LOCAL ROUNDUPS.

The K. of P. will give a grand Red, White and Blue dance at their Hall on Fourth of July night. Invitation general.

The weather is warm and sultry now-a-days. Thermometer stood 91.5 in the shade on Wednesday.

Col. Ueberick says that his new abby is a "howling success," and causes him to say mad-dog backwards.

Let none forget the picnic on the Fourth of July, under good shade and the auspices of the Christian League.

Last Thursday was our birth day. On that day we were older than on any preceding, and really believe we cut a tooth.

Col. Heman left by Monday night's stage for Las Cruces, there to attend an election of officers for the White Oaks R. R. on Thursday last.

J. C. RAYNE, the old printer who picked type in White Oaks a year or more since, has started a paper called The Miner, at Pinos Altos, N. M.

WHITMAN'S new building, corner of White Oaks Avenue and Placer Street, is to be a "glided palace," with Schimz & Williams proprietors.

Jno. A. WOODLAND and Joe. Steek left for Bonito on Monday, there to do some development work on claims belonging to Capt. Gallagher of this town.

Our esteemed fellow citizen, W. C. McDonald, has accepted the invitation extended him, and will deliver the oration at Lincoln on the Fourth. A large number of our citizens should do themselves and Me the honor of visiting Lincoln on the occasion.

We are pained to learn that J. E. Sligh, whose name is somewhat familiar to our readers, visited this burgh last Saturday, and failed to invade the sanctuary of the "moral centre." Lord, how he has fallen from grace. We almost despair of winning him back from his idols.

Those of our citizens who propose taking advantage of the low fare to a Lincoln Fourth of July celebration - \$5 for round trip, unlimited tickets - should give Ozane & Co. timely notice so as to enable them to supply ample transportation. We have given such notice on our own account.

The boys and girls of Lincoln, b's and g's ranging in age from 16 to 60, contributed much last year to swell the crowd and gayety of White Oaks' Fourth of July celebration, and on the principle that one good turn deserves another, our b's and g's should return the courtesy. We will swell the attendance to the extent of our colossal proportions, but we are not big enough to discharge the debt

Monday evening last the White Oaks R. R. engineer corps wheeled into town, and on Tuesday morning they set about surveying the route of the R. R. commencing at our eastern boundary and running through the pass between here and Manchester. Mr. Robt. Burgess, the Chief, is a gentleman of experience and character in his profession. He informs us that he very much doubts the utilizing of the properties offered the Company for depot purposes, as their approach would necessitate an almost impracticable sharp curve. He says further, that the route thru town will be so located as to meet the convenience of our people, while proving economic and profitable to the Company. This week is being employed in making a preliminary survey - next week the pegs will be set for the track up - which the iron horse will next year snort and prance.

We learn that one day last week One-eyed Riley, the horse-thief, who recently escaped from our County Jail, approached some cowboys whom he knew, that took him in, tied him and sent him on his way rejoicing. The fugitive was quite free in talking about his late exploit, and laid a rope in his hand which he said he was going to utilize as a bridle for the first horse he could steal. And this within a dozen miles of White Oaks. The claps who thus entertained the one-eyed thief should be held as hostages for their compadre.

BAXTER LODGE, No. 9, K. of P. elected the following officers on last Thursday night, to serve the ensuing term:

- P. C. ... G. S. Treet
C. C. ... L. W. Stewart
V. C. ... Jas. Reid
Pr. ... Ben. Burgess
K. of R. & S. ... Edw. Ueberick
M. of Ex. ... G. R. Young
M. of F. ... H. Goodman
M. at A. ... Ed. W. Keeley
T. G. and O. G. will be appointed at next meeting.

TREET, SCHELL & CLINE have had placed in their new shop two pine butcher blocks, which are 31 8 inch in diameter, and 10 ft. 8 in. in circumference. The tree from which they were taken grew near town, and was not exceptionally large. And yet outside barbarians advertise that all New Mexico trees are dry shrubbery.

A cloud-burst on the Bonito last week did much damage in the city of Ft. Stanton. Considerable damage was sustained by the Company gardens through the current sweeping logs, brushwood, &c., across them. A troop lost 15 logs and several of the gardeners' lodges were washed away.

To the members of the W. O. L. No. 43, L. O. G. T. You are earnestly requested to be present at our next regular meeting Saturday, June 30th, 1888, as important business is to be brought before the lodge which needs the assistance of every member in good standing.

There will be a grand opening of the new butcher shop of Treet, Schell & Cline, on Monday, on which occasion all humans of the carnivora genus are invited.

By special arrangements the LEADER received special telegraphic dispatches during Convention week, thus enabling our people to anticipate news by mail.

Co. B, 10th Infantry, is daily expected to take the place vacated at Ft. Stanton by Co's C and E, 12th Infantry.

Later - The Company arrived. Thursday Mrs. Robt. Fullman presented Bob with a baby boy.

W. S. RYAN and Geo. Carrey pent Thursday night in this city. They are a royal good pair.

A Stab in the Dark. Sometimes fails of its murderous intent. The insidious and dastardly attacks made upon the reputation of Hostetter's Stomach Bitters by persons who seek to palm off cheap and fiery tonics as identical with it, or "the same thing under another name," or "equally as good," in most instances react disastrously upon the unprincipled traders upon popular credulity who attempt them, converting their speculations into ruinous failures. The Bitters is a pure, wholesome and thorough medicinal preparation for the relief and prevention of fever and ague, biliousness, dyspepsia, constipation, flatulency, indigestion, nervous debility, and all the ailments of the system. Its every ingredient, unlike those in the imitations of it, is of an ascertained standard of excellence, and while they, by reason of their fiery properties, react injuriously upon the brain and nervous system, of both those organs it is a sedative and invigorant. Beware of all these harmful imitations.
