### Boys' and Girls' Club Corner

By Mrs. Edna Hume Durand  
County Club Leader

To the Club Members who have made Curry County this year a county of intelligent, honest, faithful clubbers I give you greetings of love, of peace, of hope.

May the abiding spirit of the All Father make this season one of holler, happy fellowship 'n remembrance of the birth of our beloved Christ and Savior.

Mr. Foster, state leader, just before leaving for the Washington office sent out a report of the year's work in New Mexico. There were many things of real interest but the

one item that gave the most pleasant surprise was the summary of the cost values.

We do not like to think of club work in dollars and cents. That is not the great appeal in the movement—there are other great basic motives back of it all—citizenship, teamwork, neighborliness, manhood, womanhood—these are the things that club work means to those boys and girls who are its disciples. But when the dollars and cents side of the question presents itself it is a real comfort to get the message from Mr. Foster's report.

Total value of club work for 1920 .....\$50,349.45

Cost of production..... 20,265.07  
Total value above cost.....\$30,184.38

The expense for club work, including supervision, salaries, travel expenses, etc., amounted to something like \$22,200.00, leaving a net gain of over \$7,000.00—Club work more than paid for itself in 1920.

Another item of interest in that report was the percentage finishing—an indication that only those youngsters who carry a thing through are entering into the work.

Let us be even more sure for 1921.

For the girls in the sewing classes,

it may be some encouragement to know that Queen Mary of England is an expert milliner. If spring bonnets are as high as they were last Easter there will be more queens turning out their own creations—and even wearing them perhaps.

California leads in the production of beans this year. The crop was valued as second to that of the citrus fruit.

It would be a project worthy of standard club efforts this year. The purple coat and black hat still hangs in the office, also a boy's coat. Surely they are missed these cold

days.

Mr. Greer of Shioch was an office caller and brought in four enrollment cards in cooking—hot lunch project. There are still others who have taken cards and will be sent in later.

The Grady Cooking team is in print in the New Mexico Ruralist this week. The cut is very good and makes one feel quite "spiffy" to see homefolks in the state farm paper.

Bellview is using her Vitonola as one of the leading members in the literary societies. The numbers are exceptionally popular.

**Mrs. W. G. Broome**

Wesley Barry, the screen's premiere juvenile, in a sextette of his Delectable "Bellhopisms" that seasons "Don't Ever Marry" with a spice that spells laughs rivaling Wesley's freckles in number.

"Oh, it's a hor-ri-ble tale, it'll make your faces turn pale. A feller loves a gal and she loves him but her dad won't have him in the familiee. So the feller and the gal they git smart an' her pa kicks the feller in—you know the part—an' another gal an' feller gets all mixed in an' another female with a reputaahun black as

sin... Oh, it's a hor-ri-ble tale, a hor-ri-ble tale is it." That's how Wesley Barry "Freckles" describes "Don't Ever Marry," the latest Marshal Neilan production which will be shown at the Lyceum Theatre Saturday night, December 18th. All prospective brides and bridegrooms are urged

to see it. It is a gyser of giggles, guaranteed to keep you in a continuous uproar of laughter from the time it starts to the very last. A famous pessimist once said: "There are three things in life; you are born, you get married and you die." So after you are married there is nothing left for

you to do but to die, according to his dope, but he's all wrong, for you still have an opportunity to see this wonderful comedy cocktail in five parts. Saturday night at the Lyceum. A two reel Fox Sunshine Comedy, "Chase Me," and a Mutt and Jeff comedy cartoon will also be shown.
