INCREASE THE YIELD OF MAIZE AND GET A GOOD CROP OF PEANUTS TOO

(Curry County Farm Bureau News.) Readers of the Farm Bureau News will remember the peanut demonstration carried on by Emmet Davis of Ranchvale last year. We are now ready to report the results of this demonstration, as Mr. Davis has just finished threshing his maize and still has the peanuts on hand.

As you will remember Mr. Davis planted his peanuts and maize in alternate rows, that is, two rows of peanuts and two rows of maize, alternating all the way through the field of twenty acres, or in other words, half of the land was given over to each crop. The maize threshed out at the rate of fifty bushels per acre, or five hundred bushels from the ten acres actually planted to maize.

Besides getting this good crop of maize and peanuts, Mr. Davis has fattened out ten beautiful hogs on the land after the crops were removed.

Mr. Davis is so thoroughly converted to the advantages of this system that he is going to use it with his entire crop this year. He figures that this system will relieve the labor problem to a great extent because livestock can harvest these crops and at the same time return a good profit to the owner.

Besides these advantages it is a well known fact that peanuts add

fertility to the soil and we may reasonably expect an increased yield of grain this year from the land which raised peanuts last year. Mr. Davis will use the same land again this year but will plant his maize in the rows where the peanuts grew last year. By this system of rotation Mr. Davis is solving the fertility problem and at the same time getting bigger yields and bigger profits.

Let Mr. Davis tell you how he does it. He says the little Spanish peanuts are the best for this system.

MARKETING

(Curry County Farm Bureau News.)

The problem of the farmers is no longer making two blades of grass grow where one grew before, but it is making a fair profit on what he produces. The farmer must make a fair labor income or be compelled to give up the business. He cannot afford to raise crops at present prices and pay the excessive price for labor, and expect to hold his standing in society. So the problem of marketing is one that must be solved, and we have no hope of it being solved by anyone

but the farmer himself.

Marketing is one of the major projects in the Farm Bureau program this year, and this organization asks for the co-operation of every farmer in the county to help solve this most important problem. There are several committees at work now, and it is hoped that the farmers will co-operate with them in order that they may arrive at something definite. Let us all get together and be prepared to more adequately handle the crops in the future than we have in the past.

POINT ENTERPRISE

There is Sunday School every Sunday afternoon and services Sunday night at 7:30. We invite you to come.

The box supper Saturday night was a success. We will finish paying for the piano and then have quite a bit left. The box of candy for the prettiest girl was voted to Miss Jewell Carnahan. To all those who came from other communities we extend our thanks to you for your help.

The close of school is drawing near. The teachers have worked hard this year to get the pupils all graded, as they had been scattered through all grades in the previous years.

The following were entertained by Mrs. E. W. McGregor at her home Sunday: Mr. and Mrs. Willie Me-

Gregor, Mr. Ben Snell and family, Mr. Hoover and family, Mr. and Mrs. J. R. McGregor, Miss Mary Ruth Woodward, Mrs. Martha McGregor and Mrs. Mary Hershey.

G. A. Fanning of Roswell called at Joe McGregor's Sunday morning.

Fred Houston was a caller at the Wilson home Sunday afternoon.

Several from here attended church at Moyo Chapel Sunday morning.

Miss Carrie Neff of Clovis visited Lenora Cheeley Saturday and Sunday.

Miss Mary Ruth Woodward spent the week end with her sister, Mrs. Celia McGregor.

Miss Jimmie Burns was the guest of Miss Nova Wilson Sunday.

Mr. Frank Walker, who has been quite sick for a long time at Sudan, Texas, has recovered sufficiently to be brought home.

Word was received from Mrs. A. Struble this week, who is at Topeka attending the bedside of Lola Mae
