Miss F. E. Mellon left, this morning, to visit friends in Raton for a few days; thence she will go to her home at Evansville, Ind., possibly returning in the fall. If not, Chautauqua Circle loses one of its most efficient members, and the city one of her most worthy of women.
Mrs. I. Hollenweger received a telegram, to-day, conveying the sad intelligence of the death of her son, John Hollenweger, in Chicago, last evening. The cause of his death is unknown, but it was very sudden and unexpected. It is probable that the remains will be brought home for burial.

The Advertisers are to build a church in this city, soon. Quite a considerable amount of money has already been subscribed, the carpenter work and putting have been subscribed, and an organ has been donated. The Advertisers are of service to any community, one of their strongest principles being that they will oppose legislation of any kind on religious matters. This is in accord with the constitution of the United States and the ideas of the founders of this government.

Rev. C. L. Bovard and family came in from the springs, Saturday, where they had been enjoying a few days' rest, and Mr. Bovard preached for Rev. H. J. Hoover at the M. E. Church, last evening. Despite the rain and the services at the Baptist church, a goodly number of people gathered to hear one of his energetic appeals to the soul in misery and despair. This man is evidently becoming one of the best preachers of our age, and every one who falls to hear Mr. Bovard, certainly misses a treat.

Mrs. Victor L. Ochoa is dead at El Paso, Texas. Friday night, as she was sitting laughing and chatting with some friends who had called on her, she suddenly swooned and sank to the floor, and before she could be lifted to a couch near at hand, she was dead. Mrs. Ochoa was apparently in excellent health, and her sudden death is attributed to heart failure. The deceased was the wife of the noted Mexican revolutionist and journalist, Victor L. Ochoa, who was, about two years ago, convicted in the United States court at El Paso and sent to the King's county penitentiary for a term of three years.

Impromptu Concert at the Springs.
The Montezuma hotel took on somewhat of its old-time air, yesterday, when an hundred or more people promenaded through its spacious halls and corridors and finally gathered in the elegant dining room and listened to an impromptu concert, which consisted of a piano and violin duet by Professors Sodring and Nelson; tenor solo by E. H. Smith; piano solo by Professor Sodring; baritone solo by J. J. Clinton; soprano solo by Mrs. E. H. Smith, and a vocal duet by Messrs. Riggs and Reid.
Fifty people went out from Las Vegas on the 3:30 train, and a most delightful afternoon was spent, which might be pleasantly repeated in the near future.

COURT NOTES.

The court officials returned from Mora, at noon, yesterday.
Irenso Flores was sentenced to one year in the pen, for larceny, at the Mora court.

Benj. M. Read, one of the attorneys for Agapito Abeyta, Jr., left for his Santa Fe home, last evening.
An injunction has been ordered to issue in the case of the Bell Ranch, Land and Irrigation Co. against Nicolas and Anastacio Cordova.

District court met, in adjourned session, in the Las Vegas court room, this morning, some unfinished business being attended to.
Madison Horn, under indictment for the killing of Rafael Real, near Watrous, was released, at the Mora court, in the sum of \$5,000, his sureties in that amount being Capt. W. B. Brunton, Joseph Doherty and J. B. Wasson.

Judge Thos. Smith has signed an order staying the execution of Jose Chavez y Chavez, till the further order of the Territorial supreme court, which meets next month, in Santa Fe, the defendant having taken an appeal to the higher court.

On Saturday, the grand jury of the Mora court indicted Agapito Abeyta, Jr., for the murder of Juan Antonio Real, the Indian; also, for the assassination of ex-Sheriff John Doherty. At his own request, the prisoner has been brought over to the Las Vegas jail, pending an application for a writ of habeas corpus by his attorney, A. O. Larrazolo. Abeyta could not be tried at the present term of court in Mora county for the reason that a competent jury could not be obtained, and the additional fact that the court funds were insufficient. Out of 1,800 taxpayers in our neighboring, democratic county, only 211 persons have paid their taxes, eighty-five of whom are disqualified to sit as jurors. Along with Agapito Abeyta, Jr., Tomas Lucero, Juan Lucero, Sostenes Lacerro, Juan B. Romero, Basilio Cordova, and Estanislado Sandoval were severally indicted for complicity in the murder of the Indian, and Jose Victor Lujan and Tomas Lucero for complicity in the killing of John Doherty. All of these parties are behind the bars, some of them in the penitentiary.

The CAPITATION SCHOOL TAX.
The capitation school tax provided for in Sec. 36, Chap. 25, of the acts of the general assembly, of New Mexico, for 1891, is now due and payable. The section referred to is as follows:
SECTION 36.—That a poll tax of \$1 shall be levied upon all able bodied male persons over the age of twenty-one years, for school purposes. It shall be the duty of the county assessor to make out separate lists of all persons liable to pay a poll tax in each district, and certify the same to the clerks of the several school districts, whose duty it shall be to collect the same, and said clerks shall receive ten per centum of all moneys collected from poll taxes. The district clerks are hereby empowered to bring suit in the name of the district for the collection of the same, if not paid within sixty days after the lists have been received by the treasurer.

This is a tax levied under the laws of the Territory, in each of the school districts of the Territory, to supplement and assist the school funds raised in other ways, but is entirely separate from them and is collected by the school districts themselves, and going directly into the treasury of each district without distribution.
The school district capitation tax of one dollar, is one of the most important and beneficial taxes we have to pay, and it is therefore hoped, and it will be greatly appreciated, if all those subject to this tax will hand the same to me, or to W. G. Koogler, who is authorized to collect the same, promptly. By such action you will greatly facilitate its collection, and favor those charged with this work.
Our schools need all the money they are entitled to under the laws of the Territory, and it is therefore needless to urge that the obligation be met promptly, and thus save the delay and expense of resorting to other measures. Las Vegas has good schools and is justly proud of them, but they can only be kept at their present high standard by all our citizens taking an interest in them, and meeting ungrudgingly the obligations cast upon them by the laws of the Territory and the necessities of the schools.
Respectfully,
J. H. York,
Secretary District No. 2.

His farewell lecture.
Major Scott delivered his lecture, and the last one, on "The Young Men in Chains," to a very large audience, at the Baptist church, last evening.
The ever welcome rain had no effect on the gangline throng who were there early to get seats and hear this eloquent man. He was earnest, logical and positive. He talked for an hour and the people desired he should keep on, but the major showed some graphic pictures of the "Young Men," and closed his magnificent address, after which Miss Hewell sang a very pretty and appropriate solo, joined in the chorus by the choir.

A few words of eulogy from the pastor, a benediction from Rev. Norman Skinner, a hand-shaking and the sad farewell to Major and Mrs. Scott, two of the best lecturers that ever came to Las Vegas, was ended. They are worthy people and deserving of larger audiences and larger fields of labor.

TRACK AND TRAIN.
J. B. Burr has been appointed agent at Whitewater, N. M., vice A. T. Naugle.
J. Kuhns, storekeeper for the A. & P., was a passenger for Albuquerque, from St. Louis, last evening.

The second installment of re-modeled A. & P. engines, the 20 and 23, were sent from Topoka to Albuquerque.
O. E. Faulkner, receiver of the Pecon Valley railway, who was formerly with Allen Marshall, on the Atchison, was en route for El Paso, on last evening's train.

Jas. Farcell, who has recently been connected with the freight department of the Atchison, in this city, has been transferred to San Marcial, and will remove his family to that city, at once.
Conductors Hutton and Coffin and Brake-men McGirk, Williams, Hudson and Watkins, have returned to Topoka from Raton, where they were transferred several weeks ago for service on the New Mexico division during the stock rush.

The parents of the little Hasler girl, who fell off an Atchison train near Delhi and wandered into the country, where she died of exposure, have filed a suit in the district court at Trinidad, Colo., against the railroad company for \$5,000 damages.
Geo. Kilmer, who resigned a position in Supt. Hurley's office for what he supposed to be fairer skies and greener pastures, at Guaymas, Mexico, stayed at that place just long enough to check his baggage back, and is now well on his way to Las Vegas.
Bids are now being received by the general superintendent's office of the Atchison, in Topoka, for the contract of furnishing coal for engines on the A., T. & S. F. railway proper. Heretofore, contracts have been awarded by divisions, but it is probable that this year the successful bidder will furnish the coal for the entire line. The contract will be awarded about July 1st. George W. Felts, of Glendora, Cal., who has the contract for furnishing coal on the Atlantic & Pacific, has submitted a bid for the A., T. & S. F. contract.

It is probable that no reduction will be made in the working force of the accounting department, of the Atchison, as expected, after the inauguration of the new weekly system of accounts, on July 1st. This is in an account of the statistical matter, which it was recently decided the railroad would have to furnish to the board of railroad commissioners. The new system of accounts will cut off a portion of the clerical force in the freight receipts' office, but the men employed on this work will be switched to the work of compiling statistics.
THE VICE-PRESIDENCY.
Unusual interest is centered in the meeting of the Atchison board of directors in New York City, next Wednesday, on account of the vice-presidential question. What action the directors will take is at this time unknown, but it now seems to be the general opinion in railroad circles that the office will not be filled, at least for the present.

Considering the present light railroad season in the west, President Ripley, aided by General Managers Frey, Wade and Yoakum, could very well handle the operating work, and it is thought that until traffic increases and prospects become more encouraging, the first vice-presidency will remain vacant. C. M. Higginson is also mentioned as a man prominent for the place when the selection is made.
Go to G. V. Reed & Co., for your plumbing and tin work. All work done at very reasonable prices. Try us and be convinced. 200-17.
Valuable Testimonials.
A number of people about town are willing to acknowledge the merit of Macbeth's mineral water for dyspepsia and all stomach disorders. Among these are L. J. Marcus and Max Brooks, of Rosenthal Bros. store, who have both found the water a valuable remedy for annoying disorders of the stomach. 176-17
