A letter received in camp from formerly Miss Bertha Hamblen states she was married in Idaho to Edward Shields who is quite well known in this section. Mrs. Shields two and three years ago taught our public school. She has many friends here who with the Prospector wishes them a happy voyage of wedded life.

Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters, of 546 St. Clair Ave., Columbus, O., writes: "For several months I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at F. O. Stevens' store; price 50c.

Dr. E. H. Sharrard, wife and two boys, down on the Columbine.

Prof. Louis C. Graton made our camp a visit the past few days, under the direction of Prof. Waldemar Lindgren, the well known authority on ore deposits, of the United States Geological Survey. The main object of this visit, is to learn of the occurrence and ore deposits, and incidentally acquire as much information as possible of the general geology of the country. The field work will consume several months and several more will be spent in Washington in preparing the report which will be published by the government and distributed throughout the territory.

Death of Calvin G. Cleland.

An Old Soldier and Citizen Gone to Rest.

In Trinidad at the Sisters' Hospital, last Friday, July 28, 1905, Calvin G. Cleland died, having gone from Red River to the hospital about a month ago. Mr. Cleland was one of the oldest citizens of this place. He was born at Oilplant, about seven miles from Morgantown, W. Va., in January 1836. He was a favorite uncle of United Senator James A. Hiramway of Indiana. In 1849 he came west and located in Denver, was a member during the Civil war, in Troop B. First Colorado cavalry, and was mustered out at Fort Garland. In 1867 he located at Trinidad where he resided until he came to Red River in 1896.

Mr. Cleland was a good citizen and a true friend and was always liberal to those in need.

The past year he was a great sufferer and in a conversation with the writer just before leaving for Trinidad, he said his God had called him and he was ready to go. He leaves a widow and seven children to mourn his loss who have the sympathy of their many friends.

AMONG THE JAPANESE.

Kissing and shaking hands are rarely practiced in Japan. The Japanese "Hello" at the telephone is "Moshi moshi," or "Ano ne," with the accent on the "ny." The Japanese farewell, "Sayonara," means something like "If it must be so," or "If we must part thus, so be it." The Japanese have a malted preparation known as ame, which is a kind of candy or barley sugar, made by the action of barley malt on glutinous rice.

A Touching Story

is the saving from death, of the baby girl of Geo. A. Eyer, Cumberland, Md. He writes: "At the age of 11 months, our little girl was declining health, with serious Throat Trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for Consumption, Coughs and Colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure cough or cold. At F. O. Stevens'; 50c and \$1.00 guaranteed.
