

# "Merit System" Suits

Most men want to make their money go as far as possible. When you buy a suit of clothes you want style, you want correct fabrics and colors. Then you look for wear, the kind that does not "shine." You look for a material that "holds"—not for a few days, but until a change in style. You want a suit that is "built" by master workman of established reputation who cannot afford to jeopardize their business with indifference work and values.

We solicit your careful inspection of our recent arrivals in Spring and Summer two- and three-piece suits. The showing includes diagonals and mild stripes, blue and black French serges, and novelty weaves. We are offering these at figures ranging from

#### Not for Her.

The verger of a large church, seeing an old woman in one of the seats reserved for some important persons, beckoned her to come out. But just at that moment the organ started playing. The old woman, never having been in a church containing an organ, startled him and the congregation by calling: "Ha, man, get somebody younger; my dancing days are past."

#### Fashions Little Changed.

From the fresco paintings of women in Cretan palaces of the period about 3000 B. C., it is learned that the women of that time pinched in their waists, had bouffant or accordion plaited skirts, wore an elaborate coiffure, shoes with high heels and hats which might have come from a Parisian hat shop, while one woman might be described as wearing a jupe cubite.

## Roy Public Schools Close Successful Term Yesterday

The Roy Public Schools after being in session for eight months closed yesterday evening.

The term just closed is considered one of the best that has been taught in Roy, and Professor Johnson and his corps of teachers are to be congratulated on the excellent manner in which they have conducted the school.

The progress of the pupils during the term has been very noted and but few, probably less than 5% of the 240 enrolled failed of promotion, and of those who failed nearly all did not attend over three or four months.

In looking over the registers of the teachers, it is a deplorable fact to note the poor attendance of some of the pupils, especially the low attendance of so many of the Spanish speaking children; this should not be for it behooves every patron to give his children a well rounded education, for

The Roy Schools are growing very rapidly and next year it will be necessary to employ at least 7 teachers instead of 5 as this year.

The selection of the corps of teachers for the coming year will probably take place during the present month, and it is the wish of the greater number of the patrons that the present corps be reemployed. Of course this

education is not only a privilege but a duty, and every citizen owes to their community to equip their children for the best citizenship possible.

The School Board has done everything possible during the past term to make the school a success and the great success is due a great deal to their untiring efforts in bettering the conditions of the school in every way possible, and the earnest support they have given the teachers.

Following is a brief outline of the schools of the Roy District during the past year.

can not be done as Mrs. Scott, one of the best intermediate teachers that ever taught in Roy has decided to retire from the school work, which will be deeply regretted by her pupils in the school. We understand that the balance of the teachers will be applicants for re-appointment to the positions for the coming term, and we trust that they will be chosen to succeed themselves.

Professor Johnson especially, deserves commendation for his untiring work as Principal of the school and for the manner in which he has pushed our schools to the front and made them the best in Northeastern New Mexico. He will undoubtedly be re-elected as principal for the coming school year.

"A man doesn't seem to take any pleasure in writing letters to a woman after he has married her," said Mrs. Gloomer.  
"No," replied Miss Cayenne; "he seems to lose all interest when there is no possibility of his letters being read to a jury."
