This governor has appointed thirty delegates to the Butte mining congress. The appointees are from various parts of the territory, and among the number is A. W. Gifford, of Lordsburg.

The Morenci Standard will hereafter be under the management of J. W. Tanner, of Fullerton, Nebraska. There will be no change in its ownership, it will continue to be a member of the Kelly newspaper trust.

The doctors report that the King of England is fast recovering, and the authorities are figuring on a coronation in August. It will not be the big affair that would have come off in June if the King had not been taken sick.

A new record was made in drilling on the Fourth, when McNichols & Ross drilled 41 25-32 inches in fifteen minutes. This would make a machine drill ashamed of itself, and if the drillers could keep it up all day they could draw all kinds of wages in any mine.

The Roswell Register rejoices in not being burned out last week, although it had a close shave. The combination of the new fire engine and the artesian well in front of the Register office was maintained at such a parity that the fire was put out before it destroyed the Register building.

There are more labor troubles in Chicago. Nine thousand freight handlers have struck, and they threaten to tie up the city as thoroughly as did Debs. When the heat of summer gets into a man's blood he is liable to get cranky, and if a United States senator wants to fight, or if a laboring man he wants to strike. All of the big strikes of the country come in the summer time.

For years the people in El Paso have been trying to get some citizen of that town elected to congress, and always have had to put it off till the next time. The district is so inhabited that the nominee of the democratic party is always elected, and so the fight comes in the democratic convention. The El Paso democrats tried to secure the nomination of Judge Dean this week, but on the first ballot of the convention the other man was nominated, and again El Paso has got to wait two years.

The Fourth of July celebration at Silver City was a decided success. In the line of sports the chief event was the basket ball game between the Albuquerque and Silver City Elks. The Independent had a detailed account of the game, but did not publish the score, although it admitted that the Albuquerqueans were victorious. Word comes overland to the LIBERAL that the game stood 17 to 5. A dispatch to an El Paso paper says it was 14 to 17. An Albuquerque paper prints the score as 27 to 1 in favor of Albuquerque. You can take your choice.

The county commissioners were in session Monday, to decide on the raises recommended by the assessor in the valuation of property as returned by the owners. The cattlemen who were raised all had tales of woe, caused by the drought, and most of them were prepared to show that if it did not rain soon their losses would be larger than their returns, so few of the raises were sustained at the figures recommended by the assessor. The raises recommended on the returns of the property holders in this part of the county were acted on as follows: H. L. Gammon, E. D. Weymouth, J. R. Ownby, L. L. Merrill & Co., Tom Tong and Tom Pock, and Ben Titus were all raised and the raise sustained, J. B. Jernigan, raised to \$1,000, sustained at \$800. Chase & McCabe, raised to 3,000 head of cattle, sustained at 2820. S. Hughes raised to 350 head cattle not sustained. Gladney & Gray, raised from 200 to 300 head of cattle, not sustained. Mansfield Brothers, raised from 700 to 1,000 head of cattle sustained at 800. John Robson, raised from 750 to 1,000 head of cattle, sustained at 900. The raise the assessor recommended on Commissioner Murray's property was sustained without an opposing vote. The tax rate for the coming year was figured out and it will be thirty-one mills on the dollar, or three and one-tenth per cent. Last year it was twenty-nine mills on the dollar and on this prospect, owing to school tax was

thirty-nine mills. The county treasurer reports that last week some \$25,000 of the old Grant county bonds were surrendered, making about \$150,000 in all surrendered up to date. The celebrated Cross case, where a mysterious individual named Cross, who is generally supposed to be a myth, sued the county to collect the face of an old county warrant, and secured a judgement, was ordered appealed. Lawyer Appel served a notice on the board forbidding it to pay this judgment unless his one-third interest in it was protected to him, and as attorney for Mrs. Sam Carpenter served a similar notice on the board regarding her one-half interest in the judgement. The attorneys think there are ample reasons for reversing the judgement in this case. If they can obtain a new trial they are confident that they can now prove fraud, and knock the case out. There was some hesitation in ordering the case appealed. Commissioner Crocker urged it strongly, and when it came to a vote it was a tie, Commissioner Crocker voting for the appeal and Commissioner Swartz voting against it. After some hesitation Chairman Murray voted for the appeal.

Like the members of the senate the El Paso politicians have concluded that politics have risen above talk, and entered the plane of scuffling. For some years Horace Stevens has had the impression that the El Paso postoffice has not been properly run, and has taken several occasions to inform the department of his opinion. Postmaster Campbell stood the criticisms all right until after he turned the office over to his successor, and then concluded that Mr. Stevens should be punished for the criticisms he had made. Appreciating that it was no boy's job to do the matter properly he secured the assistance of his son Edgar, who had been deputy postmaster, and the two, armed with sixshooters, started to hunt up Mr. Stevens. Appreciating that although there were two of them and both armed, they were not quite enough to do Mr. Stevens up, unless strategy was used, they divided. Col. Campbell, who weighs forty or fifty pounds more than does Stevens met him, told him what he thought of men who would write to the postoffice department, making complaints, pulled his gun and threatened to do bodily injury to Stevens. About this time a policeman came along, and Stevens suggested that he arrest Col. Campbell for displaying a gun, which he did. As Stevens eyes were on the colonel and the policeman son Edgar rushed up to him and cracked him over the temple with his six-shooter, and knocked him out. The colonel seeing Stevens was helpless, pulled away from the policeman and rushed up and commenced kicking him, which he kept up until a woman, who was near, called him off. At first it was thought Mr. Stevens was seriously injured, but he is now recovering. The colonel and his son each paid a fine the next day, but there may be more of it after Mr. Stevens is fully recovered.

Lena Roche, the Mexican who was shot by Newton Gibson is improving, and will probably pull through and make a live of it.

Charlie Ott was in the city Wednesday, en route to Clifton to visit relatives there.

Hon. Joe Mahoney is the biggest taxpayer in town. He pays on \$17,000 worth of property.—Deming Herald.

**Very Remarkable Cure of Diarrhea**  
 "About six years ago for the first time in my life I had a sudden and severe attack of diarrhea," says Mrs. Alice Miller of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, our present home, and one day I happened to see an advertisement of Chamberlain's colic, cholera and diarrhea remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by all dealers in medicines.

**Bled Quarts at a Time**

"I am a knife maker and worked for a number of years in the New York Knives Co.'s factory at Watden, N. Y. First thing I knew I commenced to bleed from the mouth. Sometimes as much as a quart of blood would come up from my lungs at a time. Every time I coughed the blood spurted out. It was in the fall I got so bad, and the church people told me I had better make my peace with the Lord and prepare to die, for I would not live till spring. My home doctor couldn't do me any good, but advised me to get to New York City for examination. They finally took me to a medical college, and a whole lot of physicians made what they called a diagnosis. There were several students looking on. One professor had a little ivory hammer, and with this he pounded my chest and held his ear close to listen. After a while the professor looked at me solemnly and declared: 'One of your lungs is about gone and the other is affected. There may be a slim chance for life if you quit working in that knife factory.' I went back a me, but didn't improve. One day I saw an advertisement of free samples of Acker's English Remedy for Consumption, being given away by our home druggists, Walker & Eaton. I got one of these bottles, and it relieved me. This night more of the regular size, and my improvement was continuous, although slow. My doctors were astonished and so was I. After dark I hated to spit, cause I was afraid it might be blood, and I wanted to know for sure. I have a fear now, for at last I am a solid man again. Although one lung is gone, the other is as sound as a dollar, and answers as well as two lungs, so far as I can see. I want everyone to know the facts and that is why I tell them here."  
 (Signed) A. H. SIMPSON.

Acker's English Remedy is sold by all druggists under a positive guarantee that your money will be refunded in case of failure, 50c. per bottle in United States and Canada. In England, 1s. 6d., 2s. 6d., and 4s. 6d. We authorize the above guarantee. W. H. ROOKE & CO., Proprietors, New York.
