### How Did Cyrus Know.

A young woman wearing what one man called an X-ray skirt walked down Fifth avenue, New York, in the sunshine part of the afternoon. Behind her walked a middle-aged man and a woman evidently his wife. The wife was looking in the shop windows. The young woman had crossed Twenty-eighth street when one of those mysterious accidents happened. The first thing other pedestrians knew of it was when the middle-aged husband sprang forward and touched the young woman on the shoulder, exclaiming: "Pardon me, Miss, but you are losing some money." The last thing one pedestrian knew of it was when the wife, with some emphasis in her voice, was heard saying: "Cyrus, where did she have that money and how did you know about it so soon?"

### Its Peculiarity.

"Pop, is it true that every trade has its own disease?"  
"So they say, my son."  
"Then do carpenters have the shingles?"

### USE ALLEN'S FOOT-EASE.

### Just So.

"We all think well of a good loser."  
"Yes; particularly if we get some of his money."

## Backache Warns You

Backache is one of Nature's warnings of kidney weakness. Kidney disease kills thousands every year. Don't neglect a bad back. If your back is lame—if it hurts to stoop or lift—if there is irregularity of the secretions—suspect your kidneys. If you suffer headaches, dizziness and are tired, nervous and worn-out, you have further proof. Use Doan's Kidney Pills, a fine remedy for bad backs and weak kidneys.

### A Texas Case

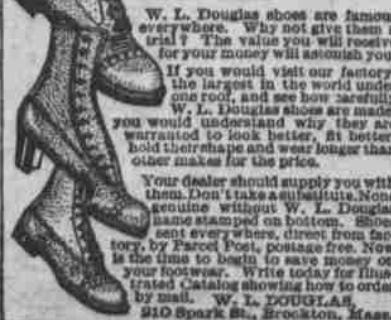

Mrs. R. F. Benson, Houston, Texas, says: "Two operations failed to relieve my kidney trouble. I had hemorrhages of the kidneys and passed pure blood. The pain and suffering in my back was terrible. I was nothing but skin and bones. When I had given up hope, Doan's Kidney Pills came to my rescue and cured me. Today I am in better health than ever before."

## SALE OF STATE LANDS

THOUSANDS OF ACRES TO BE OFFERED DECEMBER 8.

Located in Shallow Water Belt, Near Deming, at \$10 Per Acre, by the State Land Commissioner.

Western Newspaper Union News Service.

Santa Fe.—Land sales in the famous shallow water belt of Luna county, around Deming, will be held on Monday, December 8th, by the state land commissioner, according to notices sent out by the state land office. The land is situated in the Mimbres valley, ranging from township 22 to 28 south and ranges 8 to 10 west. Some of the land is close to Deming, and ranging from this city on the north clear to the lower end of the valley next to the Mexican line.

There are 16,976 acres on which a minimum price of \$10 an acre has been fixed; also one piece of 640 acres on which there is a house, well, corral, windmill and fencing, valued at \$250 in addition to the land; also 640 acres on which there is a well valued at \$200 in addition to the land; also 640 acres on which there is a windmill, well, tank and corral valued at \$225 in addition to \$10 an acre for the land; also a 35-acre tract and a 40-acre tract on which the minimum price is fixed at \$3 an acre.

This land will be sold on the following conditions: Each tract will be offered separately and sold to the highest bidder, the land commissioner reserving the right to reject any or all bids. Possession will be given on or before October 1, 1914.

### Open War for Fair Railroad Rates.

Albuquerque.—Before Judge C. Clements of the interstate commerce commission here, the New Mexico state corporation commission opened a general attack on the freight rates now in effect in New Mexico, reduction of some 30,000 rates being demanded. The complaint in brief demands for New Mexico points on westbound traffic, from the great lakes, the Mississippi and the gulf, rates at least as low as those now in effect to El Paso, Tex. On westbound traffic the rate to Colorado common points on traffic from the Pacific coast is demanded. The New Mexico rates are attacked as in contravention of the long and short haul clause of the interstate commerce law.

### Wife's Alleged Suitor Slain.

Roowell.—Charles B. Talbert, a ranch hand of this city, was killed in the barroom of a local hotel by Summers F. Marshall, a carpenter. It is understood the two men had quarreled over attentions which Marshall alleged Talbert, a single man, had shown to Mrs. Marshall. Talbert and Marshall were seen in each other's company several times during the morning. After separating the two met again in the saloon, and without a word Marshall opened fire on Talbert with a shotgun, killing him instantly. Marshall was arrested without resistance.

### No Sympathetic Strike in New Mexico.

Santa Fe.—There seems no likelihood of a strike in the coal mines of New Mexico, according to State Mine Inspector R. H. Beddow. There has been some talk of it, he admitted, but little support had been received for the idea, and he does not believe it will be called.

### Auditing Board Named.

Santa Fe.—A board consisting of Col. E. C. Abbott, Capt. N. L. King and Capt. James L. Seligman, has been named by Adjutant General Harry T. Herring to audit the books of the late Adjutant General A. S. Brookes, preparatory to turning them over to the new appointee.

### Soldiers Pursue Navajo Indians.

Shiprock.—Major McLaughlin of the Indian Service, Superintendent Shelton of the Navajo agency here, and the Indian police force, left here to meet General Scott and the Twelfth cavalry from Fort Robinson, Neb., sent here to arrest the Navajo medicine men and renegades near Beautiful Mountain. The Indians have been fortified there for ten days, refusing to surrender seven of their number wanted on federal court warrants charging bigamy, larceny and assault. Doubt was expressed here as to whether the Indians are still on Beautiful mountain, and it will be no surprise to local officials if the Indians have withdrawn across the San Juan or Colorado river to the Henry mountains or fled to their kinsmen, the Plutes, in San Juan county, Utah.

### Named as Disbursing Officer.

Santa Fe.—Captain James Seligman has been appointed disbursing officer of the United States government for the New Mexico National Guard, by Adjutant General Harry T. Herring.

### To Make Cloth Waterproof.

Take eight ounces of sugar of Lead, eight ounces of powdered alum and two and one-half gallons of lukewarm water. Mix in a tub and let stand for twenty-four hours. Stir thoroughly when first mixed and occasionally for the first hour, to dissolve the ingredients. Take any garment of woolen or cotton material, brush thoroughly and let soak in this mixture for twenty-four hours. Take out, let drip until almost dry, hang in the air until dry, then press as usual. Water will not penetrate garments thus treated, and the fabric is not injured by this treatment in the slightest degree.

Avoid Dangerous Nostrums. Take Dean's Mentholated Cough Drops. They have real value—5c at all good Drug Stores.
