Las Vegas, N. M. May 13, Rates of one and one-half fare for the round trip with return limit September 1, have been ganted by the railroads of New Mexico to summer school students of the New Mexico Normal University. Going tickets may be purchased at any point in New Mexico and at El Paso, Texas, May 31, June 1, 2, and 3. School work begins June 5.

This the most liberal concession the roads have ever given the Normal students, who are permitted, if they desire, to remain here for the continuation school, which will follow the close of the summer school in late July, or to enjoy a vacation in the mountains. It is believed many teachers who have families will avail themselves of the opportunity to bring their wives and children for three months' stay in a climate that is particularly enjoyable during the summer months.

The tickets will be sold on the certificate plan, the purchaser paying full fare on the going trip and receiving a certificate permitting him to buy his return passage at one-half fare, providing 150 tickets are sold. As the Normal University annually has a summer school attendance of over 1,000, there is no doubt but that many more than the required number of tickets will be sold.

The rates have been authorized so far by the Santa Fe the El Paso and Southwestern, and the Southwestern, and the Southern Pacific railroads. The Denver and Rio Grande Western and the New Mexico Central are preparing to announce a similar rate in a few days.

SOUTH EAST COLFAX CO. S. CONVENTION

The Southeast Colfax County Sunday School Convention held its Fifth Sunday meeting at the Mofax Church on April 30. The meeting was opened by song service after which Rev. Trinit of Newoon gave an instructive address.

At the noon hour a fine dinner was served and to which all did ample justice. The afternoon session opened at 1:30. The first part of the evening program being an interesting address by Mrs. E. O. Hildreth; then an address by D. R. Carpenter after which Rev. Owen gave an excellent talk. Mrs. Banks spoke on "Organized Class Work," then a song by the Juvers of the Mofax Sunday School.

The reports from the different Sunday Schools showed that all were doing excellent work and having a fine daily attendance. The banner was awarded to the Mofax Sunday School for making the highest score during the past few months.

The next convention of the Association will be held at the Newton School House on the 5th Sunday in July and everyone is invited to attend.

In some manner the above item was lost in the mail and has not reached the office altho it was mailed May 6th, but in as much as it is yet good news we are publishing it.—Editor.

Brown's Minstrels will journey to Wagon Mound on Saturday June 4th and give our sister town to the west a real treat, by putting on the minstrel-show at that place on the evening; on the following day the Roy ball team will cross bats with Wagon Mound and the Roy boys expect to return Sunday evening with Wagon Mound's scalp hanging to their belts.

Karl Guthmann, foreman at the S. A. office and his father W. H. Guthmann, went to Dawson last Saturday afternoon on business returning Monday morning in the mud. Karl tells us that the Dawson boys did not get home from the Roy game until 2:30 Monday morning. He says a terrible hailstorm visited the Springer and Chico country and that the roads were almost impassable for miles at a stretch.

Get up early Saturday morning, crank up the Ford or hitch up Dobbin and bring the whole family to Roy and let them see Gentry Brothers big show which will be here all day. The parade will be in the morning so come early and make plans to stay all day. Your only chance to see a large show on the mesa this year.

BRADLEY

A fine rain came Sunday and everyone is rejoicing over it. It will enable all to get their crops in now.

Sunday School was not so well attended Sunday. It seems rather hard to get used to Sunday School in the morning but we will all get used to it and be there on time soon.

Mrs. Aspren has been under the weather the past few days.

Chas. Woods has moved on the same place he rented last year. The old Burkvist place.

Mrs. C. Driskel and Mrs. Beem were in the county seat Saturday.

Mr. and Mrs. Lysle Hazen visited Authur Hazen and family Sunday.

We are so sorry to hear of Mrs. May Morford's illness. She will have to submit to an operation soon. We are all hoping for her early recovery and return.

Miss Keller of Mosquero spent a few days with Miss Blanch Hall. Miss Blanch is a fine entertainer so we know Miss Keller will enjoy her visit.

Tell Bradley was in Roy Wednesday.

Grandma Hazen our assistant Sunday School Superintendent has not been so well the past while but she gets to Sunday School just the same.

Mrs. Harry Kingsberry visited at the parental home Wednesday.

Mr. and Mrs. Chas Sanger went to church at Mosquero Friday evening.

Quite a few have been attending church at Mosquero this week.

Mrs. Ralph Hazen has got her some fine turkeys and has gone into the chicken and turkey business just now.

Mr. Hall is ready to erect a windmill over the fine well he now has. He is going to build a fine house and farm with his Fordson this summer. So we see he means business.

Miss Clovis Moore spent Sunday with Mrs. Bertha Cory.

Kunte Aspren and C. C. Moore were in the county seat Saturday.

Oscar Aspren is very busy building in the county seat since he is a first class carpenter, and will get all the work he can do. He expects to move his family to Mosquero in the near future.

Don't forget Sunday School and Church Sunday 21st. All come.

Mr. Dewese was in the Bradley community on business last week.

Hillery Hill bought a fine cow and calf and a few other head of stock in this community last week.

The terrific wind storm we had for two or three days moved quite a few out houses and blew a lot of garden stuff out we hope this will be our last for a while anyway.

Mrs. Peter Hall returned to Trinidad with her daughter and husband who have been visiting at the parental home. We are glad to see Mrs. Hall take a vacation we know it will do her good.

Mr. and Mrs. Jay Bradley took a trip to Clayton Friday and returned Sunday evening.

Lysle and Ralph Hazen and Grover Ames are among our ambitious farmers who are planting corn.

All the children are rejoicing for the end of school and anxiously waiting to see their promotion cards.

Quite a number from Roy were in Mosquero Tuesday attending the opening of the bids of the Solano, Mosquero and Kephart school buildings.

Gentry Brothers Famous Show and Wild Animal Arena, which will be seen here on Saturday May 20, have many new features principal among which is Miss Annette Delano, who, gracefully mounted on a blooded high school horse, sings with the voice of the operatic star, while the intelligent animal which she rides, rounds the hippodrome track under the big arena tent performing its splendid repertoire of unusual accomplishments. Miss Delano is known as "The Australian Prima Donna Equestrienne" and she more than lives up to her title. The climax of her performance is reached when four score of white carrier pigeons, released from all sides of the great tent, circle above her head and then flutter down to perch on her head, shoulders and arms and on her reins and horse's neck and back.

"THE ARRIVAL OF KITTY"

BREAKFAST AND ITS RELATION TO HEALTH

(By Helen Barr.)

What are good habits? They are: the eating of the right kind of food; the eating of the right amount of food; the eating of this food at the right time and in the proper manner.

At what age should good habits be started? The nursing baby should be taught the first good habit of eating regularly and at stated times. Other good food habits should be started as soon as the child begins to eat solid food. Children may be taught to like almost any food, but it is very hard for adult to learn to like new foods. It is a waste of time and energy to try to break bad habits when good habits might have been started in their places.

How can you teach a child to like any food? Be patient but persistent—persuade rather than force. Do not give up—to give up or to give in may spoil the child's health. Do not get something in place of what the child refuses to eat. Introduce new foods gradually. Serve only a small amount of each new food at a time (1/2 teaspoonful) serve it frequently until he acquires a liking for it. Make the food as attractive as possible, and prepare in a variety of ways. Serve cereal in an attractive dish. Put cooked dried fruit in the cereal. Conceal spinach in scrambled egg. Add vegetable pulp to white sauce and pour over toast. It may take two years to teach a child to like vegetables, but two years spent educating a child to eat the right foods are better spent than from 2 to 20 years or more of misery with only half working ability.

Give The Children Plenty Of Milk And Watch Them Grow.

What everyday proof have we that milk has good growing material for boys and girls? It is the only food the majority of children get for the first nine months of their lives, yet they live on it, they grow on it, they do their work of playing, kicking, and crying on it.

What does milk supply? It supplies building material for the bones, teeth and muscles, it keeps the heart beating regularly, it strengthens the nerves and every other part of the body. It has a growing force which makes weak bodies grow into strong ones.

Would other food do as well? No other food could be used in its place. No other one food contains as many of the various growing materials needed by children. No other one food supplies enough building material for bones and teeth. Good bones and teeth need lime for building. Children need a variety of growing materials, and they must all be supplied if every child is to be a strong, healthy man or woman.
