroe streets at noon, A. C. Walker, who is employed in a furniture house and under the influence of liquor, drew a loaded revolver and began to shoot up at the windows, where ladies and children were gathered, watching the parade. Fortunately, no one was hit, but a panic and a crush resulted, during which many women fainted. Walker was arrested. The fainting women were taken into neighboring drug stores. At noon, seven pickpockets had been arrested.

DEMOCRATIC MASS MEETING.

CHICAGO, Ill., October 9.—A large democratic mass meeting was held at Tattersalls, State and Sixteenth streets, at 3 o'clock, this afternoon. Speeches were delivered by Jeff Chandler, of Missouri; Judge James A. McKenzie, of Illinois, and H. F. Bartine, of the National bi-metallic league. Senator H. M. Teller, of Colorado, who was to have been the chief speaker, was unable to deliver his address, his voice having failed.

A Cardinal Dead.

ROME, October 9.—Cardinal Gaetano de Ruggiero, secretary of the department of apostolic briefs and grand chancellor of orders, died, this morning. He was born at Naples, January 12th, 1816, and was created a cardinal in 1889.

Aiding Americans.

LONDON, England, October 9.—It is learned by the United States Embassy here is making every possible effort to ameliorate the position of the Americans, Walter Michael Castle and his wife.

Scottish Liberal Association.

LONDON, England, October 9.—The annual conference of the Scottish liberal association opened, this morning. At this evening session, Lord Rosebery made his first political speech of the season. On the Turkish question, he took substantially the same grounds as those advanced by Mr. Gladstone, and in addition roundly scored the policy of the present treaty administration.

A Conspirator Arraigned.

LONDON, Eng., October 9.—Edward J. Ivory, alias Edward Bell, an alleged dynamite conspirator, who was arrested at Glasgow, September 12th, was arraigned for the third time in the Bow street police court, this morning. A boy named James Burns, a step-son of Patrick McCaffrey, was called to the witness stand and identified Ivory as having called at his mother's house in Glasgow and was afterwards identified as having gone in search of O'Hara and Mesgher, to whom he had letters of introduction from Kearney.

The Cleveland.

WASHINGTON, D. C., October 9.—The chief executive returned to-day, from his 101 days' vacation at Grand Gables, on Buzzard's Bay, Mass. The president and his private secretary, Mr. Thurber, reached Washington at 7:40 o'clock a. m., after a good night's rest in a private car attached to the midnight train from New York. No one accompanied them and immediately after their breakfast, on their arrival at the white house, they entered their adjoining offices, and began the routine of public business. The president never looked better than to-day and he is declared to be in splendid condition for the duties of the season of congress which must necessarily follow the national election, no matter what the result may be.

Mrs. Cleveland and the children will reach Washington, Saturday evening. The president's return was so timed as to resume the regular Friday cabinet meeting at 11 o'clock.

PERILS OF THE OCEAN.

The Fury of Yesterday's Gale Was Almost Beyond Precedent.

LONDON, England, October 9.—The captain of the French steamer which took refuge at Holyhead from the fury of yesterday's gale, reports having seen a large steamer founded off Bishop and Clark in St. George's channel, yesterday noon.

The Norwegian bark, "Sea King," was totally wrecked off Stackpole, yesterday. Eight of her crew were saved and five are missing. The gale has now abated.

The steamers "Nottingham" and "Ernestina" came into collision in the Humber, at Hull, this morning. Both vessels were seriously damaged, it being necessary to beach the "Nottingham" to save her from sinking. No one was hurt.

The "Kamsay" life boat saved thirteen men from the Norwegian bark "Giovanni" and twenty-two men from five other vessels.

AN ACCIDENT AT SEA.

NEW YORK, N. Y., October 9.—Capt. Albers, of the steamer "Fuerst Bismarck," from Hamburg, on his arrival at quarantine, reported yesterday afternoon that the American liner, "Paris," was sighted lying still. A boat was lowered from the disabled steamer and came alongside the "Bismarck." It is reported that the starboard engine had broken down and it was asked that letters be taken to the New York agents. No assistance was required. Captain Watkins sent word that he would proceed to his destination under a port engine.

The officials of the company say that the accident to the "Paris" means a loss of 20 per cent. of propelling power. Her agents expect to hear from her in Southampton, a week from Saturday.

THE SPIRITUALISTS.

The Largest International Gathering Ever Seen in This Country.

WASHINGTON, D. C., October 9.—What promises to be the largest international gathering of Spiritualists ever seen in this country will be held in this city during the closing week of the present month. It will be the fourth annual convention of the National Spiritualists' association of the United States of America and of Canada. The spacious assembly hall of the Masonic temple has been retained for the general meetings, while headquarters will be at the Ebbitt house. The New England delegations have engaged a special train from Boston, with short stops in New York and Philadelphia.

A large number of proposed amendments to the constitution have already been received by President Barrett and Secretary Woodbury. One provides for the establishment of a "National Spiritualists' temple fund," having for its object the purchase of a lot and the erection of a national temple. The addition of a Children's progressive lyceum will also be considered. Among the important questions to come before the delegates are: Means of protection from fortune tellers and impostors; and methods by which only such persons as are specially qualified by education and development of spiritual gifts may be ordained.

UP EARLY.

Eager Crowds Disturbed Mr. Bryan's Slumbers, This Morning.

SIoux CITY, Iowa, October 9.—The people who got up early to see Wm. J. Bryan would not let him sleep, this morning. They banged on the windows of his private car at Marshalltown, up to the time he left that place at 1:43 o'clock a. m. hardly day break, when the banging was renewed at little stations where the train halted on its way to this city. Crowds had gathered at Wall Lake, Odebolt, Arthur, Ida Grove, Battle Creek, Danbury, Mapleton, Onawa and Whiting. Mr. Bryan was obliged to rise early, in response to shouts at several stations of "Trot him out," and "Let's see him." He made a number of brief speeches.

The biggest crowd that heard him was at Onawa, a populist stronghold. It was raining hard, a chilly, cold rain, when Sioux City was reached at 10:20 this morning. Mr. Bryan was escorted to a big train shed of the union passenger station, where, mounted on a truck, he addressed an audience of several thousand people, who were closely huddled together there.

AWFUL TRAGEDY.

A Husband Butchers His Family in Hamilton County, Indiana.

NOBLESVILLE, Ind., October 9.—Evidences of a terrible tragedy were discovered, this morning, at the home of Albert Bray, a farmer living two miles from this city. A neighbor, on going to the house and failing to get a response to a rap, forced his way in and found the bodies of Bray, his wife and two little children, aged three and six years, respectively, upon the floor in the bed-room in which they slept. Bray was still alive, but the others were dead. The father expired shortly after the discovery was made, without gaining consciousness. A bloody razor was lying at his side, and it is supposed that he committed the awful butchery with his own hands.

The Opposition to Sewall.

KANSAS CITY, Missouri, October 9.—The World, this afternoon, prints a story from Topeka which gives reasons why the national populist convention at St. Louis refused to endorse Sewall for vice-president. The story alleges that I. C. Bateman, populist candidate for governor of Maine, used his influence to secure Sewall's defeat, being actuated by revenge, because Sewall had refused to ask the democratic candidate for governor of Maine to withdraw in his (Bateman's) favor.

A Poll of Kentucky by the Republicans Gives Assurance of a Big Majority.

A BANK ROBBER IS KILLED

TROTTING TRACK, LEXINGTON, Ky., October 9.—Five thousand people saw the great Transylvania stake decided here, to-day. The rich prize went to "Senator A.," a bay horse by "Tramp-Pallo," that had won two heats, yesterday; "Governor Strong," a horse that also had two heats, second; "Alcedalis," third; time, 2:11. There were nearly \$200,000 in the pool-box on the race, the greatest betting on a race in the whole history of the trotting turf. The track was fast, "Louis Victor" won the fourth and deciding heat in the unfinished 2:19 class; "Atlantis," second; "Mackay, third; time, 2:16.

"China Zerk" won the Kentucky futurity of \$5,000 for two-year-olds, breaking the track record; time, 2:16; "Preston," second; "Silver Lock," third.

A Town on Fire.

CRESTON, Iowa, October 9.—Report has reached this city that Corning, Iowa, is almost totally destroyed by fire. An unknown man was burned to death. The loss is \$900,000.

Steady Market.

WALL STREET, N. Y., October 9.—Stocks opened steady for railway issues. Sugar was heavy and sold down to 10 3/4. Manhattan was an exception and it rose to within a fraction of 93. The trading outside of Manhattan and sugar was light.

Bank Robber Killed.

FAIRMOUNT, Minn., October 9.—One of the Sherburne bank robbers and murderers was killed by Deputy Sheriff Ward, of this county, at Bancroft, Iowa. He had shot and killed the marshal of that place. The other desperado is surrounded and will be killed or captured within an hour.

A Poll of Kentucky.

LOUISVILLE, Ky., October 9.—The Courier-Journal this morning, says that the republicans have completed their poll of the state, as complete as it can be made. The men who did the work in the school districts of each county in nearly every instance are the same individuals who helped Dr. Hancock make his remarkably accurate poll, a year ago. They expect to go down to the majority district with at least 25,000 majority.

Short in His Accounts.

WASHINGTON, D. C., October 9.—It is announced that a shortage of between \$15,000 and \$16,000 has been found in the accounts of Dr. A. C. Patterson, assistant physician in charge of St. Elizabeth's asylum. The deficit does not come out of the government funds, but out of sums which had been paid by private patients. Dr. Patterson and his friends will make good the deficiency. For the three months last past, Dr. Patterson has been in Canada for his health.

This Afternoon, Dr. Godding stated that the amount of the shortage had already been made good. The matter is one with which the government had nothing to do.

THEIR REPORT. The Venezuelan Commission Will Render One to the President.

WASHINGTON, D. C., October 9.—With Justice Brewer, of the United States supreme court, presiding, the Venezuelan commission, appointed by President Cleveland last January, to investigate the British-Venezuelan boundary-line dispute, met here, to-day, for the purpose of preparing a report to be made to the president, in advance of the meeting of congress in December. During the summer, nearly all the members of the commission have been at work upon different branches of the subject. The decision of the commission will largely hinge upon the report of Professor Baer, who for months past has been ransacking the Dutch archives in Holland and London. With the submission of the report to the president, the work of the commission will cease.

PLUCKY PIRATES.

They Boldly Board a French Ship and Engage in a Fight.

MADRID, Spain, October 9.—News has been received by the government that Ruff pirates are again committing depredations upon passing vessels, having become bolder than ever. A strong band of Ruff boarded the French ship "Corinto," off at Huemas, and after pinning the crew, they plundered the ship's cargo. The Spanish steamer "Sevilla," conveying Cuban exiles to Ceuta, appeared on the scene and fired on the pirates. The fire was returned and the fight was begun, which lasted some time. Four men on board the "Sevilla" were killed, including a Cuban prisoner named Oscar. The pirates finally retired, but carried off the captain of the "Corinto." The Spanish warship has gone in search of the pirates.

A PROPOSITION.

The Conditions on Which the Populists Will Fuse in Missouri.

ST. LOUIS, Missouri, October 9.—The people's party's state central committee, last night, passed a resolution, giving the executive committee power to arrange a fusion with the democrats on the state ticket, providing the latter would concede to the populists the offices of attorney general and railroad commissioner. The acceptance of the proposition is extremely doubtful. Chairman Cook, of the democratic state central committee, said, last night, that the proposition, looking to the withdrawal of any democratic candidate from the ticket, would be considered by the state committee.
