New Mexico Educators Meeting.

The twenty-eighth annual convention of the New Mexico Educational Association will meet at Albuquerque, November 24-26. Last year nearly one thousand persons attended this convention and it is expected that this attendance will be exceeded by a good margin. The principal speaker will be the chief educational officer of the United States, Hon. P. P. Claxton who will visit New Mexico in an official capacity for the first time. Mrs. Mary C. Bradford, state superintendent of public instruction of Colorado, will give one of the main addresses. It is hoped, also, that Professor Holden, of the Kansas State Agricultural College may be present. From the state, we will have, in addition to the leading educators, Governor W. C. McDonald, Secretary of State Antonio Lucero, Hon. Ralph E. Twitchell, president of the board of managers of San Diego exposition, Hon. Ralph Ely, president of the State Fair Association, Hon. Chas. G. Ward, district attorney of the fourth judicial district, and former governor, L.

B. Prince, who will speak at the various general or section meetings of the association.

A splendid program of entertainment is being arranged for which purpose the sum of \$1500 has been already raised.

(Minutes of City Council.)

The School Board for School District No. 1 composed of Mrs. S. C. Nutter, and Messrs. B. D. Oldham, H. W. Crawford, Otis Jones and A. J. Whiting were present and meeting with the Council. Through their spokesman, B. D. Oldham, they asked the council for 18 mills on all assessable property within said district to defray expenses and liabilities of said School District No. 1 during fiscal year ending August 30, 1914. After a general discussion among the various members of the school board and city council the latter agreed to place the school levy at 18 mills and the levy for city purposes at 12 mills, this being a reduction of 2 mills in school levy and 3 mills in the city levy from the 1912 rate.

W. L. Townsen then introduced and had the clerk read a proposed ordinance fixing a 12 mill levy and an 18 mill levy for the purpose of defraying all expenses and liabilities of the City of Clovis and of School District No. 1, respectively, for the respective fiscal years ending on June 30, 1914 and August 30, 1914.
