A RICH MINERAL FIND

Gold That Will Assay \$2,000 to the Ton, Discovered Down at Golden.

A WIFE-BEATER LYNCHED

Troubles in the Ranks of the Salvation Army, May Cause a Split.

FOUL MURDER AT PUEBLO

Special Telegram to the Optic. SANTA FE, N. M., March 21.—Yesterday afternoon, while prospecting a placer mine near Golden, twenty miles south of Cerrillos, uncovered a three-inch streak of gold ore, that without exaggeration, will assay \$2,000. He washed out \$5 from three ounces of ore. It is claimed the discovery is on government land. Full particulars will be given the public if found to be on vacant ground. The find has created much excitement in mining circles here, and at Cerrillos.

CERRILLOS, N. M., March 21.—A three-inch streak of gold ore was discovered near Golden, that promises very rich. Five dollars in gold was washed from three ounces of it. It is not known yet whether the discovery is on government land or not.

Lynchings at Wino-Beating. HOPKINSVILLE, Ky., March 21.—John Windsor, a terror to the country, was taken from his house, last Friday night, by white caps. Tuesday he was flogged in the woods. He had been frequently warned on account of wife-beating and general misconduct.

Had Only Disappeared. LA PORTE, Ind., March 21.—Relations of William Crawford, a wealthy stock man, of Evanston, Wyoming, who disappeared three years ago, and was supposed to have been murdered, have learned of his living in British Columbia. His Wyoming estate has been divided among his heirs.

For Attempted Murder. BURLINGTON, Iowa, March 21.—A lad named Swinehart, aged thirteen, was arrested here as leader of a gang of young ruffians who tortured a little fellow with tales of terror, bound him in the cellar of an empty house and fired the building. The flames attracted notice and were extinguished, and the lad rescued unconscious.

A Murder at Pueblo. PUEBLO, Colo., March 21.—Winfield J. Bradford, a prominent and respected merchant of this city, met a violent death at the hands of an unknown assassin, last night. An immense public meeting is being held, this afternoon, to devise means of capturing the murderer. Public feeling and indignation is at fever heat, and should the criminal be discovered, a lynching will surely follow.

Whose Head Was It? CINCINNATI, O., March 21.—G. V. Wing, matriculator of human bones for the medical students at Columbus, reports to the chief of police, that a man aroused him, early Thursday morning having a woman's head in a tin bucket, which he wished matriculated. Long brown hair, braided, hung to it, while it had a big clot of dry blood on one side. Wing believes the head to be that of Bryan and asks investigation. His story has great indications of probability.

A Fashionable Meet. WASHINGTON, D. C., March 21.—Although the cycling craze has long held the society of the capital in its grasp, the fashionable devotees of the wheel have never held a regular meet until to-day, when several hundred maids and matrons, escorted by handsome wheelmen, united in a spin on the asphalted avenues leading from the capitol through the fashionable suburbs. The participants were of the most exclusive set, including ladies of the cabinet, diplomatic corps, and the wives of a number of members of congress.

Silver Anniversary. NEW YORK, N. Y., March 21.—A Berlin dispatch says: To-day is the silver anniversary of the first assembling of the Reichstag, and in honor of the event business has been suspended with for the day, and the members are giving themselves up to festivity, rejoicings and reminiscence. The banquet this evening in the hall of the Reichstag will be a brilliant affair, but there will be a number of vacant seats, for the socialists, who are unwilling to toast the health of the emperor, will have a little dinner, all to themselves, at a near-by cafe. The press also will be excluded. The principal toasts will be to the emperor and Prince Bis marck.

Send Them to New Mexico. LONDON, England, March 21.—A draft of the bill prepared by the government of New Zealand for the exclusion of consumptives from that colony has been received here. It is framed on the lines of the present legislation excluding persons suffering from leprosy, smallpox and other contagious disorders, except that it imposes an extremely heavy penalty upon captains of ships bringing consumptives to port, whether knowingly or unwittingly. This law, if passed, will compel the captain as a matter of self-defense to require all intending passengers from American, English or Asiatic ports to provide themselves with medical certificates showing that they are neither consumptives nor exhibit any tendencies of being so afflicted.

TO RECOGNIZE CUBA

A Joint Resolution is Offered in Place of the Current One.

BANK ROBBERS AT WORK

Important Documents Arrive in Washington to Help Venezuela's Cause.

A DYNAMITE EXPLOSION

WASHINGTON, D. C., March 21.—Senator Morgan presented a new phase of the Cuban question to the senate, shortly before adjournment last night, by offering the following joint resolution: "Resolved, By the senate and house of representatives of the United States in congress assembled, that it is hereby declared that a state of public war exists in the island of Cuba between the government of Spain and the people of that island, who are supporting a separate government under the name of the republic of Cuba, and a state of belligerency between said governments is hereby recognized."

The significance of this resolution is that it is a joint resolution instead of a concurrent one, and that it is confined to the bare recognition of belligerency upon a basis of the declaration that a state of war exists in Cuba.

Senator Morgan said in reply to a question, that it was his purpose to afford those who had objected to a concurrent resolution and expressed their willingness to support a joint resolution a chance to make good their promises. He will try to call it up Monday, regardless of the concurrent resolution now before the senate, and hopes to have it passed with little delay.

Made a Good Hunt. DECATUR, Ill., March 21.—A party of strangers who arrived here last night, are credited with robbing a bank here of \$3,000 and stealing a number of horses, with which they made their escape.

Dynamite Explosion. ELLIOTT CITY, Md., March 21.—A premature explosion of a mass of dynamite used by laborers on electric road construction, mangled two men beyond recognition, and demolished hundreds of windows and shook the town like an earthquake.

To Substantiate Their Claim. WASHINGTON, D. C., March 21.—A great mass of valuable records and ancient maps, gathered in Venezuela to substantiate the claims of that country against British contention, arrived here to be laid before the commission. Monday. These documents are the most valuable yet presented.

Athletes Depart. NEW YORK, N. Y., March 21.—As the steamship "Faida" steamed away from the North River Lloyd pier, in Hoboken, this morning, the great crowd on the dock enthusiastically joined in yelling: "Hoory, Hoory, Hoory, Tiger, Six Boom, ab, Princeton." On board was the Princeton athletic team, which is to uphold the honors of America at the Olympic games to be held in Athens, next month. The members of the team are: J. H. Coffelt, F. A. Lane and A. C. Tyler, with Robert Garret as captain. The party will arrive at Athens on April 3d, two days before the great tournament is scheduled to begin.

Golden Anniversary. CINCINNATI, Ohio, March 21.—Archbishop Elder is being flooded with congratulations, to-day, this being the golden jubilee anniversary of his ordination. Among the letters and telegrams received at the archiepiscopal residence, this forenoon, was a message of congratulation from the Vatican. The big celebration of the jubilee, which had been planned by a number of the local clergy and prominent laymen of the church, has been postponed through deference to the venerable archbishop's request, until sometime in June next, when it will be made one of the most elaborate and costly functions in the history of the Roman Catholic church of America.

Buttons are Not Vets. PHILADELPHIA, Pa., March 21.—Senator Matthew Quay does not propose to be outdone when it comes to using the little political button as a factor in campaigning for the presidential nomination. Last week it became known that an order had been placed with a local manufacturer for a half-million buttons bearing the miniature likeness of Major McKinley. No sooner had the news reached the ears of the Pennsylvania Senator than an order was sent to the same manufacturer for one million Quay buttons to be made in two designs and those in a position to know say that these badges are intended to outshine in costliness and uniqueness of design anything of the kind that will be distributed in the present campaign.

A Boxing Tournament. NEW YORK, N. Y., March 21.—A program of unusual interest will doubtless draw an immense crowd to witness the boxing tournament which will take place at the Grand Central Palace, to-night. The main feature is a ten-round bout between Joe Choynski and "Kid" McCoy. Since McCoy's knock-out defeat of Tommy Ryan, he has risen above par in the estimation of the sporting fraternity, and there are many who are willing to bet that he will gain the decision over the heavy-weight Gallifonian. Other features of the program are six-round contests between Jimmy Handler and Joe Harmon; Jack Kelly and Jack Downey;

and Solly Smith and Jerry Barboff. All of the contestants are greatly matched, and some exciting boxing is anticipated.

TRACK AND TRAIN.

Joe Taylor, machinist, is again an employe in the shops at Raton.

Oil in tank cars is removed from classification of special freight—30 bulletins Supt. Hurley.

Chas. Reeves, engine crew caller, has resigned his position with the Atchison at Raton and will leave shortly for Colorado. George Hanton has taken his place.

Yardmaster Frank Murphy, of the Atchison, at Newton, has secured a sixty-day's leave of absence, and accompanied by his family, will visit relatives in California.

H. B. Hubbard, pilot on the Glorietta mountain, who has been here for a few days, left for his post of duty to-day. Chas. Moore, who had been doing his work, will return to his home here.

Brakeman Graybill, who was caught between two cars and crushed to death at North Worth, Tex., last week, was formerly a conductor on the Panhandle division of the Atchison running out of Wellington.

NO GAMBLING GORE.

Trainsmen running on the middle division of the Atchison can no longer indulge in the enjoyment of an interesting game of poker or a quiet hand at high five in their way cars while waiting for a passenger train at a siding or killing time at a station. An order forbidding this pleasure has been issued by Trainmaster Bailey of Newton and reads as follows:

"Complaint is made that for some time past some of our trainsmen have been in the habit of gambling in way cars at terminal stations; and this at times when they needed rest. I am directed to inform you that all card playing in way cars at night is forbidden and employes found gambling in way cars at any time will be dismissed from the service."

The Critic, Toledo, Ohio, February 21st, says: "A more delighted audience is hard to imagine than that enjoying S. M. Spedon's crayon talk at the Y. M. C. A. hall, Tuesday evening. The subject selected was 'Character and Characteristic,' which he skillfully handled. Mr. Spedon is an entertainer of rare genius, and a combined humorist, cartoonist and artist. He makes in view of the audience, large colored crayon sketches of the most interesting nature, and at the same time, keeping up a chatty talk on the subject which sparkles from beginning to end with natural wit."

Don't fail to hear him on Tuesday evening at Tammie opera house. Hand series at popular prices, 50 and 25 cents. Coupon ticket holders should secure their reserved seats, as in all probability every seat in the house will be taken."
