Guarantee of the Republican Party to the People of New Mexico

The pledging of all delegates to the Constitutional Convention, elected from ranks of the Republican Party, to the adoption of a safe, sound and fundamentally simple constitution which will guarantee and preserve to all the people of the proposed new State all of their civil, political and religious rights, and which shall be sufficiently broad, expansive and flexible to authorize and insure legislation necessary to secure the best welfare of the people of all classes and conditions.

At it Again

Our hustling little neighbor, Roy, is at it again, and this time it looks like a fight to a finish under no special rules. An election for village officials was to have been held there Tuesday, some people contending that it would be illegal, while others had placed a ticket in the field. Anyway an injunction stopped the whole proceedings, so now a bitter feeling prevails. It has long been hoped that Roy would stop her foolishness, she is old enough to know better, and it is the general belief that she is getting in a position to do so, and has gotten on the right track, which will lead to a better Roy with a more prosperous and more contented people.—Springer Stockman.

Yes brother Hutchinson it is true that the Taxpayers and Leading citizens of the town stopped the election. It was not a fight against the incorporation of the town, but a fight against the big Bloat that wanted to be our Mayor, the man who says he has a clean record, but he cannot prove it. Roy is indeed on the right track to make a cleaning and a cleaning it will sure be.

Jeffries saloon is in Johnson's Block, in Los Angles. What has become of Jeffries saloon, since Johnson knocked his "Block" off.

Roy has a new paper called the Roy and Solano Herald, but it does not say who its editor might be. Report says A. S. Bushkevitz is behind the new enterprise. Roy finds another newspaper about as necessary as a thirty story hotel. The outfit is said to have been used in Springer at one time.—Springer Stockman.

You are correct. Roy has another paper but it is not printed with the outfit that was used in Springer. The same outfit is here but it is tied up so it cannot be used. The dope sheet is printed in Denver, and consists mostly of Hot Air, of which the editor has plenty.

The matter of carrying guns should be taken before the next grand jury. It is an insult to the community to have armed men with pistols on the street in what is supposed to be a civilized town. How long will this continue? Who is responsible for this?—Roy and Solano Herald.

We certainly believe that the carrying of guns should by all means be stopped in the new state of New Mexico, and the first one to start on should be the editor of the common paper, better known as the Roy and Solano Herald, who does not walk on the street with out a six-shooter or an armed body guard. God hates a coward.

The courts never uphold a man who does not do his stealing legally.

Obey nature, co-operate with her, and you will find that she is kind.

It the publisher does not blow his horn, who would?
