NO. 247

POLITICAL PALAVER

Here's all Kinds of Gold Talk, Silver Talk, and Politics on Wheels.

BRYAN'S EXACT LOCATION

Swift Yachts Arriving at Port In-Bay, for the Coming Big Races.

LIVE NEWS OF THE DAY

YONKERS, N. Y. August 17.—After breakfast at the residence of John Brisbane Walker, at Irvington this morning, Mr. and Mrs. Bryan, Mr. Sewall and the members of their party took the train to Yonkers to catch the steamer "Albany." The party reached here at 9:35 and the Bryans and friends went immediately to the "Albany's" landing. The vessel had arrived a few minutes before and after good-byes to Sewall and Walker the democratic presidential nominee and Mrs. Bryan started on their trip up the Hudson. They will go as far as Poughkeepsie, and take the train from there for Upper Red Hook, where the Bryans are to visit the Perrines. Mr. Sewall returned to New York.

POUGHKEEPSIE, N. Y., August 17.—It was 1:20 when the steamer "Albany" reached here. Hundreds of people were gathered on the wharf, and cheers were given as Bryan walked over the gang plank. The crowd followed him two blocks to the central station, where he was surrounded on the platform, and made a little speech, the first since his appearance at Madison Square Garden. "We are going west soon," he said, "and I am not making any speeches just now. I hope, on my return, I shall be able to see you again; but I take this opportunity to say I am much gratified to know of the interest you are taking in the campaign. From reading the New York papers one would suppose there was no sentiment for free silver in this state, but the great daily papers are not able to suppress the sentiments of the masses of the people. (Cheers.) I believe this campaign is characterized by more intense feeling than any other campaign in which we younger men have been engaged. I believe the people are able and willing to act as they believe."

THE DAY'S MARKETS. NEW YORK, N. Y., August 17.—The stock market opened irregular this morning, but in the main was weak. Subsequently, sugar developed strength, rising from 103 1/2 to 104 1/2, and other prominent stocks moved up in sympathy. St. Paul, general electric and Baltimore & Ohio being especially firm.

ACTION NOT YET TAKEN. CHICAGO, Ill., August 17.—There was no meeting this morning of the executive committee of the state central committee of the democratic organization. It was expected that this body would take action in connection with the removal of four democratic presidential electors, to make room for four populists, in accordance with the fusion agreement. Chairman Hinrichsen says the matter will be left to the full committee. A meeting of the executive committee will be held this afternoon.

POLITICS ON WHEELS. CHICAGO, Illinois, August 17.—The executive and advisory committees of the newly-formed National Wheelmen's McKinley and Hobart club are in session at their headquarters in the Auditorium, to-day, for the purpose of considering the numerous applications for charters and authority to form branch organizations that have been pouring in during the past week from eastern and western states. The plan of organization outlined by the executive committee was also submitted for adoption. A first consignment of one-half million buttons for the new cyclists' political league will be delivered late this afternoon or to-morrow, and will be judiciously divided among the states that are showing interest in the work.

THE VACCINATION COMMISSION. NEW YORK, N. Y., August 17.—A London dispatch says: Inquiries made in high circles tend to confirm the report which was briefly cabled to the United States a few days since, that the royal commission upon vaccination has finally completed its reports. The final decision of the commission will be first submitted to the queen, and will probably be printed in October or November. The commission is unanimous in its decision against compulsory vaccination, and for the transfer of the control of vaccination from the boards of guardians to the sanitary authorities; but a substantial minority is of the opinion that vaccination is not a preventive of small-pox. The findings of the commission are the result of eight years' investigation.

IOWA CHRISTIAN CONVENTION. DES MOINES, Iowa, August 17.—The preliminaries of the annual Iowa Christian convention, of which Governor F. M. Drake is president, opened to-day with an attendance of several hundred delegates, the visitors bringing the total up to 2,000. Among those from abroad are G. W. Muckley of Kansas City, secretary of the church extension fund; J. E. Pounds of Indianapolis; Benjamin L. Smith of Cincinnati; C. C. Smith of Massillon, Ohio; Andrew McLennan of Cincinnati, secretary of the Foreign Church society, who has just returned from a trip over the foreign field, and Judge C. J. Scofield of Illinois. The sessions to-day were devoted to the Christian Woman's Board of Missions, and were held at the Central Church of Christ.

THE NATIONAL DEMOCRATS.

Arrangements Being Made for the Coming Gold Standard Convention.

CHICAGO, Illinois, August 17.—The arrangements for the forthcoming democratic gold standard convention at Indianapolis are being further considered, to-day, at the meeting in the Palmer house of the executive committee, ex-Congressman Bynum, of Indiana, presiding, John K. Wilson acting as secretary, and these also being present: W. B. Haldeman, Louisville; ex-Mayor John E. Hopkins, Chicago; Ellis B. Usher, LaCrosse, Wis.; Samuel H. Golding, Cleveland, O.; Charles Tracey, Albany, N. Y.; F. W. M. Cutchson, St. Paul, Minn.; and J. M. Falkner, Montgomery, Ala.

The committee on transportation, headed by ex-Mayor Hopkins, announced that the railroads would grant a single-fare rate for the round trip. It was also reported that arrangements had been completed by which, in conjunction with the democratic honest money league of America, an extensive distribution of gold standard literature would at once be inaugurated. The sessions of the committee will probably last until to-morrow night. All indications for the sound money convention are favorable, and the committee reports that forty states will be represented. An address to the democratic voters of the country will be prepared during the afternoon and will be given out for the morning papers.

INTER-LAKE YACHTING ASSOCIATION.

Many Arrivals at the Racing Point of Swift Racing Yachts.

PUT IN-BAY, Lake Erie, August 17.—The water between here and Little Bass Island is studded this morning with many yachts which have been arriving during the past forty-eight hours for the purpose of taking part in the annual regatta of the Inter-Lake association. The races commence to-morrow and will continue to and including Friday. Canada is well represented, and the general impression is that the Lake Erie yachtsmen will have to hustle if they expect to compete successfully with the "Hiawatha", the "Canada" and other flyers from Lake Ontario. The directors of the Inter-Lake association are in session at the Beebe House this afternoon, among those present being Commodore George H. Worthington, Dr. Beeman, E. W. Radder and E. D. Munhall of Cleveland; Secretary F. R. Frey and Henry Fracy of Toledo; George T. Bliss of Erie; F. H. Hower of Buffalo, and Henry Look and Charles K. Taylor of Detroit. The Lake Yachting association of Lake Ontario is represented by A. Jarvis of Toronto; E. H. Ambrose and R. A. Lucas of Hamilton.

TRACK AND TRAIN.

General Manager Frey and family are visiting in Colorado.

Engines 46 has been stored at El Paso, and engine 64 at Deming.

The second section of No. 3 to-morrow is reported seven hours late; the first section is reported on time.

P. Murphy has returned from Starkville, Colorado, where he has had charge of laying water mains for the Atchison.

A number of native laborers came down last evening from Starkville, where they had been employed in the water service.

Brakeman Orlman has returned from Chicago, where he had been to attend the funeral of his mother, and has reported for work.

Bollermaker W. M. O'Connor has severed his connection with the San Marcel shop, and will probably locate somewhere in Colorado.

Engineer Will Ewing, wife and children will leave San Marcel shortly for Fort Madison, Iowa, where the eldest boy will be placed in school.

Ticket Agent Ed Footo has taken a lay-off for a few days. R. C. Larimore, day-seat-taker has taken his place, while Relief Agent Purcell is on Larimore's place.

Miss Kitty Lawrence came in last evening from Kansas City, to take the place at the Depot hotel, of Miss Eric Burkhardt, who leaves this evening for Rincon, to accept a position there.

Ex-Brakeman Ed. Sanner, who recently through an unfortunate accident, lost his right hand, accompanied by his wife, will leave, in the morning for a thirty-days visit to relatives near Pittsburg, Kans.

Timekeeper H. C. Smith, of San Marcel, came up to Las Vegas, Saturday evening, to become a guest of the hospital for a few days. He is a trusted employe and his friends hope his indisposition will be only temporary.

J. E. McMahon, who since the reduction in the dispatcher force at this place, has been working as night operator in the Las Vegas office, leaves, to-night, for La Junta, where he has accepted a position as dispatcher under Superintendent Charles Dyer on the western division.

NEW FALL TIME SCHEDULE.

There is already some talk in railroad circles of the new time card on the Atchison. The schedule will probably take effect sometime next month, and it is expected that a number of important changes will be made.

The most important change looked for is the re-establishment of the limited train service between Chicago and Los Angeles. This service was abolished in the spring, on account of the light travel to and from California points during the summer, but it is certain to be again inaugurated to take care of the heavy through traffic during the winter months. The re-establishment of this limited service will undoubtedly be made along the most economical lines, and it is understood that the following plan is in contemplation:

The equipment of trains 3 and 4 will consist only of first-class Pullman sleepers, dining car and one baggage car, with a compartment car once a week. The extra baggage and express will be made a part of trains 1 and 2, which will then cease to carry first-class sleepers, and carry only tourist sleepers and coaches. As before, no free transportation will be honored on the limited trains.

DEATH BY DYNAMITE

Explosion of 100 Pounds of Dynamite Causes the Death of Three Men.

SHOT HIS WIFE TO DEATH

Nine Men Reported Killed at a Baptist Meeting at Burning Springs, Ky.

GAIL HAMILTON DYING

LANCASTER, Pa., August 17.—A frightful disaster occurred in the borough of New Holland, this morning. A party of men in the employ of the Pennsylvania Telephone company, were starting out to work and had placed 100 pounds of dynamite in a wagon, which was standing in the yard of the hotel, when the dynamite exploded, killing three men, fatally injuring three others, and seriously injuring a score of others. The dead are: C. Cannon, of Reading, telephone employe, blown to stoms. F. Hammond, of Harrisburg, married, leaves a widow and two children. George Crossman, of Steelton, water boy, died on the way to the hospital. Miller's hotel was completely shattered, with a loss of over \$5,000. Loss to property in the borough is very large. The cause of the explosion is unknown.

Wholesale Killing.

MORRHED, Ky., August 17.—News has just reached here of the killing of nine men and the fatal wounding of four others at a Baptist meeting at Burning Springs, in Elliott county. No particulars were received.

A Wife Murderer.

CHICAGO, Ill., August 17.—In a fit of jealousy, Charles Nelson shot and killed his wife, this morning, in their home on Northwestern avenue. After sending two bullets into the woman's left breast, the murderer turned upon their three-year old daughter and fired a shot at her. The bullet struck the child on the right side of the temple, inflicting a slight wound. Nelson was arrested.

Gail Hamilton Dying.

HAMILTON, Mass., August 17.—Gail Hamilton, whose remarkable recovery from a shock of paralysis, at Washington, occurred about a year ago, was again stricken, at her home in Hamilton, Sunday morning, while at the breakfast table, when in apparently good health. The family physician was hastily summoned, and he pronounced it another shock. So far, she has not regained consciousness.

The Transval Raiders.

LONDON, England, August 17.—It is semi-officially announced that no action will be taken toward removing from the rolls of the army Major Robert White, Colonel Raleigh Grey, Colonel Henry Frederick White and Major Charles John Coventry, the Transval raiders, who, with Dr. Jamieson and Sir John Willoughby, were recently convicted and sentenced to terms of imprisonment, until such terms have expired. The question of cancelling their commissions will then come up in the ordinary course before Commander-in-Chief Viscount Wolseley and Adjutant General Sir Redvers Buller. The statement was made at army headquarters that mere conviction of a criminal offense does not forfeit a commission, and in support of this view it is pointed out that numbers of junior officers are yearly fined in police courts for drunkenness or disorderly conduct. It is added, however, that, on the other hand, no conviction is required to enable her majesty to dispense with the services of any officer if she should so see fit.

Good for indigestion.

I had been suffering with indigestion for years, and had tried almost all the remedies that I saw advertised, but was not benefited. Macbeth mineral water has benefited me more than anything else, and I would not be without it at any price, and I can heartily recommend it to any one suffering with stomach trouble, or indigestion. 2311 Mrs. T. F. CLAY.

Reward Still Stands. Upon information received yesterday from Las Vegas, the Advertiser is authorized to state that the telegram published in yesterday morning's issue, purporting to have come from Mrs. Anna Green and ordering a withdrawal of the reward for the body of her husband, Wm. Green, was a forgery and that Mrs. Green had nothing whatever to do with the writing of the telegram, says Saturday's Trinidad Advertiser. The telegram, it is learned upon reliable information, was written by Mrs. George Code, who used Mrs. Green's name.

The reward of \$1,000 for Billy Green alive, or for \$500 for his body, still continues to stand and will be promptly paid to any person who will produce the body living or dead. It is a singular coincidence that this telegram should have been received the day before the preliminary hearing of Taylor and Sineros was set for.

Not much came of the arrest of Joe Taylor and E. Sineros, charged with the murder of Wm. Green and W. J. Kelley. The preliminary was twice postponed and the second time was set for Friday, but when the case was called, upon motion of Deputy District Attorney Smith it was promptly dismissed and the defendants discharged. J. J. Hendrick, attorney for the defense, asked that the costs be assessed upon Eli Green, the prosecuting witness, but the court failed to see the wisdom of this and the costs will be borne by the county.
