## PUBLIC PAYS THE PRICE OF APATHY

The steel kings are cautious, businesslike, and deeply interested in psycho-analysis. They always study the mental reaction of the people. The price of steel depends largely on fuel conditions, but the steel men know that despite the coal strike the present is not a propitious moment to ask for more money. Eventually, of course, the coal strike will result in an advance in steel prices. That is a foregone conclusion. But a tilt in prices now would react unfavorably, and so the great captains of the industry grit their teeth and await "der tag." Those whose business it is to watch industrial movements predict that July will see the end of the coal conflict. By that time the miners are likely to have reached the breaking point of endurance, and it is then the public may expect to read in those newspapers whose publishers are the constant and willing victims of the industrial press agents, the accepted propaganda preparing the public mind for a raid on the pocket book. Both coal and steel will advance in price unless the unforeseen takes place, and there is likely to be a race for the first bid, with the chances in favor of the steel men. Certainly someone must pay the cost of stoppage of production, and of course the victim will be the good old patient public. If the people only realized how much their pocket books are stripped because they fail to interest themselves in anything that does not strike immediately into the home, we might see a revival of community activity and a unification of public opinion that would result in more harmonious conditions. Every day the coal strike—quite ignored by the public—is placing a heavier mortgage on the individual citizen, who still passes her days of life serenely and unmindful of the fact that he is continuously caught between the nether millstones. "The Lord helps those who help themselves, and consequently good care is taken of the coal and steel barons.

## HOME PHILOSOPHY FOR 1922

Don't it seem fine to get into your boat, lie face up in the sunlight and drift down the stream of life without a care in the world? You pass hundreds of rocks, the eddies switch the boat from side to side and get you by safely, maybe with here and there a little scratch but not enough to set you worrying. An' tsen you get it. Bump, an' over the falls you go. Boy, what a smash! If you have any thinkin' apparatus left you see where you tried to beat the game an' it didn't work out. Old Cap Nature says you've got to take hold of the oars an' row up stream if you want to land safely. Sometime's you've got to row mighty hard to make headway but you might as well tackle the job, because there's no room for argument. Every river ends on the rocks or in the mudbanks and that's where the fellow lands who drifts down the stream.

## Harding County Abstract. Co.

INCORPORATED AND BONDED  
 Mosquero, New Mexico.

Miss Della Harwick of Wyoming is visiting at the Tower home east of Roy.

Ray Busay and Sam Gallegos were at Wagonmound the latter part of last week.

Mrs. Ed Ferris underwent a serious operation at the Plumlee hospital Friday. At present she is reported as doing nicely.

Mr. Gibson, of the Wagonmound Telephone company, visited at the Gilstrap home in Roy the latter part of last week.

W. H. Willcox and wife were over from their Optimo ranch this week. They report everything looking fine in their vicinity.

Rev. and Mrs. Burnett of Mosquero, are spending the week at the Marion Connor home and attending the revival services at this place.

If you want that loan, you had better see Schultz & Johnson at once and make application as an inspector will be here within a very few days.

Frank Curns, prominent attorney of Wagonmound, was in Roy Sunday and watched his home town base-ball team give the Roy boys a good sound thrashing.

Joe Gilstrap and family spent several days this week visiting relatives in Roy. Mrs. Gilstrap is a daughter of Mrs. J. B. Lusk who has been seriously ill at the Plumlee hospital.

Mrs. Avis Stultz and babe are home near Mosquero this week. Mrs. Stultz and the Wilson family spent Sunday evening at the Johnson home in Roy and attended Revival services Sunday evening.

D. Elliott of Blackfoot, Idaho, is the new operator at the Western Union office, filling the vacancy caused by the resignation of C. H. Williams, who has entered business at Ordway, Colorado. Mr. Elliott is a "wireless bug" of old standing having had several sets of his own during the past several months.

Quite a number from Solano, Mills and Mosquero attended the revival services in Roy last Sunday evening and listened to Rev. Pope deliver that great sermon "Morphine Tablets of Hell." The Baptist church was crowded to standing room long before the services began and there were many others seated in autos on the outside before the open windows. The crowd began to arrive at the church before seven o'clock and by half past seven the church was filled to overflowing and admittance was denied to all others after that hour. The sermon mention of which is made elsewhere in this paper, was one of the strongest and the most ably delivered in Roy. Hundreds of Rev. Pope's listeners took his hand after the sermon and they stated that they believed every word that the minister had spoken and they intended to be benefitted by the sermon.

The Dorman boys, living north of town, were arrested last week for carrying concealed weapons and having a gun in his possession. The boys have not been naturalized and did not know it was wrong or against the law for a foreigner or unnaturalized person to have a firearm in their possession. Judge Foster, after hearing the evidence, advised the boys regarding the law in this respect and then let them off with a light fine.

Dainty announcements have been received in Roy telling of the arrival of a little son at the home of Mr and Mrs Chester Scott at their home in San Jon, N. M. The little fellow arrived on the 23rd, and altho this was Friday, yet we know he has a great future before him just like his father and mother. Every one concerned is doing nicely, we hear that Chester has already begun teaching the banking business to his first born. Chester was Assistant Cashier of the First National Bank at this place for several years, later becoming Cashier of the bank at Willard, and it at present Cashier at San Jon. We congratulate Mr and Mrs Scott on their first born and trust that he may become one of the great financiers of the west.

## LITTLE GIRL BREAKS ARM.

Little Agnes Patrick, the 7 year old daughter of Mr. and Mrs. A. Patrick, fell from a horse last Sunday afternoon, and alighted on her arm, breaking one of the bones just below the elbow and also dislocating the elbow and otherwise splintering the bone of the forearm, she was brought to the Self Sanitarium and a temporary adjustment was made of the broken limb and she was taken to the Dawson hospital on Monday where an X-ray picture was taken of the broken member. The little girl suffered severely from the accident, but the doctor reports that she is doing nicely, and altho the fracture is a bad one, it will soon begin to heal and there will in all probability be no bad effects develop from the injury. However she will be laid up for several months.
