The usual social hop at the Casino, hot springs, to-morrow evening. A special train will leave the depot at 8:15 o'clock. The base ball club that went over to Mora, Saturday night, suffered defeat at the hands of the Mora nine, by a score of 25 to 20.

Herr Carl Groebner will assist Prof. Soderling in furnishing music for the dance at the Casino, to-morrow evening, instead of Prof. N. P. Nielsen. Misses Edith and Blanche Rothgeb and E. W. Grunfeld will be the attractions at the second popular concert at the casino, next Sunday afternoon.

Juan Martinez has been placed under \$300 bond for shooting into a crowd of sheep-shearers. His bondsmen are Don Eugenio Romero and Capt. Jose Santos Esquivel. Live stock is again beginning to move from southern points. One train load passed through here, Sunday, and two train loads fed at the yards north of this city, to-day.

H. J. Rankin, the prescription clerk, formerly of this city, has shifted from Teller, Colo., and is now employed at the drug establishment of Smith & Wallings, up in Colorado Springs.

Porfirio Gonzales, who has been a close student for twenty-six years, now in Montreal, Canada, wires his brother, Don Patricio Gonzales, to expect him out in Las Vegas, almost any day.

At the Citizens' meeting across the river, last evening, public improvements were discussed and a committee was appointed to confer with the county board in regard to several matters of moment.

H. Riech, the cabinet-maker of Trinidad, Colo., is in the city on a visit to his sick wife, a guest of Mrs. C. H. Sporleder, and he may be induced to cast his lot among us, opening up a business of his own.

Miss Cora Archibald will arrive, this evening, on a month's vacation, part of which will be spent here, as the guest of her brother, and the remainder of the time as one of a party here, that will visit southern New Mexico.

In a letter to the business end of THE OPTIC, George Ross furnishes the information that a certain Las Vegas hack driver, the first letters of whose name are "D. R.," will soon take a helpmeet from Colorado Springs, a Miss Baker.

When Las Vegas gets the Mora electric railroad, she will not be behind the best cities of Colorado. Las Vegas has attracted much attention up in the Centennial commonwealth, and is regarded as the coming city of New Mexico.

Members of Las Vegas lodge No. 4, I. C. O. F., were most sumptuously entertained with a banquet by the newly-elected officers, at their hall, last evening. Brother F. W. Fleck had charge of the menu and it is needless to say that the tables fairly groaned under the toothsome edibles prepared for the most happy occasion.

The members of the Christian church have secured Malbourn's hall for a meeting place and are putting it in condition for services. To-morrow evening, Rev. C. E. File, of Trinidad, will begin a series of meetings for them, the same to continue indefinitely. You will know the place by the big sign in front of it. Everybody is welcomed to these services.

The Kobb family desire to extend their heart-felt thanks to the many friends who lent sympathy and aid during the long illness of their beloved sister, and to those who came to administer comfort and condolence, at her death. The many kindnesses shown to them have made a deep impression upon their hearts, and they shall never be forgotten.

The management of the Casino amusement company, who have charge of the Sunday afternoon popular concerts, at the hot springs, wish the public to know that these concerts will be wholesomely free from any objectionable features. Their object is to give such performances as will entertain without desecrating the Sabbath day, and any faults will be immediately corrected.

THE SPANISH INSTITUTE.

The Spanish Institute for the Mexican evangelists and teachers of the Presbyterian church, is still in session in the mission school building, across the river. The numbers in attendance are smaller than last year, owing to the fact that several young men who were here then, went from here to the Presbyterian college of the southwest at Del Norte, Colo., and have been there throughout the year, as members of a class of twenty, who are preparing themselves for work as ministers and evangelists in the Presbyterian church. All the furniture and furnishings for boarding students having been removed to Albuquerque, no inducements were offered this year to Mexican teachers to secure their attendance, as they could not be accommodated with board. There are, however, enrolled seventeen students, viz: Ten evangelists, two teachers and five others. These are all kept busy, with studies suited to their various needs, by four instructors.

The number of classes would do credit to a larger institution, as instruction is given in reading, arithmetic, geography, English and Spanish languages, algebra, vocal music, theology and history. The school is moving along quickly and doing satisfactory work. The lack of facilities for boarding is all that prevented a larger attendance. A course of lectures has been arranged to be given during the institute, on various subjects of interest and importance, three lectures each by Revs. James A. Menaui, Albuquerque; Norman Skinner, Las Vegas; J. J. Gilchrist, Mora; R. M. Craig and W. Williams, Santa Fe, and I. T. Whittemore, Phoenix.

CASES IN COURT.

The Territorial supreme court convenes at Santa Fe on Monday, July 27th. "The push" at the district clerk's office are making out and mailing cost bills at a truly lively rate. New witnesses have been summoned in the probate court in the guardianship case of Leonidas Leal.

Judge Thos. Smith, wife and her sister, Miss Galuse, are expected to arrive from Salt Lake City on this evening's train. Geo. W. Bond & Bro., of Wagon Mound, have filed suits in assumpsit against Jose Eufrazio Trujillo & Co., of Taos county, and Jose Eufrazio Trujillo individually, over there.

The joint answer of Mrs. Annie C. Hutchison and husband has been filed in the case instituted against them by Mrs. Maria Fernandez Mitchell, to quiet title, and for other purposes. In the probate court, Fernando Baca was required to furnish a new bond as administrator of the estate of Jose Martinez, the sum of \$800 having come into his hands from the government for Indian depredations committed.

In the absence of Judge Smith, Judge N. B. Laughlin, of Santa Fe, has signed a decree of court granting Minnie Parks a divorce from her husband, George Parks, up in Colfax county; also, Millie Crane from John B. Crane, same neck o' the woods. The case of Julian Trujillo will come up for a hearing in the Territorial supreme court at Santa Fe, on July 31st, when a dismissal will be entered, the defendant having recently been granted executive clemency. The case of Scipio Aguilar, under sentence of death, will be reviewed by the high judicial body on August 10th, and that of Jose Chavez y Chavez, also a condemned murderer, on August 14th.

Romualdo Montoya preferred the charge of carrying concealed weapons against John Cunningham, and the trial was to come up before Justice D. C. de Baca, this afternoon.

Twenty-one cars of cattle were fed here, last evening. H. A. Curtis has accepted a position in the Raton shops. Engineer Neils Nelson is in charge of the Rincon pusher, at present. One of the two Albuquerque day switch engines has been pulled off. Switch engine 270 was brought up to San Marcial from El Paso, for repairs.

Engineer John Johnson and Fireman Albert Potts returned to San Marcial, for service. Fireman Lee Boyd left Raton for Fort Madison, Iowa; Fireman D. Horan, for Denver.

The family of Brakeman John Felke arrived in Raton from La Junta, to make their home there. J. M. Meade and S. A. McCoy, Atchison civil engineers, reached Thatcher station, up the road, yesterday. H. C. Rust, yard switchman at Raton, has taken a lay-off of sixty days, and gone to Hopewell on a prospecting trip. Two Atchison bridge carpenters boarded last evening's train for Santa Fe, at which point there is work in hand to do. The family of Switchman G. E. Langworthy arrived in Raton from Argentine, Kansas, to make their home at that place. Conductor Maurice Lesney is laying off for physical repairs, his freight crew now obeying the orders and signals of Charley Moore.

Brakeman Brewster, after having been a guest at the Las Vegas hospital for about a month, is again on duty, out from San Marcial. Fireman Wm. Bishop, of the Lake Valley branch, and Mrs. Bishop passed through for Walnut, Kansas, on a visit to friends. Engineer Jake Simmons, of San Marcial, has secured a sixty-day lay-off, and will visit his parents at Emporia, and probably some eastern cities. A Wells-Fargo express car burned to the ground, with all its contents, on the A. & P., at Needles, the other day. A spark from a locomotive did it. C. B. Riggs, train dispatcher and talented tenor singer, left this morning for Topeka, where he will again take employment on the Kansas division of the Atchison.

T. J. Ryan, who has been working temporarily at Raton, as operator at the depot, has accepted a position as agent at Fairbanks, Arizona, for the N. M. & A. railroad. Subordinate railroad officials cause more trouble between employees and the company than anything else. An overpowering desire to make people believe they are the general managers of their road, causes them to forget that an employe is

deserving of better treatment than an animal.—The Railroad Telegrapher. This is a little severe and hardly warranted, suggests the St. Louis Republic. J. G. Hutchinson, once roadmaster on the lower division of the Atchison, but now filling a like position on the Atlantic & Pacific, is in the hospital at Albuquerque, and is said to be quite ill. Engineer W. R. Fisher, of San Marcial, wired for transportation for himself and Mrs. Fisher from Albuquerque to San Angelo, Texas. Mrs. Fisher has been ill for several months, and her physician has ordered a change. The Atchison passenger department has just issued an elegantly printed pamphlet descriptive of Colorado as a health resort, and as an enticing field for the tourist. The pamphlet is beautifully illustrated, and is one of the most attractive publications of the kind that has been issued by any railway extending into the state. C. C. Miller, a switchman employed in the Atchison yards at Pueblo, Colo., had one eye removed at the company's hospital in Topeka. The operation was not the result of an injury, but was made necessary by a diseased condition. F. H. Walkers, a telegraph operator employed at Nickerson, was admitted to the hospital there, also, suffering from conjunctivitis, whatever that is.
