FRIDAY EVENING, APRIL 24, 1896

NOTHING new to report for the present in the Fountain assassination mystery. And still something may arise, at any moment, to clear up the bloody and gruesome affair.

IN Santa Fe county, they use all the 1894 county taxes to pay the sheriff's bills with. Pretty nice thing, that, for the sheriff, but rather hard on other creditors of the county. And where does the equity or justice of such a proceeding come in?

QUITE a joke it is that they tell on Prof. S. P. McCrea upon the streets of Las Cruces, concerning a certain recommendation. No harm done, Mr. ex-president of the agricultural college at Las Cruces. This is simply done to let you know that THE OPTIC is "on."

EX-DELEGATE ANTONIO JOSEPH is setting up the pins for the democratic nomination for the legislative council from the counties of Taos and Rio Arriba, this fall. Now, the ex-delegate will make a strong candidate, and the republicans of that section must look around for a mighty good man to beat him with.

THERE are some dark rumors concerning the conduct of George W. Miles, recently appointed professor of astronomy at the Las Cruces agricultural college as treasurer of the board of regents of the Silver City normal school, floating about the southern part of New Mexico. THE OPTIC may have more to say upon this subject anon. The board of regents of that institution is strongly democratic now, but THE OPTIC may be able to give the facts, nevertheless.

CHARGES have been preferred against Sheriff W. P. Cunningham, of Santa Fe county, by Hon. Charles W. Dudrow, chairman of the board of county commissioners, of that county, and it is understood that the governor has ordered a hearing thereon, on Monday. The sheriff is charged with having Territorial and county funds in his possession, unlawfully and contrary to the requirements of the statute in such case made and provided, and with several acts of misfeasance and oppression in office. Now, let the governor hew to the line, let the chips fall where they may. The eyes of the people, not only of Santa Fe county, but of the entire Territory, are upon you, Governor Thornton. If Governor Thornton will act in the case, THE OPTIC has in mind as the law directs and as the evidence will show, he will obtain the respect and good will of the best part of the citizens of New Mexico, regardless of party. Let him act with firmness and decision and he will have no cause to regret it.

NO TIME FOR COMPROMISE.

An eastern gold-bug paper, the Buffalo *Commercial*, has the following, which will be appreciated by the friends of real honest money, because it puts the issue squarely between bimetallism on the old basis and a single gold standard. The *Commercial* is entitled to credit for its frank avowal of the real issue, and we therefore give it space, as follows:

The great majority of American people, including pretty nearly the entire business community, are thoroughly wedded to the honest money, the best money, and wholly opposed to the dishonest schemes of the silverites, and it is this fact that makes it so exasperating to see republican and democratic politicians lying low, avoiding plain, unequivocal language on the subject, and seeking compromise for the sake of "harmony." One never hears of any mealy-mouths among the free silverites, whether of democratic or republican affiliation. It is silver or nothing with them. It ought to be gold or nothing with the honest money men, republicans or democrats. This ought to be the ultimatum of all honest bi-metallists as well, for it is only by making every dollar of our obligations as good as gold that the two metals can be kept in circulation. The republican candidate, whoever he may be, will have to toe the mark on this question and there is really nothing to be gained by trimming at this time of day.

The Chandlers and Gormans may cook up all the "compromises" they choose. The country will have none of them.

The *Commercial* is right when it declares that the country will have none of the Chandler and Gorman compromises; they want the issue of honest money placed squarely before them and they are going to insist upon the right to pass judgment in favor, not of the gold standard which is impoverishing this nation and enriching Europe, but of honest money which deals honestly with the American people and with their creditors. That honest money is gold and silver, coined at the ratio which prevailed when both metals were given their best use, and which would make both dollars equally valuable at all times. Every fact in the experience of the world; every rule of logic and common sense in favor of honest bi-metallism, the free coinage of gold and silver at the point where the metals converge in production and in the usage of the world, and in spite of the fact that the gold standard newspapers refuse to give the people the facts, the masses are growing in knowledge, and they are going to produce a condition where the question cannot be shoved aside by the lofty sneers of men who dare not go into a discussion of the facts and principles involved.

No; we want no compromises. We want to meet this issue squarely on the lines laid down by the above paper; we want the judgment of the people upon what constitutes honest money. It cannot be, for a single gold standard, raising the price of gold and destroying the values of American products, is not honest money; it is legalized robbing of the many for the benefit of the few; a monstrous and growing wrong.

THE LUIS HERRERA CASE.

A Misleading Report Connecting the Man With the Murder of Col. Fountain and Little Son.

From the Las Cruces Republican.

* * * * * * * *

The facts are as follows: Some time ago Luis Herrera was arrested and placed under bond for carrying concealed weapons. Herrera was in the employ of the parties who were searching for the murderers of Col. Fountain and his little son, and was on the point of starting for Chamberino for a man, who claimed he knew where Col. Fountain's body was when he was arrested. It was thought then that this Mexican at Chamberino might know something, so nothing was said at his trial, why he was armed, and bond was given for his appearance before the grand jury. It turned out, however, that the Chamberino man had passed the white sands, and saw a bush, which looked suspicious to him, and when he arrived at Chamberino told that he saw the legs of Col. Fountain stretching out of the sand.

Later, it was discovered that Herrera left Las Cruces on the 31st of January and on the 2nd of February, early in the morning, his cousin at Tularosa found him asleep in his corral, and Herrera explained that his horse had given out about five miles from Tularosa and he had walked in with his saddle and left his horse at a ranch. He then borrowed a horse from his cousin and asked him to get his (Herrera's) horse and keep it until he returned his own, the borrowed one. On the 7th, he appeared at Prude's store, and then borrowed a pistol, saying that he had just heard of the murder of Col. Fountain and little son, and wanted to go out and look for the bodies. He then went to Ed. Terrell's place and there borrowed another horse, leaving the horse he had borrowed in Tularosa with Terrell. A few days later, he was on the plains and joined Llewellyn's party, and helped to search for the lost bodies.

Herrera's cousin at Tularosa told Mr. Banner when he was in Tularosa that Luis Herrera had left Las Cruces on the 31st and arrived there on the second of February. If this is true, Herrera must have been very near when the murder was committed, and when asked where he was on the 1st of February, he said he was at Prude's store, and had not been in Las Cruces, nor had he been in Tularoso since last August.

His contradictory statement caused a suspicion against him and the sheriff went to his bondsmen, explaining these circumstances and had them withdraw from his bond, and he is now in jail. In the meantime, the sheriff is investigating into his case and find out whether or not he is connected with the Fountain murders.

None But Ayer's at the World's Fair.

Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed an exhibit at the World's fair, Chicago. Manufacturers of other Sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the World's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."

Stockholders' Meeting.

A meeting of the stockholders of the Las Vegas Masonic building association will be held at the Masonic Temple, in East Las Vegas, N. M., April 27th, 1896, at 8 o'clock p. m., for the purpose of electing a board of directors to serve for the ensuing year and for the transaction of such other business as may legally come before such meeting. CHAS. ILFELD,

A. D. HIGGINS, President.
Secretary. 143 3t

EAST LAS VEGAS, N.M., April 17th, 1896.

The sick man knocking at the door of health gets in if he knocks the right way, and, stays out if he doesn't. There are thousands of ways of getting sick but only one way to get well. Do whatever you will, if you do not put your digestion in good order, and make your blood rich and pure, you will not get well. Rich, pure blood is the only thing that can bring perfect health. Constipation is a disease of the blood. A large part of all diseases are traceable directly to impurities in the blood, and can be cured by eliminating them with Dr. Pierce's Golden Medical Discovery. The first thing it does is to put the whole digestive system into perfect order. It stimulates the appetite, excites a copious secretion of the digestive fluids and promotes assimilation. It searches out disease germs wherever they may be, kills them and forces them out of the system. The "Golden Medical Discovery" has been used with unvarying success for over 30 years.

EXECUTIVE CLEMENCY.

It Has Again Been Extended by the Governor Over in Santa Fe.

From the New Mexican.

Governor Thornton, yesterday, commuted the sentences of John C. Hill and Jack Porter, convicted of larceny of cattle in Colfax county last June and sent to the penitentiary for five years, to fifteen months each.

This action was taken on the representation of petitions, letters and statements of citizens of Union and Colfax counties that the ends of justice had been satisfied by the punishment already inflicted and that commutations were justifiable.

Every officer in Union county, except one, nearly all the officers of Colfax county and 1,000 other petitioners prayed for executive clemency in the premises and the trial judge withdrew his opposition thereto. Messrs. Hill and Porter will be released in September.

On the recommendation of the trial judge, district attorney, prosecuting witness and others, the governor has pardoned J. M. Leary, convicted about a year ago of assault with intent to kill, in Bernalillo county, and sentenced to serve two years in the penitentiary.

The sentence of Roy Campbell, convicted of burglary in Grant county, has also been commuted to expire on April 30th, upon the showing that Campbell was only eighteen years old and that this was his first offense.

Jesus Maria Armijo, of San Miguel county, having served his full sentence for larceny, has been restored to citizenship.

It behooves every citizen in city, town and country to keep posted on the stirring events that will occur in this country and in the old world within the next nine months. The results will affect all, personally, directly or indirectly. This nation is on the eve of the most exciting presidential campaign in its history, European politics are in a very complicated state, and scientists are applying their discoveries to many lines that will produce startling new things. To keep abreast with the world one should read, in addition to the local or county paper, a live metropolitan newspaper, such as The Twice-a-Week *Republic*, of St. Louis. It is the most progressive journal in the United States, and in each issue it gives the latest political news of all parties in the field, the latest general news of the world and many valuable special features besides. This model newspaper is delivered twice-a-week by mail for only $1 a year, or less than one cent a copy. The price of the Daily and Sunday *Republic* has recently been reduced to only $6 a year by mail.

Harper's Bazar
IN 1896.
The twenty-ninth year of HARPER'S BAZAR, beginning in January, 1896, finds it maintaining its deserved reputation both as a Fashion Journal and a weekly periodical for home reading.
Every week the BAZAR presents beautiful toilettes for various occasions, BAZAR, BAUDE, and CHAPUIS illustrate and engrave the newest designs from the finest models in Paris and Berlin. New York Fashions epitomize current styles in New York. A fortnightly pattern-sheet supplement with diagrams and directions enables women to cut and make their own gowns, and is of great value to the professional modiste as well as to the amateur dressmaker. Children's Clothing receives constant attention. Fashions for Men are described in full detail by a man-about-town. Our Paris Letter, by KATHARINE DE FOREST, is a sprightly weekly recital of fashion, gossip, and social doings in Paris, given by a clever woman in an entertaining way.
Both the serials for 1896 are the work of American women. Mrs. Gerald, by MARIA LOUISE POOL, is a striking story of New England life. MARY E. WILKINS, in Jerome, a Poor Man, discusses the always interesting problem of the relations between labor and capital. Short stories will be written by the best authors.
Special Departments. Music, The Outdoor Woman, Personals, What We Are Doing, Women and Men, report and discuss themes of immediate interest.
Answers to Correspondents. Questions receive the personal attention of the editor, and are answered at the earliest practicable date after their receipt.
