

**WITH THE CHURCHES**

This column is open for the church notes. Please have all copy in not later than noon on Thursday.

**THE CHURCH WITH A WELCOME**  
Methodist Episcopal Church  
L. M. Rymph, Asst. Pastor.

Have you a church home? Every attempt is being made to make this a family church. Last Sunday forty-five children attended the morning service. Our goal for the children is seventy-five. Adults encourage the children in church attendance by attending the church service regularly yourself.

"The greatest need of the average man or woman is not a profounder grasp or greater appreciation of individual verses and texts, but a comprehensive grasp of the Book as a whole, a bird's-eye view of the historical sweep and meaning of the canon as a whole." The Sunday School of this church offers just such an opportunity for systematic study of the Bible and of Christian history by means of its graded courses of study.

**THE SMILE THAT WON'T COME OFF**

Is the smile that has its foundation beneath the surface, deep down in the heart.

No heart can be truly happy that is not right both with God and one's fellowmen.

Bringing people into a right relationship with God and their fellows is the constant task of the churches.

We crave an opportunity to help you solve your problems.

**CHRISTIAN LADIES' AID MEETS WITH MRS. MONROE**

The Ladies' Circle of the Christian church held one of the most enthusiastic meetings that have been held for some time, on Thursday.

The meeting was held at the home of Mrs. D. D. Monroe on Madison street with Mrs. J. B. Proctor assisting the hostess.

The afternoon was delightfully spent in discussing church problems and outlining work for the circle.

After the business session was over light refreshments were served. About 45 ladies were present.

The Ladies' Circle is composed of women who are real live wires, and have done a great amount of work which has been a great assistance to the building committee of the new church.

John V. Conway, state superintendent of public instruction, was in Clayton this week, attending the institute, which closes today.

**TEACHERS RECEIVE STATE OFFICIALS—GOOD MEETING**

The Union County Teachers' Association, which has been meeting the past two weeks in the High School building, today closed a most successful session. Eighty-six were in attendance. All of them showed a splendid spirit of interest and earnestness in their work, and made the best of every opportunity for learning. The state examinations were given yesterday and today.

One of the most interesting features of the Institute was the assembly period every morning at 11 o'clock. The programs were instructive and entertaining, consisting of a brief address and several musical numbers. Monday, Mrs. M. C. Johnson rendered two piano selections and also played the accompaniment for Isabel Herzstein, who gave two pieces on the violin. Tuesday, Rev. Rymph, supply pastor of the First Methodist Church, addressed the teachers on their responsibilities in the school room.

M. W. Smith, one of the teachers in attendance at the Institute, sang two songs. Mr. Smith, before coming here, directed a quartet in public entertainments for four years. On Wednesday, A. L. Tarlton, the County Agricultural Agent, delivered one of his inspiring addresses in his usual interesting style, and Mrs. Hurley, the County Demonstration agent, told the teachers of a number of things they could do to add to the happiness and comfort of those with whom they are associated.

She strongly advocated hot lunches at school. Thursday, Mr. Larkin, one of the most popular school men in the state, was here from Las Vegas and addressed the teachers on the new plan of teaching English. He was followed by Dr. Mumey, of Greenville, who made an eloquent appeal to the teaching profession. The Lewis Quartet sang two numbers, which were greatly appreciated by everyone.

Two state officials visited the Institute the past week. State Superintendent John V. Conway spent Monday with the teachers. In an address Monday morning he made a strong plea for more earnestness in school work. "Give me teachers who love the work and will go out into our rural communities to accomplish genuine, worth-while results," he said. "Perhaps conditions will not be ideal, but my heart goes out to the teacher who is willing to put up with adverse circumstances until she can bring about a fine spirit of co-operation and a greater interest in the education of the community. We want teachers with plenty of pep, who will go out and do things and not just drag along. I believe that Union county has a good, live bunch of teachers, and I know that, under the leadership of your competent and enterprising superintendent, Miss Myers, you are going to accomplish real work in this part of the state."

Supt. Conway held another conference with the teachers in the afternoon, and explained the proposed constitutional amendments to be voted on next September.

Dr. Waller, the State Health Officer, spoke to the teachers Tuesday morning on the importance of maintaining a Health Department in Union County. He showed that the people were compensated to the extent of a hundred times the amount they paid for keeping the Health Department.

At the business meeting held on Thursday morning, C. C. Sitze was elected president of the Union County Association for the coming year. Mrs. Jean Wrenn Conkin was elected secretary, and Miss Zoe Bonnett was elected treasurer.

The resolutions expressed appreciation to the Board of Education for the use of the High School building, and thanks were given to the Chamber of Commerce for its reception to the teachers on Tuesday night. Condolence was extended to J. F. Lunsford, Secretary of the Chamber of Commerce, in his bereavement caused by the death of his father. The resolutions put the Association against the proposed amendment whereby the tax levy for maintaining schools would be changed. This question is to be voted on in the fall, and the teachers have organized to fight against its passage.

**TOM BUSHNELL, SEVERELY INJURED**

Tom Bushnell, while attending to his duties inspecting the dipping of cattle, south of Rosebud, received an injury that was very serious and his escape from death was almost a miracle.

While pushing a bar across the chute to stop the cattle, a bull plunged against the bar, before he got it fastened on the opposite side, striking it with such force that one end swung around, hitting Mr. Bushnell under the chin. The lick he received was so great that it lifted him entirely off his feet, knocking

him unconscious. His teeth were jarred loose, and his face badly bruised. He was brought home and is getting along nicely, but it will be some time before he will be able to resume his work.

**TEXLINE WILL VOTE ON ISSUE OF BONDS**

We get the information from J. H. Bender, former Supt. of the light and water department here, that Texline is going to vote on a bond issue for the purpose of installing a municipal light and water plant. Mr. Bender will have charge of the electrical installation if the bonds are voted.

**POSTOFFICE INSPECTOR HOOD HERE**

Oscar M. Hood, postoffice inspector for this district, from Trinidad, is in Clayton this week. He is here viewing the town in regard to the city carrier service which was asked for thru the Chamber of Commerce. Mr. Hood is a very affable fellow and we believe that if there is any chance for us to have a city delivery service, he will recommend it.

**BATTALION OF REGULARS CAMPED HERE LAST NIGHT**

A battalion of the Ninth U. S. Infantry arrived here last night, and pitched camp in the Fair Grounds. The Battalion came here from Amarillo today. It consists of 274 men, including officers, and are on their way from Camp Travis, San Antonio, Texas, to Fort Logan.

The convoy, consisting of thirty-seven trucks, is under the command of Captain J. M. Anderson.

This convoy left San Antonio on May 29. They had expected to arrive at Fort Logan by early next week, but on account of storms in Colorado it is uncertain when they will get there.

The Ninth Infantry from which these men were picked was a part of the Second Division, which served two years in France. The Ninth was decorated by the French government with the Croix de Guerre and Company G, (the outfit which was here last night) was singled out and decorated with the same honor.

Company G has several men who have won the distinguished service cross and there is one man who not only received that honor but was also decorated with the Croix de Guerre with the double palm, and the Medaille Militaire of France.

**DR. H. R. MILLS NOW ON A CHAUTAUQUA TOUR**

Dr. H. R. Mills, pastor of the First M. E. church, is now fully occupied in his lecture work on the Redpath-Horner Chautauqua platform. Mr. Mills has a very extensive program laid out for him this summer, which will occupy fifteen weeks, and take him over the greater portion of Iowa, Minnesota, North Dakota, and Missouri. Dr. Mills is one of those impressive lecturers who has the ability to carry his audience with him from the beginning to the end of his lecture, and has been making a hit on the circuit for the past three seasons. Clayton can be proud of the ability of Dr. Mills, and the town can rest assured that he will boost Clayton and New Mexico wherever he goes.

During his absence his pulpit will be filled by Rev. L. Merle Rymph, of Harper, Kansas. Mr. Rymph is

a young man, full of zeal, and the Methodist pulpit will be ably filled during Dr. Mills' absence.

**CLAYTON HAS HAD ITS FULL SHARE OF RAIN**

While other parts of the country have been suffering from floods, the citizens of Clayton can realize that it is truly a privilege to be a resident of the metropolis of Union county. But even though removed from the liability of floods, Clayton has not been dry. According to statistics furnished by Dr. Charlton weather observer, for Union county, the rainfall here has been, so far in June, almost double that of May. According to the figures given us the rainfall for June has been 3.57 inches, while the rainfall for May was 1.95 inches.
