Doctors assert that there is an unusual prevalence of grip in Las Vegas and vicinity as well as several cases of pneumonia. Whooping cough is prevalent also and is attacking grown people as well as the children. This disease is particularly dangerous in infants, as it often results in pneumonia or the child is attacked with spasms. Many adults, upon convalescing from grip, are attacked by a dryness in the throat which causes coughing, particularly at night, robbing the victims of sleep. The physicians say that extreme caution should be used in this kind of weather as the danger from grip and pneumonia is great.

The big team of horses of Bacharach brothers delivery wagon became frightened this morning at a tin can rolling down the street at the corner of Grand avenue and Sixth street and went tearing through the business section. The horses shied at the can, and the driver of the wagon, Manuel Lucero, was thrown from his seat though not hurt. The team ran up Sixth street to Douglas avenue where it turned east. At the crossing of Grand avenue the wheels caught in the car track and the horses kicked themselves free of the wagon. The horses then ran to the Bacharach barn in the rear of the store. The wagon was damaged to a small extent.

## ROCKY MOUNTAIN LEAGUE IS PROPOSED

WOULD BE MADE UP OF TOWNS IN COLORADO AND NEW MEXICO; BIDWELL AT HEAD.

There may be organized baseball in this part of the southwest next summer with Ira Bidwell, manager of the famous Cheyenne Indians, at its head, according to the following article from the Kansas City Star:

Ira Bidwell, the king of the boy baseball managers, who has turned out many good players leading the Cheyenne, Wyo., independent champions, will leave here tomorrow night for Colorado Springs to organize the new Rocky Mountain organization. After six towns have been awarded franchises, officers elected and umpires and players selected, Bidwell will try to place his new league in organized baseball. There are no organized teams in Colorado Springs, Pueblo, Cripple Creek, Trinidad, La Junta and Raton, N. M., and the Kansas City boy believes he will be able to get protection from the National association of Minor leagues.

If the Rocky Mountain league is formed, several Kansas City boys will play in the organization. The league probably will get Class D rating. The salary limit will be \$1,200.

It would appear that Las Vegas could break into such a circuit if the fans so desired. A league composed of Albuquerque, Santa Fe, Raton, Dawson and Las Vegas has also been proposed. It is the opinion of most of the fans, however, that should a league be organized, it should be little more than an association to procure more advantageous railway rates and provide each team with plenty of games. An iron clad league with a hidebound schedule, many people think, would be a bad thing. The winning teams soon get a big lead and the losing teams lose their drawing powers and are forced to suspend. The fans here will hold a meeting in the near future to make plans for the coming season. At that time the league proposition will be discussed.

TO SAVE NEBRASKA CORN CROP. Lincoln, Neb., Feb. 6.—Recent experiments are said to have indicated that seed corn in Nebraska is in the worst condition in its history, and that unless something is done at once to remedy existing conditions the crop this year is likely to fall short by about 50 per cent. In an effort to save this probable loss of from \$25,000,000 to \$40,000,000 a whirlwind educational campaign is being planned by the business interests. During the coming week a half dozen seed-testing trains will start over the state to get the farmers to test their seed corn before it is planted. Each train will be in charge of experts or the Nebraska State Experiment Station. Stops will be made at every town and village to give the lecturers an opportunity to explain the situation to the farmers and instruct them in the methods of testing seed corn.

## TUNEFUL OPERA TO BE STAGED TONIGHT

"THE DRESS REHEARSAL" WILL BE PRESENTED BY THE GIRLS' GLEE CLUB OF NORMAL

For the audience at the Duncan opera house tonight there is a real treat in store in "The Dress Rehearsal," the musical production to be staged by the girls' glee club of the Normal University, for certainly this light musical comedy will be one of the best amateur productions ever staged in Las Vegas. The final dress rehearsal of the play was held last night and every member of the cast played her part like a professional. The chorus is said to be equal to the best seen in the Meadow City this season on the professional stage.

The play is a round of amusing incidents and catchy songs all well handled by the members of the Normal glee club. The costumes, designed and made in the domestic science department of the school, are beautiful and the play is well staged. The chorus girls are well trained and have good voices.

A capacity house has already been assured by the advance sale of seats and no doubt "The Dress Rehearsal" will be given a rousing welcome. However, there will be room for everyone as extra seats will be put in if it is found necessary. The curtain will go up promptly at 8:30 o'clock and it has been requested that everyone be seated by that time.

The musical numbers of the production include several of the latest songs from light opera. In the first act there are four numbers by the chorus and members of the company. These are as follows:

### Real Men Wanted

To "make good," requires a man's unhampered ability.

Frequently, headaches and other annoying ills, brought on by the habitual use of coffee and tea, make it quite impossible for a man to think clearly and do his best work.

### POSTUM

—made of clean, hard wheat—is really a food-drink, and used regularly in place of coffee or tea which contain the drug, *caffeine*, has helped thousands of people in every walk of life, by removing the handicap to natural ability.

The change to Postum for, say, 10 days, may point the way for you.

"There's a Reason"

Postum Cereal Company, Ltd. Battle Creek, Mich.

"We're Sitting and Knitting," Amy Fibbs and Chorus; "Your Parents are Invited," Miss Jones and Chorus; "Tis Just Now Forty Years," Mrs. Jarvey and Chorus; "Oh, How Jolly," Chorus.

Epinard and Chorus; "Oh, We Know We're Very Wicked," Chorus. Finale.

## WHY IT PAYS TO BUY ADVERTISED GOODS

Because the advertiser has done something to inspire confidence. He has not only explained the value and usefulness of his product, but has put his personality and reputation behind his statements. He can be trusted because his very business existence is at stake. He believes in his goods to the extent of investing his capital, not only in making the goods right, but in advertising, which will not prove permanently profitable if he fails to make good—secure repeat orders. The advertising is not only a protection to the trade name, but it is the advertiser's guarantee of quality. You are justified in being suspicious of unadvertised goods, because, however much confidence the dealer or manufacturer may have in them, he has not enough faith in them to spend money in telling others of their goodness.

**It Always Pays to Buy Advertised Goods**
