LOCAL AND PERSONAL

Mr. and Mrs. Lee Crosby have moved into the Benz building on the hill, south side of town.

A. G. Pirtle and W. A. Fry were called to Tatum last week as witnesses in the Justice of the Peace court.

Miss Margaret Smith of Roswell has been visiting Misses Guffey and Rickard for the past three weeks and returned home Saturday to attend high school.

James A. Chavers returned a few days ago from Teague, Texas, where he has been since January and reports fair crops in that vicinity.

T. W. Tow and family have moved into the old hotel building in south side of town and have put their children in school.

Rickard and Hollingsworth, drillers, have this week brought in a fairly good well for W. A. Fry on his ranch in the sand hills southwest of town about four miles.

President Wilson's action in keeping the country at peace with the world, preventing the threatened railroad strike, securing the passage of the child labor law and the great amount of constructive legislation which has been enacted during this administration is about the best argument imaginable in proof of Wilson's thorough-going Americanism.—Roswell Record.

Hagerman Ranch Has Been Leased.

The Hagerman ranch, comprising probably a quarter of a million acres of grazing lands, has been leased to some Amarillo and Kansas City cattlemen, according to street talk. The lease also contemplates the purchase of the entire herds of the ranch which numbers something like 3500 head of cattle. It is stated that the new managers will stock the pastures of the big ranch with cattle.—Roswell News.

No 8-Hour For Santa Fe.

Topoka, Kan., Sept. 7.—The Santa Fe railway will not comply with the provisions of the eight-hour law passed by congress until ordered to do so by the courts. President Ripley made a statement to this effect today. He also declared that the new law was nothing more or less than an advance of twenty-five per cent in wages for the employes and the Santa Fe will refuse to carry the law to effect until compelled to do so by the courts.

LIVE STOCK

Kansas City, Monday, Sept. 4.—Unsettled conditions made a slumpy cattle market after Wednesday last week. Salesmen who had no cattle after Wednesday called the market today steady to lower, while those who had cattle here Thursday and Friday called today's market strong to 15 higher, more in some cases. Receipts were 6500 head, one fourth a normal September Monday supply, and one-half as many as were expected, but a liberal supply is looked for later in the week. Stockers and feeders sold 10 to 25 higher.

Beef Cattle

Nobody risked any prime cattle for today's market although as things are now shaped the the eleven dollar quotation is effective on the right kind. Grass steers got feeder competition up to 7.50 today, and middle class grassers sold at 7.15 to 7.65. Good wintered steers experienced some slowness, and disagreement as to values promises to carry some cattle over. Sales in this class were made at 8.00 to 8.75. Southern Kansas and Oklahoma steers sold at 6.25 to 7.25, and 11 loads of Utah steers weighing 995 lbs. sold to killers at 7.00. Order buyers were unhampered today, and took a good many cattle. Cows sold up to 7.00, good Idaho cows at 6.40, medium grass cows at 5.50 to 6.00.

Stockers and Feeders.

Not many outside buyers were here, but yard traders were active and paid higher prices, taking grass steers in competition with killers up to 7.50. The range supply was very light, but good to choice yearlings would have found quick sale at 25 higher prices, plain cattle steady to strong. Best yearlings are worth up to 8.25, bulk of stock steers 6.25 to 7.00, feeders 6.75 to 7.75, with occasional demand for fleshy steers up to 8.25.

Hogs

Prices were unevenly higher, some hogs held from Saturday bringing an advance of 35 cents. Most of the sales were 15 to 25 higher, with a top of 10.80, receipts less than 4000 head. Order buyers led, paying the top price for middle weight hogs, and 10.75 for lights, but packers stopped at 10.70. The small supply, of course limited quality, as well as prevented the demand from extending itself. The situation is very strong, as stocks of product show a sensational decrease for August, and supplies of live hogs are running lighter than in recent weeks.

Sheep and Lambs

Four thousand was the supply today, and prices were 15 to 25 higher, top lambs 10.50, best

native 10.00, fat ewes 7.00. Supply from the range country will be light this fall, and markets will be uneven, the advantage generally with the seller. A fair number of Utah lambs will be offered this week, and there will be a chance at a good variety of feeding stock, feeding lambs now selling at 9.65 to 10.10, and breeding ewes a shade lower than heretofore, at \$7 to \$9.

The Town Cow

No doubt everyone who comes to town has had trouble with the loose stock eating up your feed, or tearing your flour or corn sacks. I have arranged a free feed lot, with stock water at the back of my store.

Drive your wagons in, feed and water, and avoid having your wagon plundered with loose stock that are always on our streets.

Our stock of groceries, dry goods, notions, drugs, granite and queensware are all fresh and up-to-date.

We have a large stock of cotton and wool blankets for the coming winter.

We pay the highest prices for your produce.

W. B. JONES & CO.

A few days ago a man applied to us for a loan, who has lived within fifteen miles of Kenna for over a year but has kept his deposit in an eastern town where he formerly lived. We suggested that he float his loan with his Eastern bank, but he said they declined to make the loan because he had moved out of the state. We also declined making the loan because he was a stranger to us so far as his ability and integrity was concerned.

A few days later a stranger came in the bank, introduced himself stating that he was locating near Kenna and WAS going to make this his trading point, and wanted to move his bank account from his former location to this bank, and it was plain to see that he had some business judgement and meant to make the interests of the country his interests by getting acquainted at once and enhancing the value of his own property by patronizing and helping to build up the local institutions; these are the kind of men that are going to make a success because they throw in with their adopted community soul and body, and the HOME BANK, [Not the bank back East] will back them to the very limit, and in any way that is consistent with sound banking business. Come in and give us a trial, we will treat you right if we know how.

One Auto for Each 60.

The latest automobile compilation credits New Mexico with 6,226 automobiles, or one for every 60 inhabitants. Arizona is

credited with 9,743 automobiles although it has only two-thirds as many inhabitants. This makes one auto for every 25 inhabitants.—Ratoon Range.
